

Microsoft offers incredible supports for ELL in their online resources. Typically, you'll find those supports under the **REVIEW** or **VIEW** tabs for O365 Word, Poweppoint, OneNote, and Outlook.

TODAY'S FOCUS: [Immersive Reader](#) with Translation features for ELL. This example highlights Word Online.

FYI: Immersive Reader is appearing in LOTS of [partnerships with great tools](#) like Wakelet, Buncee, Nearpod, Canvas, Merge, Thinglink, Wonderopolis, and more....

5 ins·tan·do a los ma·e

Click on a word. IF Boardmaker has an image associated with that word, students will get that VISUAL.

Note also, we get that VERBAL connection by listening to the word in the selected languages. In this case, English and Spanish.
