

## **We Educate Every Student for Success**

**We** We will develop and promote highly qualified staff who will work as teams with families and community.

**Educate** We will provide advanced skills in reading, writing, and math along with access to a broad and deep curriculum in the arts, humanities, trades, and sciences.

**Every** We will support individual needs, goals, interests, skills, and abilities.

**Student** We will nurture students as well-rounded persons, attending to their hopes and dreams, their concerns and fears. We will teach the work habits, study skills, and attitudes needed for lifelong learning.

**Success** We will use multiple measures of outcomes of significance to set goals, implement plans for improvement, and monitor progress.

*And:* We will manage resources in an open, accountable manner to assure sustainable value and a safe, secure, nurturing environment.
