Dear Parent,

On the second page of your child's registration form, you indicated that you would be interested in receiving information about health insurance. Please find the attached letter in English and Spanish that provides the requested information.

This letter has instructions of how to access Medi-Cal and Covered California by phone or email. Covered California offers free, local, in-person enrollment help, online chat, and telephone assistance in thirteen languages as well as for the hearing-impaired. If you call or email there will be someone to help you understand what is available to you and your family and help you through the process of registration.

Thank you for your inquiry to get more information about health care coverage in California. As you are aware, a child's health is critical to their academic success. In addition, research has shown that children with health coverage are less likely to be absent from school due to illness and are more prepared to attend school ready-to-learn.

If you have any questions related to the above information, please contact the district nurse by phone at (310) 725-5400 or by email eruss@wiseburn.org

Sincerely,

Ellen Russ, RN
