Reflect. Create Art. Be Recognized.

The arts—and the National PTA® Reflections program—support student success and serve as a valuable tool for engaging families and building strong partnerships in the school community. Founded in 1969, Reflections engages over 300,000 students and their families in arts education activities each year by encouraging students to explore the arts for fun and recognition.

A student may submit an entry in any of six arts areas. Only original works of art are accepted and may be submitted free of charge to the GHE office not later than 3p 11/18. Email Linda for details.

- Pre-Kindergarten through grade 12 students are encouraged to submit original works of art in one or more of the following categories:

Dance Choreography	Music Composition	Film Production
Literature	Photography	Visual Arts

Students who identify as having a disability may enter in the Special Artist Division or grade division most closely aligned to their functional abilities. Check with your state PTA for program guidelines.
