

Welcome to D3 My Way!

Dear Parents and Students:

Welcome to D3 My Way! Widefield School District #3 created our online program to provide students with an alternative to the traditional learning environment. Over the years, students have benefitted from the flexibility and personalized instruction offered through D3 My Way.

The rigorous Odysseyware curriculum has proven to be very challenging, yet beneficial for our learners. Our blended learning model that allows students to be independent learners in the virtual world while receiving face-to-face instruction and support from highly qualified teachers at our “Connection Days.” Connection Days are an opportunity for students to build positive relationships with teachers, receive individualized support, and to actively engage in their learning by participating in workshops. D3 My Way teachers provide students with timely and descriptive feedback to help them improve their academic performance so they can be successful in the program.

As with any educational institution, we want our students to leave D3 My Way with the academic and social skills they need to thrive in our society. We also want our students to exit the program with the ability to work through any challenges they might face later on in life. Please take the time to read the expectations outlined in our handbook. We want all of our students to understand what it takes to be successful at D3 My Way. Best of luck!

Sincerely,

Shane Skalla
D3 My Way Principal
