

Food and Drink Policy  
Mary Kintz Bebevino Library  
Fall 2018

The Mary Kintz Bebevino Library is designated as a welcoming and comfortable space for the Misericordia Community. The consumption of food and drink are permitted in the library except in restricted areas. Library users are asked to follow these guidelines:

- All trash must be disposed of properly in wastebaskets and recycling bins that are available on each floor of the library.
- Food waste must be disposed of **outside** the library. This will help keep insects, rodents, and other unwanted pests out of the library.
- Spills must be cleaned up promptly. Please report any major spills to the library staff.
- Covered drinks are encouraged, especially when using library owned technology (iPads, laptops, etc.).

Food and beverage restricted areas in the library include:

- Mary Carmel McGarigle Archives and Special Collections (no food or drink permitted)
- Second Floor Computer Lab (no food; covered drinks permitted)
