

Vision and Hearing Screening
EDISON

Parent Notification:

As mandated by Illinois State law, annual vision and hearing screening will be conducted at EDISON on December 9, 2019.

The following grade levels/students will be tested:

<u>Vision</u>	<u>Hearing</u>
Kindergarten	Kindergarten
	1st Grade
2nd Grade	2nd Grade
	3rd Grade

All Special Education Students, Transfer Students, and Teachers Referrals.

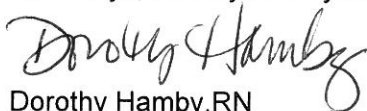

Vision screening is not a substitute for a complete eye exam by an eye doctor. Your student is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an exam has been administered within the previous 12 months and that evaluation is on file at the school. If a vision exam report is not on file at School Name, your student in the mandated group will be tested.

Any student that does not pass the initial vision and/or hearing screening is automatically rescreened 2 weeks later. If the student does not pass the rescreen, parents/guardians will be notified by mail.

GLASSES - Please have your son/daughter bring their glasses to school on testing day.

For any questions, please feel free to give us a call at 630-834-4272.

As always, thank you for your help!

Dorothy Hamby, RN
Edison Elementary
