

MobyMax Information

MobyMax requirements...

Please remember that all students are required to do 25 minutes per week of MobyMax. Students may work on either "Fact Fluency" or "Math" and the minutes for each week are due by Friday at midnight.

To check your time:

- 1.) Click the balloons at the top of your screen
- 2.) Click "Time Summary"
- 3.) Do NOT look at "Total" time. Instead, add your time under "Fact Fluency" and "Math"
- 4.) Remember a week of Moby Max starts on Saturdays and runs through Fridays.

If you can't do MobyMax at home...

- 1.) Do Morning Math
- 2.) Stay for office hours with any on-team teacher (it doesn't need to be with Mrs. Simone)
- 3.) Do it during homeroom

There is no excuse to not do it!

Moby Max 7th grade weekly contests have begun!

Each week the student from each class who earns the most time on Moby Math and/or Fact Fluency will earn a Moby homework-free week! They will automatically receive 100% on the next week's Moby homework.

Students may only earn this 1 time each marking period. Students who win more than once in a marking period will earn extra Moby game time.

Please see the MobyMax Instructions for more information!!
