

# Classroom Observation Tool

## Peer Observation

Upload to Portfolio

**DIRECTIONS:** According to your ILP and reflecting on your current teaching practice, identify an area you would like to grow in and/or learn more about by observing another teacher. If you have trouble finding a teacher whose practice is exemplary in your area of growth, please contact the Induction staff, Mentor or Site Administrator to assist you.

<b>Please respond to the following questions to prepare for your peer observation.</b>
What area would you like to grow in and/or learn more about?
Who is the teacher that is exemplary in this area?
What do you hope to learn/see/gather data on when observing this teacher?

**DIRECTIONS:** During your peer observation, take notes on what you notice this teacher is doing in regards to your area of growth. What strategies are infused? How do they impact student participation and achievement?

Date:	Start:	End:
<b>Observation Notes: (use back of form for additional notes- scan both sides and upload)</b>		

Post-Observation Key Insights:

How will I apply what I learned from this teacher into my teaching practice?
How will that impact student learning?
