Dear Member:

This notice is provided to all of our plan members, as it contains valuable information on the “Medicare Part D” prescription drug program. Please read this document carefully, as it will provide you with information regarding Medicare health care coverage, which may impact your situation.

If neither you, your spouse, nor dependent(s) are eligible for Medicare this information will not pertain to you at this time.

Since you are covered under our employer prescription drug plan which is as good as what Medicare plan offers, you may choose to delay your enrollment in the Medicare prescription drug program until a later date without penalty. By delaying your enrollment into the Medicare Part D prescription drug program you will save premium costs you would normally incur for participating in that program. You will have the opportunity to enroll in the Medicare Part D prescription drug program at a later date if you lose coverage under our plan or during the annual Medicare Part D open enrollment period between October 15th and December 7th of each year, should the need arise.

Everyone’s situation is different and you may wish to consult with your financial advisor or a Medicare specialist before choosing to delay enrollment in the Medicare Part D program.

Please keep these documents for future reference.

Important Notice from School District of Janesville About Your Prescription Drug Coverage and Medicare (Creditable Coverage)

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with School District of Janesville and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. School District of Janesville has determined that the prescription drug coverage offered by the School District of Janesville Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current School District of Janesville coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current School District of Janesville coverage, be aware that you and your dependents will be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with School District of Janesville and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
