

Passion Groups

Odyssey Elementary is excited to offer a new opportunity of “Passion Groups.” Our hope is to improve student skills, enjoy talents and have fun! No need to register, passion groups are open to everyone.

Running Club meets every “Last Recess”. Students run the Odyssey Track and receive a punch on their card for every lap. Each card is 8 miles. The student will have his/her picture on the Wall in the lunchroom after filling one card, and will receive a ribbon attached for every consecutive card completed.

Reading Group meets in the Library every Wednesday during lunch. Students can read on their own or listen as teachers share favorite books. (Outdoor time is important so students will just spend part of their recess time in the library.)

Tech Group chooses to take home a challenge activity once a month (distributed from the STEM coach). It is an activity to use creativity to solve a problem. Projects are returned to STEM class and displayed.

Storytelling Club will meet every Tuesday morning in the AmeriCorps Room at 8:10 AM. This club will start on October 29th. We will hear and tell stories. Students will practice good story telling techniques and compete to go to our District Storytelling Festival (February 2020).

Friendship Club will meet every Thursday morning in the AmeriCorps Room at 8:10 AM. This club will start November 7th. This group will learn essential skills to make and keep friends. We will have fun practicing these skills while playing games, talking in groups and using our skills with our classmates.
