I. INSTRUCTION TO VENDORS

A. Scope

The Wayne County Regional Educational Service Agency (WRESA), on behalf of Wayne County Local Educational Agencies and Public School Academies, is requesting proposals from qualified vendors to provide a Substitute and Temporary Staffing Management solution, incorporating an automated substitute placement system with substitute employee contracting in accordance with specifications.

The solution offered must be specifically designed for use in an educational setting and allow the staff to report absences. The solution offered must provide automated placement by qualified Vendor-provided substitutes when employee absences require a substitute. The solution offered must provide access by employees to the system by both telephone and internet.

The preferred Automated Substitute Placement System (ASPS) to be used is Frontline, which several of the districts are currently utilizing. If an alternative tracking and placement system is offered, the proposed solution must include both Internet and toll-free telephone access for substitutes and staff of the districts to report absences. If a single company does not have the capability to address all of the criteria identified in the specifications, it is acceptable for companies to partner to address the needs specified.

B. Introduction

Wayne RESA invites authorized vendors to provide proposals for an optional-use contract to be considered by educational agencies to provide Substitute and Temporary Staffing Services for the purpose of providing competitive pricing and quality service for local educational agencies and public school academies within Wayne County as specified in Appendix A. WRESA is seeking a two (2) year contract that may be automatically renewed annually by mutual agreement of both parties.

The consortium envisions a partnership that is based on several fundamental ideas.

- Contracting Agency will have sufficient staffing to provide all client districts a high substitute teacher fill rate.
- Contracting Agency will recruit and provide highly qualified, certified staff.

- Contracting Agency will provide quality and timely Customer Service to the District Administrative staff by quickly returning calls/emails when contacted and maintaining organized paperwork and files.
- Contracting Agency will provide electronic files for Registry of Educational Personnel (REP), Attendance data, invoicing and other data files.
- A staff person would be able to log his/her absence in the ASPS via a web interface or through a phone system. The staff person will have the option of identifying a preferred substitute when reporting the absence.
- The ASPS should assign and notify the requested substitute, if available, otherwise notifies potential substitutes of the available position.
- When the position is filled, the ASPS provides the substitute's identity and assignment location to the employing district/school.
- The Contracting agency's ASPS, in electronic format, will provide the district with a staff absence record and the corresponding substitute assignment.
- The Contracting Agency's ASPS, in electronic format, will provide a detailed upload of transactions for the district's general ledger posting.
- The Contracting Agency provides an electronic process for WRESA/districts to authorize substitutes after the criminal background check process has been completed (electronic "red light/green light" process).
- The Contracting Agency's ASPS will provide for a substitute to identify the districts in which they choose to work.
- The Contracting Agency's ASPS will provide for districts to indicate whether or not a substitute may be assigned to their particular district/schools.
- The Contracting Agency's ASPS will function with no hardware, software or phone line requirement at districts.
- The Contracting Agency will provide training for contract staff, including but not limited to, legal issues and classroom management.
- The Contracting Agency's ASPS will prohibit additional substitute assignments once an assignment has been accepted.

Rates of substitute pay will be considered at a district level.

If there are specific breakpoints in pricing based on the number of employees on the system, Contracting Agency will provide that information.

Contracting Agency is expected to offer staffing services to all local school districts and public school academies in Wayne County. The primary staffing service usage will be for substitute teachers; however, there is an interest in a wide variety of other staffing services that may include such positions as paraprofessional staff, clerical staff, maintenance staff coaches, lunch monitors, technicians, and administrators. Districts may have employees who report absences to the automated system, but will not require a substitute. Some districts may be interested in subcontracting for longer term specialized assignments, such as coaching and other positions,

and districts would welcome information regarding Contracting Agency's interest and ability to provide that service.

The selected Contracting Agency will be required to sign a Confidentiality Agreement to protect the data supplied by the region's schools and agencies. The selected Contracting Agency will adhere to all provisions of the Federal Family Educational Rights and Privacy Act (FERPA, 20 U.S.C. 123g), Michigan Education Code, and District policies regarding the protection and confidentiality of data. At all times, the Contracting Agency will consider all data collected in the course of their duties to be protected and confidential.

The Contracting Agency shall identify a company representative who shall be a responsible, single point of contact for responding to questions about this proposal and servicing this contract. Contact information should include name, title, phone number and email address.

INVOICING AND PAYMENT

Contracting Agency will invoice the participating local educational agencies and public school academies individually. The information should be provided in electronic format and should be able to be manipulated, formatted etc.

The local educational agencies and public school academies will pay the Contracting Agency directly.

ADMINISTRATIVE SERVICE FEE

Contracting Agency shall collect an administrative service fee for the cost of substitute and/or contracted staff provided to the Wayne county consortium districts using the temporary staffing service under this contract. Contracting Agency shall remit the administrative service fee to WRESA within 30 days after the end of each quarter. The administrative service fee for this contract will be .0025% of all dollars spent through this contract on all substitute and/or contracted staff utilized by consortium districts, through the use of this contract.

Note: Administrative fee is the percentage (.0025) of Contractor Agency revenue to be redistributed to Wayne RESA for costs associated with the service.
