Dear Parents,

Welcome to Senior Year! We have a great range of exciting products to help commemorate Graduation 2020 for your senior. Below is a link to the Singapore American School home page at the Jostens website, which is where you should to go to order everything you need to make it a memorable year and a successful graduation experience:

https://www.jostens.com/apps/store/customer/1109739/Singapore-American-School/

Please take note of the following important points:

- Make sure to place any order for the Singapore American School custom designed announcements by no later than **Tuesday, December 31 2019.** If you miss the deadline you will still receive announcements, but they will be a semi-custom stock design featuring the school name on the front with the graduation text details on the inside - not the custom design.

- For those of you ordering Class Rings, Class Tags, or the Sarah Chloe charm bracelet/necklace, please allow 6 - 8 weeks for delivery. The Designer feature at the website provides a fun and interactive experience, including a realistic 3D visual for the ring or tag, which can be downloaded and shared.

  Also, please check out our new virtual try web page that allows your senior to virtually "try on" jewelry they are interested in by accessing the page with their smartphone. It also allows them to share on social media to get input from friends and family. Go to: **www.jostens.com/try**

- If you are interested in letterman jackets, please contact me directly for an order form and information.

- Should you have ANY questions please contact me directly either by email at jostens.kevinbrooke@gmail.com or at my Osaka office phone on **080 9744 5599**.

Best regards,
Kevin
