

SUNSCREEN POLICY AND PERMISSION FORM

You can send in sunscreen for your child but please read this form, sign the permission slip at the bottom and bring sunscreen the first day your child attends summer camp. No sunscreen will be applied to your child without the permission slip.

- We will help young children apply sunscreen in the afternoon but parents must apply it at home in the morning. If we are outside for an extended period in the morning it will be reapplied, but not before the first trip outdoors.
- Your child's sunscreen will be labeled and kept at CARE.
- Please send in spray sunscreen. We have a lot of children to help and spray bottles are much easier!
- Each sibling in a different classroom needs his/her own sunscreen. Children will not be permitted to go to each other's rooms to get sunscreen.

Complete this permission slip and return the form with a bottle of sunscreen

By signing this form you agree that your child can have sunscreen applied by a CARE staff member.

Child's Name

Parent Signature

Date

Printed Name

If your child has had any allergic reactions and/or you are concerned about him/her using other kinds of sunscreen other than the one you bring us, please explain below:
