

THE WEBB SCHOOL

The Webb School has a 150-year history of providing challenging academics with an emphasis on personal integrity in a small family-like setting. It is a place where young adults are not just expected to learn—they are encouraged to lead. The Webb School emphasizes independent thinking, creative initiative, personal integrity, and civic responsibility. The end result is stronger, more confident thinkers, makers, and doers prepared for college and ready to take on any challenge.

CREATING VOICES THAT MATTER

Who We Are

THE WEBB SCHOOL

founded in 1870 by noted educator Sawney Webb, is the oldest continuously operating boarding and day school in the South.

WHAT MAKES WEBB *different?*

Honor and Character

Our emphasis on honor and personal integrity is central to every aspect of school life at Webb. The Honor Code, dating back to the School's founding, features a pledge signed by every student each year. Elected representatives from the Middle and Upper School serve on the student-led Honor Council.

Emerging Voices Program

Our focus on writing across the curriculum and public speaking is realized in the Emerging Voices Program. Through performing declamations and orations, and presenting original work and senior papers, students throughout the grades gain valuable experience in writing, research, and public presentation.

Global Education

A focus on global education throughout the curriculum gives Webb students knowledge of many cultures and prepares them to live and work in a globally connected world. The diversity of students at Webb, including international students from around the world, promotes increased awareness and understanding of how we are all connected and the challenges we face across regions and nationalities.

Outdoor Program

Webb's Wilderness Instruction and Leadership Development (WILD) program offers significant training in outdoor skills and promotes leadership and confidence. On-campus, students navigate a ropes course and practice a variety of outdoor activities. Off-campus trips feature rock climbing, caving, backpacking, kayaking, and rafting.

Personalized Education

You will know every student and teacher at Webb, and they will know you. Our small class sizes and flexible curriculum allow for an education that meets each student's needs and goals. Advisors, teachers, coaches, and dorm parents monitor each student's progress and provide the encouragement and support that fosters success.

What We Believe

The Webb School faculty has endorsed the following enduring understandings. These beliefs are the foundation of our curriculum and all that we stand for.

<p>INTEGRITY is a cornerstone of a flourishing life and community.</p>	<p>SELF-DISCIPLINE and autonomy are essential to success.</p>
<p>LEARNING is an enjoyable and ongoing process.</p>	<p>Each person has unique gifts and capacities and a RESPONSIBILITY to develop them.</p>
<p>RESPECT for self and others is essential to a harmonious society.</p>	<p>Each person shares the responsibility and honor of SERVING OTHERS</p>

College Counseling

One of the many advantages of attending Webb is the personalized attention students will experience when working with College Counseling. Webb offers two full-time college counselors, with over 30 years of combined experience, to guide students and their family through the college search, application, and decision processes. Students are placed in the driver's seat with the parents and college counselors playing the roles of navigator and guidance.

Here are just some of the college accepts for the Class of 2019

Alabama	Emory	Purdue
Auburn	Furman	Rollins
Belmont	George Washington	Rutgers

How We Support Our Students

At Webb, our students don't fall through the cracks. The partnership between the teacher, the parents, and the student is an essential one. There are a multitude of safety nets in place to guarantee our students' success.

Advisor System

Every student has a faculty advisor who serves as a personal advocate and mentor. The advisor and the student have a scheduled weekly meeting; additionally, middle schoolers eat with their advisors at lunch. The advisor plays a key role in the student's experience at Webb and also serves as the liaison between parents and the school.

Daily Extra Help

From 3:05-3:50 pm each day, teachers are available in their classrooms to meet with students for extra help. This time is built into our students' schedules, and they quickly learn to take advantage of it.

Study Center

The Study Center provides all ninth graders and new 7th-12th graders with study skills instruction, as well as a closely monitored study space to complete homework. The goals of the Study Center are to support the learning and educational development of every Webb student through collaborative effort and research-based teaching and learning, and to help all students acquire strong learning and advocacy skills for college and beyond.

6th Grade Focus

6th graders participate in a Focus class four days a week; in which they utilize tools in a variety of disciplines including technology, writing skills, reading comprehension, library skills, and organizational study skills. Students also extract, contemplate, and discuss the Honor Code through applications as they read four novels in the classroom.

LIFT Program

The LIFT (Learn, Inspire, Focus and Teach) Program for students with diagnosed learning differences provides a dedicated class with a trained faculty member and coordination with teachers for appropriate accommodations.

Test Prep

Webb monitors standardized test preparation for all sophomores, juniors, and seniors as they prepare to take the PSAT, SAT, and/or ACT through the use of the Method Test Prep Khan Academy. All students receive a free Method Test Prep account. This online suite of SAT and ACT preparation materials provides 25 hours of self-paced instruction in each test.

Our Campus

The Webb School's 150-acre campus is situated in Bell Buckle, Tennessee, a small town known for its rolling hills, beautiful farmland, and quaint Southern charm. Bell Buckle offers a unique setting that conveys a sense of security and safety, allowing students to feel comfortable being themselves. Our students have numerous opportunities to develop an appreciation for the outdoors and explore nature in all of its four-season splendor. A short drive from campus lies Nashville, one of the South's iconic cities, home to famous recording artists, writers, world-renowned chefs, and rich cultural heritage.

The Webb School campus is a one-of-a-kind gem that warrants a firsthand experience. We hope to welcome you soon.
