

Attention Davis School District Employees:

Approximately 50% of the U.S. population (80% of those over the age of 45) requires corrective vision. Vision insurance is a vehicle to help fund the cost of these expenses. Opticare of Utah is happy to announce a partnership with Davis School District offers a VOLUNTARY Vision plan for you and your family members. Keep in mind, the employee must enroll in order to enroll any dependents on this benefit, however, if you have a family with multiple dependents but only one dependent needs the vision benefit, the employee will only have to elect coverage for themselves and the dependent (i.e. 2-party coverage rather than family coverage) in order to have this vision benefit.

Opticare of Utah is Utah's largest and fastest growing managed-vision care provider. With your **120B** plan you will receive a benefit every plan year; there are low co-pays and no waiting periods or deductibles to meet. Please note, vision exams are not covered under this plan, but are covered under the district's healthcare plans.

Opticare of Utah has over 150 contracted eye care facilities in Utah and over 20,000 Nationwide. You have TWO networks to utilize the best way that fits your individual needs:

1. **In Network:** If you visit any of our participating providers you will receive your benefit at the time of service. Some of our contracted providers are: Standard Optical, Visionworks, Shopko, America's Best, as well as many independent optometrists. Please refer to our website www.opticareofutah.com for a complete provider listing.
2. **Out of Network:** This includes any provider not listed in our directory. You can go anywhere you want and still have access to great benefits; you will just need to pay up front and submit to us for reimbursement.

The following pages include; A summary of benefits including rates; Provider Search page with instructions on how to locate a provider; Instruction on how to register on line to print id cards and have access to your information online via smart phone. Please feel free to call Opticare of Utah 801-869-2020 or 800-363-0950 for any additional questions.

Eye care is a critical part of overall health care; an eye exam is more than just a means to prescription eyewear. Regular comprehensive eye exams can give early detection to many eye and systemic diseases such as: diabetes, multiple sclerosis, and high blood pressure, among others, which can help lower overall healthcare costs.

We look forward to keeping a good eye on you and your families.
