Dear Students and Families,

The safety and security of every student is one of our highest priorities at Beaverton High School. We work to create a climate that is welcoming and supportive, while at the same time safe and secure. The activities and events throughout the year, ranging from the day-to-day academics to our extra-curricular athletics and activities, are an important part of our atmosphere and we encourage all students to participate.

Because we truly strive to create the safest environment possible, we have several precautionary steps that we take at our dances. At Homecoming, Sadie Hawkins and Prom we already have the following in place:

- We check the identification of every student and guest upon entrance,
- We check through purses and backpacks,
- We don't allow opened containers of liquid into the dance, and
- We require all guests to complete a guest pass prior being able to attend.

We have one more safety measure to our dance procedures. To encourage good decision making on the part of all our students and guests, we will ask each student to quickly breathe into a breathalyzer before entering the dance. Students who do not pass the initial breathalyzer test will meet with our School Community Resource Officer for further review.

We want everyone who attends a BHS dance to have an enjoyable time. In addition, we want all students so be safe on their way to, while in attendance at, and on their way home from the dances. We believe that the breathalyzer test will further support our demand of excellence from our school community and will increase our overall safety.

Thank you for all that you do to support us in this goal. Please feel free to contact me if you have any questions or concerns.

Sincerely,

Anne Erwin, Principal
Beaverton High School

Beaverton High School Vision: We believe **all** students will graduate prepared for, confident in, and excited about the futures they choose.
District Goal: WE empower all students to achieve post-high school success.
