

FIND YOUR JOY

RESERVE

RESERVE YOUR SEAT

Ever imagine a school where you'd have the courage to push your boundaries while finding balance?

Face challenges head-on while experiencing joy in the triumph?

This is not a by-the-book education. This is an inspiring, tough-but-rewarding, building-your-own-skateboard, stay-up-all-night-studying, friends-with-your-teachers, eating-avocado-toast, so-much-more-than-high-school experience. It's not just in class. It's not just during lunch. It's 24/7. Why spend another year, day, minute doing something typical when you can do something transformative? It's about your future, but it's also about your present. How do you want to spend it?

THE JOY IN FINDING YOUR NEXT HOME

Just waaaaay bigger. With a lot more to do.

From the moment you step into your dorm on move-in day, Reserve is a place where you're never at a loss for something to do. It's a place where roommates become best friends. A place where you'll have late-night study sessions cramming more than pizza and jokes. It's where your ideas about the world will be formed and challenged. Where your friends don't go home for dinner. It's a place that's filled with fresh perspective and laughter—not curfews and rules. And all to the soundtrack of your playlist. Because you're not moving away from family, you're moving in with them.

PAD THAI TO PB&J

We're family and families eat together. Our meals are sit-down and made for catch-up on weekend plans, box scores, good books or what you're binge-watching. And, sometimes your advisors even join you for a meal. Our chefs are all about variety and know your favorite meals (and any allergies). Whatever you're hungry for, we've got you covered with locally sourced and globally inspired menus at seven unique food stations. Just bring your appetite.

➤ LET'S BE HONEST ➤

We're all a little more comfortable taking on a new adventure with people that are a little (or a lot) like us. Friends who share our quirks, interests and drive. So, go ahead, fill it out and find 'em.

At Reserve, you are the focus.

That's why we're the first in the region to trade in AP courses for 20+ College Level (CL) courses designed to prepare you for college and an ever-evolving world. Our independent curriculum is richer, more dynamic and forward thinking to bring creativity and critical thinking into the classroom. Our schedule is anything but typical—with fewer classes for deeper exploration and dialogue. From Pathobiology of Human Disease to The Aesthetics and Ethics of Encounter, to building your own Chatbot—these experiences are designed to be a doorway to discovery and purpose.

As you can see, it's paying off.

THIS IS A PLACE TO DREAM & DO.

& WE TEND TO DO A LOT.

* We serve those in need.

COMMUNITY SERVICE

Lux et Veritas (Light and Truth) is not just our guiding principle, it's woven into the fabric of our curriculum. We strive to better understand and know the world around us through service, outreach and global engagement. We make an impact through our community helping Habitat for Humanity, Greater Cleveland Food Bank, Cuyahoga Valley National Park and other nonprofits.

* We study our interests.

ECHOS

With ECHOs, you get a taste of college electives. Love the outdoors? Take an ECHO where you learn about hiking at the Cuyahoga Valley National Park and how to dehydrate trail snacks. Obsessed with film and TV? Hudson to Hollywood is a popular ECHO taught by West Coast alumni—from writing, directing and production design. You name an interest, we've got a course.

* We intern on another level.

BEYOND RESERVE

Imagine telling your family and friends that you spent a summer at Progressive Field working with the Indians front office or that you attended an Apple Dev Conference in CA. Whether it's performing lab work at the Cleveland Clinic or immersing in culture abroad, these experiences are exclusive to Reserve and are truly transformational.

* We turn passions into reality.

COMPASS

The Compass course takes your passions and talents beyond the classroom walls, empowering you to create your own project from A to Z. Dream of making a difference in mental health or teaching choreography? You can make it happen.

* We don't believe in Senioritis.

MAP

Making. Asking/Articulating. Producing/Performing. MAP is a semester-long course that fulfills upper-level ISD requirements for Reserve Seniors. Demonstrate your journey from problem to solution in a meaningful project. It could be a paper, hosting an event, creating a product or engaging with community partners.

We test to destroy.

CANCER IMMUNOLOGY

Have a quest to destroy cancer cells? Become a true clinical researcher in Reserve's Cancer Immunology class by discovering cancer-fighting bacteria and oral cancer inoculations. Study real cancer cells from the Cleveland Clinic, work with software and lab equipment that rivals major institutions. Here, students move beyond theory to discovery, in an academic pursuit to eradicate cancer.

* OUT-OF-CLASS EXPERIENCES *

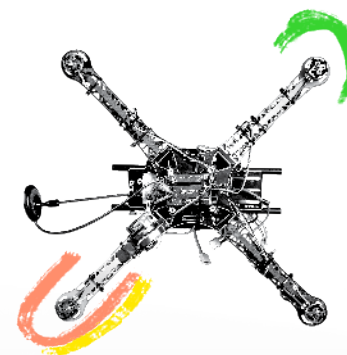

IN-CLASS

WE INVENT TO EXPLORE.

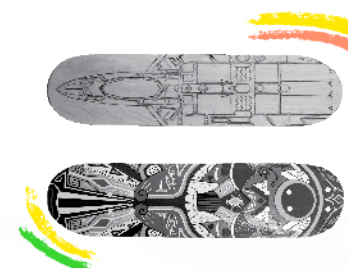

WANG INNOVATION CENTER (WIC)

What can you do with 6,000 square feet? Anything. The WIC has creative spaces to plan, prototype and build. With state-of-the-art equipment and software, it would make any architect, engineer or designer jealous. Our curriculum is designed to facilitate hands-on learning that allows you to ideate, prototype and build whatever strikes your fancy. Whether a maker at heart or a novice to tinkering.

CHALLENGING AND CIRCUITOUS

A STUDENT CONSTRUCTED A CIRCUIT BOARD, PASSING ON A READY-TO-USE MICROCONTROLLER BOARD IN FAVOR OF BUILDING IT ON THEIR OWN.

RIDING WITH CLASS AND STYLE

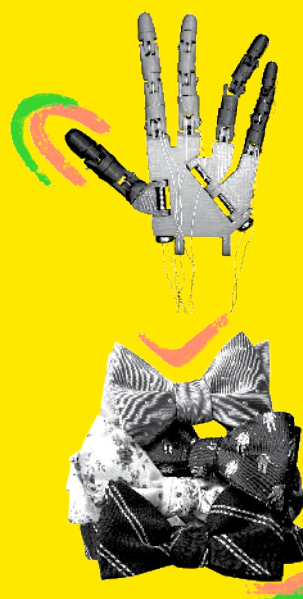

STUDENTS CREATED THEIR VERY OWN VERSIONS OF ONE OF WRA'S MOST POPULAR MODES OF TRANSPORT—LONGBOARDS.

FLEXING THOSE MUSCLES

A STUDENT BUILT A PROSTHETIC CAPABLE OF SENSING FLEXES IN THE ARM OF AN AMPUTEE AND TRANSLATING THEM INTO MOVEMENTS IN A ROBOTIC HAND.

'SEWING' THE SEEDS OF INNOVATION

STUDENTS REPURPOSED TEXTILES TO CREATE BOW TIES... AND LAUNCH A COMPANY CALLED "RESTYLED RESERVE."

LEAVE IT ALL
ON THE MATPLAY WITH
PASSION

HONOR, SWEAT AND JOY.

There's a winning tradition at Reserve.

You see it in our teams, our coaches, our competitive spirit and the crowds that turn out on game day. Inside our 45,000-square-foot Murdough Athletic Center you'll find an indoor track, swimming pool, batting cages, fitness center, wrestling and riflery rooms. Outside are eight full-size fields for football, soccer, lacrosse, field hockey, baseball and softball, next to a 10-court tennis complex and 3.1-mile cross country trail. Whether you want to get competitive, clear your head or just have a little fun—you're at the right place.

2. **Beef & Cheese Nachos**

All you need are chips, cheese and taco meat. Add jalapeños if you're feeling fiery.

3. **Mac-n-Cheese**

You can make this in less than 5 minutes. No-brainer.

4. **Butter Popcorn (Kettle for the sweet tooth)**

Perfect for a movie or a late-night study session. Just don't burn it.

5. **French Toast in a Mug**

Smear butter in a mug, cube a slice of bread, mix 1 egg, 3 tbsps of milk, a little cinnamon and a drop of vanilla in a separate cup. Pour over bread stuffed into the mug, smoosh and let it soak for 1 min. Cook for 1:30. Don't forget the maple syrup.

6. **Kale Chips**

Arrange kale (ribs removed) on a plate, drizzle olive oil, season with sea salt, cook for about 2-3 minutes until crispy. Yum.

WHAT ARE THE DORMS LIKE?

We have ten beautiful dorms on campus, which sits in the middle of Hudson. They all have different vibes, so whether you are boutique, vintage or modern, you'll find something that will make you feel right at home.

WILL I HAVE A ROOMMATE?

Yes! Roommates are determined close to the start of the new school year. You'll have a chance to get to know your future Reserve roomie and friend at Camp Wise.

WHAT IF I GET SICK?

It's almost impossible to distinguish boarders and day students because no matter what, we're still a family. Day students follow the same schedule, have the same access to programs, facilities and activities. Whether you board or commute, you'll belong.

YOU BELONG HERE IF YOU...

- ☐ ARE LOOKING FOR MORE OUT OF HIGH SCHOOL
- ☐ ARE INTERESTED IN FRIENDSHIPS WITH MORE DIVERSE PEOPLE
- ☐ ARE PRETTY INDEPENDENT OR LOOKING TO BE MORE INDEPENDENT
- ☐ HAVE PASSIONS YOU'RE PURSUING
- ☐ APPRECIATE A BEAUTIFUL CAMPUS
- ☐ LIKE TO STAY BUSY
- ☐ ARE INTERESTED IN ATHLETICS, ACADEMICS AND THE ARTS
- ☐ LIKE THE IDEA OF SEEING YOUR FRIENDS 24/7

Fresh Tips

- Get two or three close friends. It's quality not quantity!
- Don't give people chargers, pencils, erasers, homework, NOTHING! You won't get it back!
- Sleeping during class is the worst thing you can do.
- Stay focused and leave drama at the door.
- You will get homework. Lots of homework!
- Meet new people. It's low key weird but a lot of people feel the same as you.
- Don't be afraid of upper classmen. You can become family regardless of your grade!
- Help make the next four years easier and build relationships with the teachers, they live with you.
- Work hard now. It makes it easier later on!
- Live on campus! You can grow yourself and create a family that is unique to you.

Say it ain't so...

FACT MYTH

- This isn't a place you're sent away to. It's a place you choose.
- You have to be great and rich to go here.
- It's a place you go to have it easy and not be challenged.
- Reserve is not filled with curfew and rules, but fresh life and late night laughter.
- Uniforms have to be uniform. No exceptions.
- Morning Meetings in the Chapel are just for upper classmen.
- Every incoming Freshman is assigned a Senior Big Brother or Senior Big Sister.
- You have to wear graduation gowns on graduation day.

... AND THE DESTINATION

**At Reserve, we know
the power of a rigorous
world-class curriculum,
outstanding faculty and
experiential learning
opportunities.**

Yet, in learning—and in life—we believe
there's a profound multiplier effect: joy.

Finding joy in the challenge, in a life of
balance and, most importantly, in the journey.

In looking beyond test scores to outcomes,
attitude and intention, our groundbreaking
approach prepares students to live boldly,
pursue their dreams fearlessly and own
their future in an ever-changing world.

WHY BOARDING SCHOOL?

WE EMPOWER
STUDENTS
TO EMBRACE
NEWFOUND
INDEPENDENCE
IN A WAY
ORDINARY HIGH
SCHOOLS CAN'T.

Immersed in learning and in new experiences 24/7, students here discover that they can forge their own path with confidence, self-discipline and curiosity.

FREEDOM AND FAMILY

Reserve has 400 coed students, and each and every one receives the individual attention they need. We designed our classes to be small and intimate, and almost all of our faculty live on campus.

We work together, dine together and have fun together. That means we know your child and are there to offer support every step of their high school journey, while providing freedom to build their independence. Strong parental engagement is still an important part of the equation for success, so count on frequent communication and invitations to attend special campus events.

THIS IS THEIR SECOND HOME.

Founded in 1826, our historic campus has been named one of America's most beautiful. Warm and welcoming, it's a place where students instantly feel at home.

Hudson, our hometown, is just a stroll away. Century homes and oak trees line the streets, while boutiques, restaurants and coffee shops keep Main Street buzzing. It's been named one of the 100 Best Communities for young people and among the Safest Communities in Ohio.

THE PURSUIT OF A HIGHER EDUCATION.

Groundbreaking independent curriculum. Instead of teaching to the test, we take students deeper across a wider breadth of courses. We've designed an innovative approach of rigorous, creative and experiential learning. Expertly guided by our passionate faculty, students develop a mastery and understanding of a variety of subjects.

BEYOND AP TO COLLEGE- LEVEL LEARNING.

We've joined other top schools across the nation in replacing Advanced Placement classes with College-Level courses that give students next-level achievement.

A WORLD OF OPPORTUNITIES.

From internships to international travel, service to independent research, hands-on experience helps students stretch their thinking and grow.

OPEN SCHEDULE, FOCUSED MINDS, BALANCED LIVES.

Four 75-minute periods provide time for immersion, collaboration and innovation. This also creates an intentional space for homework, hobbies, friends and downtime.

WE KNOW STUDENTS BY NAME.

We're a family where teachers take a personal interest in your child's life, their learning and successes at Reserve.

MINDFULNESS OVER STRESS.

Perfectionism creates fear of failure. Balance and joy create fearlessness. In programs and attitude, we promote the celebration of success, self-understanding and time for rejuvenation to help students build resilience and strength of purpose.

The education your child receives at
Reserve is second to none. Curriculum
designed for mastery, faculty that bring
out the best and opportunities to shine
are hallmarks. And, independent living
that gives them a head start on leadership.

Our goal? To help students become the

Darby Johnson ('15) was always watching the weather. She went from chasing dreams to chasing storms when the weather station she constructed at Reserve took her passion to New York. She is now a graduate from Hobart and William Smith Colleges with a degree in Meteorology.

HUDSON TO HOLLYWOOD

Andrew Swett ('08) took on the business of show business in his role as Associate Producer of a variety of films across independent and large film studios like Warner Brothers. He also has numerous film credits including *The Lego Batman Movie*, *Arrival* and *Spider-Man: Into the Spider-Verse*.

IN HIS NATURE

Mark Tercek ('75) credits his belief in giving back to his time at Reserve. After a successful career in investment banking, he served as the CEO of The Nature Conservancy- a charitable environmental organization with over one million members. He is also the author of the bestselling book *Nature's Fortune: How Business and Society Thrive by Investing in Nature*.
