October/November 2019	All tenth graders meet with counselors during Wildcat Time and learn how to take advantage of services offered and make the most of the next four years!
November/December 2019	Visit your counselor to begin researching and exploring potential college and career options.
January 2020	Select course requests for junior year! Review choices with parents and counselor and think ahead to potential senior year choices as well so you can plan accordingly.
March/April 2020	Meet with your counselor to discuss specific goals, schedule appropriate courses for junior year, and develop a list of potential colleges to research further.
March, April, May	Visit your counselor frequently to ask questions and begin to develop a list of colleges to explore. Read about schools, talk to people who know these schools, talk to college representatives who visit S.H.S.
March 31 & April 1, 2020	NACAC College Fair, CT Convention Center March 31, 9am - 11:30am, 6:30pm - 8:30pm April 1st, 9am - 11:30am
April 6, 2020	National College Fair (Eastern States Exposition - West Springfield, (6:30 – 8:30 PM). Many colleges represented here too!
April Vacation	Early College Visits (4/13 - 4/17). Great opportunity to visit colleges while they are in session and you are not!
May 8, 2020	Registration deadline for June 6th SAT Administration. Sophomores interested in competitive colleges, pre-med or science related majors might consider taking the SAT Subject Test in Biology. See your counselor for details.
April, May, June	Have you reviewed your Do What You Are Personality Assessment results (taken in Life Ed class) in the Naviance/Family Connections online College/Career program recently, or done a preliminary College Search based on those results??
June 6, 2020	SAT Administration. Some sophomores might consider taking the SAT Subject Test in Biology at this time.
July, August	Visit colleges and have informal interviews. When vacationing, it's always a great idea to at least "drive through" a local college campus or two. The more campuses a student sees the sooner he/she can begin to formulate ideas about what best "fits" them.
