## DSD Custodial

### Learning First.

#### JUGGERNAUT WAX STRIPPER

Juggernaut Wax Stripper is our new stripper that will be replacing Time Saver. It will be stocked in the warehouse. It comes in one gallon (SKU# 04085000) and five gallons (SKU# 04008810). Contact your coordinator if you need more information.

#### CUSTODIAL SERVICES LOANER EQUIPMENT.

If you have borrowed equipment from Custodial Services and it breaks while at your facility DO NOT call in a work order. Call Custodial Services or your coordinator. Custodial Services will call in a work order for the equipment and make arraignments to get a new piece out to you as soon as we can.

#### IPM JOB SHEETS

It is imperative that you call in a job sheet for all pest related concerns. Be very detailed about the location of the problem so that your coordinators can easily find the trouble area and take care of it when they visit your facility.

#### WINTER EQUIPMENT

During the next few weeks, be sure to start up all of your school's winter equipment including but not limited to: snow blowers, ATVs/RTVs, etc. Allow the equipment to run a minimum of 5 minutes. If any repairs are needed call in a work order as soon as possible to 801-402-5600.

#### PRESSURE WASHERS

Pressure washers need to be run every 2 weeks for at least 5 minutes. This is to ensure that seals do not dry out. Also, it is very important that pressure washers are stored in a heated location so that they do not freeze.

#### FACILITY ASSESSMENTS

We will be starting the 2019-2020 facility assessments this month. Your coordinators will be checking for labels on your chemicals. If you need labels, the order form can be found on the custodial website under Custodial Resources. You can fax the form into Custodial Services at 801-402-7881 or email them to [dscustodial@dsdmail.net](mailto:dscustodial@dsdmail.net).

#### PROGRAM NUMBERS

Program numbers for ordering through requisitions are the same numbers they were before, no matter who your coordinator is. If you have any questions about that, please contact your coordinator.

**Equipment**-9696

**Supplies**-2836 or 2837

**Building Checks**- 2819 or 2817

#### ICE MELT AND SHOVELS

It is the time of year once again to make sure that you have adequate Ice Melt and snow shovels. Doing so will help ensure the safety of our students and staff.
