

Taking, Storing and Using Images of Children Policy

1. This Policy

- This Policy is intended to provide information to pupils and their parents, carers or guardians (referred to in this policy as "parents") about how images of pupils are normally used by Aldwickbury School ("the School"). It also covers the School's approach to the use of cameras and filming equipment at School events and on School premises by parents and pupils themselves, and the media.
- It applies in addition to the School's terms and conditions, and any other information the School may provide about a particular use of pupil images, such as signage about the use of CCTV and more general information about use of pupils' personal data as outlined in the School's Privacy Notice. Images of pupils in a safeguarding context are dealt with under the School's relevant safeguarding policies.

2. General Points

- Certain uses of images are necessary for the ordinary running of the School; other uses are in the legitimate interests of the School and its community and unlikely to cause any negative impact on children. The School is entitled lawfully to process such images and take decisions about how to use them, subject to any reasonable objections raised.
- Parents who accept a place for their child at the School are invited to indicate agreement to the School using images of him as set out in this policy, via the form attached to the School's terms and conditions and from time to time if a particular use of the pupil's image is requested. However, parents should be aware of the fact that certain uses of their child's images may be necessary or unavoidable (for example if they are included incidentally in CCTV or a photograph).
- We hope parents will feel able to support the School in using pupil images to celebrate the achievements of pupils, sporting and academic; to promote the work of the School; and for important administrative purposes such as identification and security.
- Any parent who wishes to limit the use of images of a pupil for whom they are responsible should talk to the School's Data Protection Lead (dataprotection@aldwickbury.org.uk). The School will respect the wishes of parents/carers wherever reasonably possible, and in accordance with this policy.

3. Use of Pupil Images in School Publications

- Unless the relevant pupil or his or her parent has requested otherwise, the School will use images of its pupils to keep the School community updated on the activities of the School, and for marketing and promotional purposes, including:

- on internal displays (including clips of moving images) and on digital and conventional notice boards within the School premises;
 - in communications with the School community (parents, pupils, staff, Governors and alumni) including by email and post;
 - being shared with parents on an ad hoc basis (e.g. photos of a School trip might be shared with parents of all boys who joined the trip via Flickr or other cloud based sharing service);
 - on the School's website and, where appropriate, via the School's social media channels, e.g. Twitter, Instagram and Facebook. Such images would not normally be accompanied by the pupil's full name without permission; and
 - in the School's prospectus, and in online, press and other external advertisements for the School. Such external advertising would not normally include pupil's names, and in some circumstances the School will seek the parent or pupil's specific consent, depending on the nature of the image or the use.
- The source of these images will predominantly be the School's staff (who are subject to policies and rules in how and when to take such images), or a professional photographer used for marketing and promotional purposes, or occasionally pupils. The School will only use images of pupils in suitable dress and the images will be stored securely and centrally.
 - Where Aldwickbury boys attend an event at another school, the teacher in charge of the event should ensure that if photos will be taken of boys by the other school, separate permission has been obtained from parents as part of the trip permission process.
 - The School is a member of IAPS (the Independent Association of Prep Schools) and, as such, many boys will have the opportunity to compete in sport and other events arranged by IAPS. At these events, IAPS photographers may take photos of boys for publication on the IAPS website, official social media accounts or in-house publications. IAPS may also engage a professional photographer to take photos at sports events, which are uploaded to a secure password-protected website to allow parents of participating pupils to purchase images.

4. Use of Pupil Images for Identification and Security

- Pupils are photographed at certain times for the purposes of internal identification. These photographs identify the pupil by name, year group and form/tutor group.
- CCTV is in use on School premises, and will sometimes capture images of pupils. Images captured on the School's CCTV system are used in accordance with the School's Privacy Notice and CCTV Policy.

5. Use of Pupil Images in the Media

- Where practicably possible, the School will always notify parents in advance when the media is expected to attend an event or School activity in which School pupils are participating, and will make every reasonable effort to ensure that any pupil whose parent or carer has refused permission for images of that pupil, or themselves, to be made in these circumstances are not photographed or filmed by the media, nor such images provided for media purposes.
- The media often asks for the names of the relevant pupils to go alongside the images, and these will be provided where parents have been informed about the media's visit and have consented as appropriate.

6. Security of Pupil Images

- Professional photographers and the media are accompanied at all times by a member of staff when on School premises. The School uses only reputable professional photographers and makes every effort to ensure that any images of pupils are held by them securely, responsibly and in accordance with the School's instructions.
- The School takes appropriate technical and organisational security measures to ensure that images of pupils held by the School are kept securely on School systems, and protected from loss or misuse. The School will take reasonable steps to ensure that members of staff only have access to images of pupils held by the School where it is necessary for them to do so.
- All staff are given guidance on the School's Policy on Taking, Storing and Using Images of Pupils, and on the importance of ensuring that images of pupils are made and used responsibly, only for School purposes, and in accordance with School policies and the law.

7. Use of Cameras and Filming Equipment (including mobile phones) by Parents

- Parents, guardians or close family members (hereafter, parents) are welcome to take photographs of (and where appropriate, film) their own children taking part in School events, subject to the following guidelines, which the School expects all parents to follow:
 - The School may ask parents not to take photos at certain events where it considers that photographing boys would not be appropriate (e.g. swimming galas).
 - When an event is held indoors, such as a play or a concert, parents should be mindful of the need to use their cameras and filming devices with consideration and courtesy for cast members or performers on stage and the comfort of others. Flash photography can disturb others in the audience, or even cause distress for those with medical conditions; the School therefore asks that it is not used at indoor events.
 - Parents are asked not to take photographs of other pupils, except incidentally as part of a group shot, without the prior agreement of that pupil's parents. Parents are reminded that such images are for personal use only.
 - Parents are reminded that copyright issues may prevent the School from permitting the filming or recording of some plays and concerts. The School will always print a reminder in the programme of events where issues of copyright apply or inform you before the event starts.
 - Parents may not film or take photographs in dormitories, changing rooms or backstage during School productions, nor in any other circumstances in which photography or filming may embarrass or upset pupils.
- The School reserves the right to refuse or withdraw permission to film or take photographs (at a specific event or more generally), from any parent who does not follow these guidelines, or is otherwise reasonably felt to be taking inappropriate images.
- The School sometimes records plays and concerts professionally (or engages a professional photographer or film company to do so), in which case CD, DVD or digital copies may be made available to parents for purchase. Parents of pupils taking part in such plays and concerts will be consulted if it is intended to make such recordings available more widely.

8. Use of Cameras and Filming Equipment by Pupils

- All pupils are encouraged to look after each other, and to report any concerns about the misuse of technology, or any worrying issues to a member of the pastoral staff.
- The use of cameras or filming equipment (e.g. School iPads) is not allowed in toilets, washing or changing areas, nor should photography or filming equipment be used by pupils in a manner that may offend or cause upset.
- The misuse of images, cameras or filming equipment in a way that breaches this Policy, or the School's Safeguarding Policy or the School Rules is always taken seriously, and may be the subject of disciplinary procedures or dealt with under the relevant safeguarding policy as appropriate.
