## School Description

The Environmental & Adventure School (EAS) was founded in 1999. EAS students achieve academic, personal and social goals in a challenging educational program. Much of the curriculum is integrated around an environmental focus. This focus encourages purposeful learning. It provides connections to the community and opportunities to develop as leaders, stewards and responsible citizens.

EAS students apply skills and concepts from all subjects to investigating local watershed and global issues. They conduct extensive research and experience hands-on learning through community stewardship projects. EAS students develop confidence and skills to work effectively as leaders, mentors and team members through a wide variety of outdoor activities and projects.
