Our Campus Master Plan

Little more than three years ago STE developed a strategic plan as a guide for its future. As a result, STE church and school leadership created a campus master plan with both short- and long-term goals. The short-term goals for academic space include a new three-story Middle and Upper School building, a reconfigured Lower School (currently the Upper School building), and state-of-the-art STEM and robotics classrooms. STE is working with Merriman Holt Powell Architects on a three-phase architectural process aimed at making these campus enhancements a reality.

Personalized Campus Tours

Offered most weekdays when school is in session.

or call **713.666.3111**.

Guidance and Assessment

Standardized Testing

- Each spring 1st – 8th grade students take the ERB CTP 5. This exam measures student yearly progress with regard to quantitative and qualitative skills and specific concepts therein (including grade level specific mathematics, problem solving, grammar, reading, and writing).
- All 9th, 10th, and 11th grade students take the PSAT (Preliminary SAT) in October. The PSAT measures students’ skills in writing, critical reading, and mathematics.
- Qualification for the National Merit Scholarship program is based upon 11th grade PSAT scores.
- All 10th graders take the Pre-ACT in the fall of their 10th grade year. The test measures reading comprehension, English grammar and usage, mathematics, and science.
- The SAT and ACT tests are required for college admissions purposes. Our students usually take these tests for the first time during the spring of their junior year.
- Advanced Placement (AP) tests are administered in early May, according to the rigorous AP format. The goal of these tests is to assist students in earning college level credits for accelerated work performed at STE.

College Counseling

We are uniquely positioned to offer 1-on-1 college counseling from a full-time counselor. Our program helps students and their families navigate the complexities of college admissions and select a college that matches the student’s academic background and interests.

College Night

In September, 9th, 10th, and 11th graders and their parents can attend College Night. These informational sessions provide families with a grade-specific overview of the college search process.

College Representative Visits

Each fall, colleges and universities send admissions representatives to STE to visit students. It is an excellent opportunity to ask questions and explore college options.

Family Meetings

Starting in the freshman year and continuing through high school, families meet one-on-one with the college counselor. Students receive individualized academic advising, standardized test counseling, and college planning according to their academic background and interests.

Visits are announced on our college bulletin boards and are posted on our student information system, Veracross.

Admissions Process

We encourage applicants to complete the following steps in the order listed.

Step 1 Submit the admissions application	Visit stes.org and click on the Admissions tab to fill out an online application. The priority deadline for submitting applications is January 15.
Step 2 Register for a placement test	<p>If applying to Kindergarten, 1st, 2nd, 3rd, or 4th, go to catstexas.com to register for testing by December 1.</p> <p>If applying to 5th grade or higher, go to iseetest.org to register for testing by December 1. Applicants may test at any school administering the ISEE, but scores must be sent to STE using our school code: 443433.</p>
Step 3 Submit transcripts	The transcript release form should be submitted to your child’s current school in early December so that their first semester grades are included in the official records the school sends STE.
Step 4 Provide teacher recommendations	<p>If applying to Kindergarten, 1st, 2nd, 3rd, 4th, or 5th, only one teacher recommendation is required.</p> <p>If applying to 6th grade or higher, two teacher recommendations (one from a Math teacher and one from an English teacher) are required. The two teacher recommendation forms should be given to your child’s current Math and English teachers in early December.</p>
Step 5 Attend family interview	<p>Shortly after submission of your child’s completed admissions file, you will be able to schedule a family interview on campus. The applicant and one or both parents should attend the interview. For Kindergarten applicants, an observation will be conducted at the family interview.</p> <p>The deadline to complete application files, including receipt of test results, transcripts, teacher recommendations, and the family interview, is February 1.</p>

Decision letters will be sent in mid-March to each candidate who has completed their file by the priority deadline. For files completed after the published deadlines, the Admissions Committee will render decisions as it is able, provided that available space remains in the desired grade of entry.

If applying for need-based financial aid, fill out a confidential application online at **factsmgt.com** by March 1. Should you have questions, contact the STE Business Office at **713.666.3111**.

Lower School Curriculum

Kindergarten

Phonetically oriented reading instruction, mathematics, spelling, and manuscript, as well as instruction in Christian doctrine through a study of the Chapel service and Bible stories, form the core of the kindergarten curriculum. Students also receive instruction in art, dance, and physical education, and make regular visits to our school library.

Grades 1-3

Our 1st through 3rd grade curriculum has a twofold purpose: to provide a solid foundation in the skills of reading, spelling, writing, mathematics, and grammar, and to help each student toward the acquisition of a Christian worldview through systematic worship and a study of Christian doctrine. The program is so thoroughly integrated that each area of study reinforces the others.

Grades 1-3 Curriculum	Spelling/Phonics	History	Library
	Reading/Vocabulary	Cursive Writing	Music
	Grammar	Sacred Studies	Choir (Grade 3)
	Mathematics	Art	Physical Education
	Science	Dance	Recess

Grades 4-5

In the 4th and 5th grades, we continue to build on the basic foundation that has been laid, while preparing students for the accelerated liberal arts curriculum in Middle and Upper Schools. In preparation for this, we teach students that with greater independence and opportunities comes greater responsibilities. For instance, in 4th and 5th grade, students learn to manage materials and instruction from three different academic core teachers and transition between classrooms.

Also starting in 4th grade, students with excellent academic achievement and conduct for each marking period are recognized in Chapel and included on the Dean's List or Honor Roll.

By 5th grade, students develop their organizational skills by employing note-taking techniques and outlines for study and recall.

Grades 4-5 Curriculum	Reading/Vocabulary	Mathematics	Geography	Sacred Studies
	Grammar	Science	Spelling	Oral Presentation
	Composition	History	Latin	Music
	Dance	Art	Recess	Physical Education
Electives	Choir	Private Music Instruction	Pipe Band	

Middle School Curriculum

Saint Thomas' Episcopal Middle School curriculum prepares students for the challenges of high school and beyond. Beginning in sixth grade, Saint Thomas' exposes students to the classical education model by introducing Latin, science, English, history, and mathematics as the core curriculum. Students also gain the opportunity to select elective courses from a variety of choices that best fit their personal interests,

including foreign languages, physical education, robotics, computer programming, and fine arts. Sixth grade students start their academic experience in the Middle School attending an academic skills course during one of their elective periods to introduce them to the Middle School environment and to give them tools to manage the academic rigor of our Middle School model.

** Our English program develops students who can write with understanding and grace, who can read and understand what they have read, and who have begun to understand the lessons of life to be learned through acquaintance with the great characters of literature. Our goal is understanding, which cannot be rushed or quickly produced. To that end, we have divided our program into four parts: the studies of grammar, vocabulary, writing, and literature.*

“STE has been more than a school for our children. It has been an extended family, community, and partner in assisting us in raising our children.”

Upper School Curriculum

Saint Thomas' Episcopal School offers Upper School students a challenging liberal arts curriculum that embraces a detailed treatment of mathematics, languages, history, science, and religion. We offer 21 Advanced Placement (AP) courses beginning in the sophomore year; students with the most rigorous course schedules could take between six and 10 AP

courses during their Upper School career. Our selection of AP courses is one of the largest among private schools in the Houston area.

Upon graduation, our students have a firm foundation on which to build future success in college and in life.
