- Present additional information - 2019-2020 Digital Citizenship Plan
- Review School Improvement Plan – steps to achieving goals
- Chrome Book Repairs

Counselor News – Kevin Karician:

Open Discussion:

Community Council and where to find information:

The School LAND Trust program brings tens of millions of dollars annually to academic programs in public schools across Utah. The funds are generated from school trust lands. These funds are the only discretionary funds many schools receive. Each public school in Utah elects a school community council consisting of parents, teachers, and the principal. All councils have a two parent member majority. Each council carefully reviews student assessments and progress to decide which academic areas they want to focus on. Plans are developed to improve student academic performance in the identified academic areas with the annual School LAND Trust funds. The plans are approved by the council, submitted, and

approved by the local school board or chartering entity. To find out more information about Community Council go to <http://www.schoolandtrust.org/parents-and-councils>.
