

Don't forget to VOTE on or before Nov. 5

An important question is on the Nov. 5 ballot, only a few days away.

Bond funding would:

- provide space for district-wide growing enrollment
- improve school safety and security
- address deferred maintenance needs
- update classrooms for more flexible learning spaces

VOTE
Go Bears!

WHY DOES IT MATTER?

If the bond does not pass, projected enrollment growth would lead to overcrowded schools, higher class sizes, and insufficient space for educational and community programs. Critical safety, security and maintenance needs would not be addressed. The current split-campus high school experience would continue. Learning spaces would not receive updates to support student-centered instruction.
