To Whom It May Concern:

I hope you are having a good school year. As you are probably aware, the Resurrection Sisters are transferring their sponsorship of Resurrection College Prep High School to the Christian Brothers of the Midwest. We hope to have the process completed before the end of the year.

We Sisters have been committed to the education of young women for 98 years; but at this time, we do not have enough Sisters in our Chicago Province to support the sponsorship of Resurrection College Prep High School, nor any other ministries. So, over the past few years we have been finding new sponsors or sponsorship models to ensure the sustainability of our health care and educational ministries.

We are very pleased that the Christian Brothers are not only willing to continue Resurrection as an all-girls school, but that they are extremely excited to have an all-girls school among their over 1,000 schools worldwide.

You may have heard rumors that Resurrection is merging with Saint Patrick High School, or that we will be testing boys in December. I want to assure you that these rumors are false. The Christian Brothers have assured us, our students and our parents that they plan to keep Resurrection College Prep as an all-girls school. Both Resurrection and Saint Patrick are Lasallian Schools but they will have their own boards, their own leadership teams and operate as single gender schools.

If you have any questions or would like further information, please feel free to call me at: 773-775-6616 ext. 139.

Thank you and I wish you God's blessings on the rest of your school year.

Sincerely in Christ,

  
Sister Donna Marie Wolowicki, C.R.  
President
