

Community Council Meeting Agenda

Thursday, October 22, 2015

1 SNAP PLAN REVIEW

The SNAP plan from last year was reviewed. The Council agreed that no new changes needed to be made for this school year. There is concern about the West parking lot. Cars continue to drive through at seemingly high speeds and the Council is worried that students walking to PE are in danger. We will get a sign to put out in hopes that it will alert drivers to slow down.

2 TRUST LANDS EXPENDITURES TO DATE

Expenditures to date were reviewed. These include:

\$234.99 Salaries

\$17.98 Benefits

\$6686.39 Math books, 10 calculators, 5 Apple TV's, 5 projectors, and a tuba.

We are ready now to place the order for the Surface mobile lab.
