

PARENTING IN A DIGITAL WORLD:

Youth, Technology, Social Media, Drugs, & Mental Health

"Kids have the knowledge to use the technology, but sometimes lack the wisdom to use it. Adults have the wisdom to use the technology, but sometimes lack the knowledge to use it. My goal is to connect knowledge with wisdom."
~ Ryan Klingensmith

Parents and caregivers are invited to join us as we team up with Licensed Professional Counselor and Nationally Certified Counselor Ryan Klingensmith, who is the founder of Shape the Sky, an organization dedicated to Creating Responsible Kids on Smartphones.

Through parent, professional, and youth trainings, combined with online resources, Shape the Sky provides the community with the tools needed to raise digitally responsible citizens.

The goal of this training session is to help adults educate and provide guidance for youth, with the goal of creating a digitally responsible culture among today's digital youth.
