## THE SCHOOL DISTRICT OF HAVERFORD TOWNSHIP STRATEGIC PLANNING COMMUNITY FORUMS

The School District of Haverford Township is about to embark on a strategic planning process that will help chart the district's course for the next 3 - 5 years. Through the strategic planning process we will carefully review the district's mission and vision with a focus upon what we know about how students learn and what those learning experiences can and should include. Goals, objectives and an action plan for achieving the vision will be developed.

### WE WANT TO HEAR FROM YOU!

Help us:

- ✓ Identify goals and strategies that will help us to fulfill our mission
- ✓ Define ways resources can be best directed?
- ✓ Determine how to best maximize our capacity for student and adult learning?
- ✓ Review key issues
