SECTION 1: GENERAL INFORMATION

Commitment to School Safety

138TH ST. SCHOOL is committed to ensuring that students and staff attend campuses that are safe and secure, and where they are free from physical and psychological harm. 138TH ST. SCHOOL believes that a step towards maintaining safer schools is for each school site to develop a comprehensive school safety plan that takes into account the school's staffing, available resources, building design, and other factors unique to the site. The school site council shall be responsible for developing and annually reviewing and updating the plan by March 1 of each year and forwarding the plan to the Board of Trustees for approval. The status of the school safety plan, including a description of its key elements, shall be reported every July in the annual school accountability report card. The Principal of each school site shall also ensure that the most current comprehensive school safety plan is readily available for inspection by the public.

Content of the Comprehensive Safety Plan

The comprehensive safety plan shall include an assessment of the current status of any crime committed on campus and at school-related functions. 138TH ST. SCHOOL shall work with law enforcement, examine local assessments and data, and utilize Schoolzilla data warehouse of student information to assess reports of crime, suspension and expulsion rates, and surveys of students, parents/ guardians, and staff regarding their perceptions of school safety and school connectedness.

The plan shall also, at minimum, identify strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including all of the following:

- Child abuse reporting procedures
- Routine and emergency disaster procedures, including adaptations for students with disabilities
- Policies for students who commit acts which would lead to suspension or expulsion
- Procedures to notify teachers of dangerous students
- Policies prohibiting discrimination, harassment, intimidation, and bullying
- Provision of a schoolwide dress code, which defines and prohibits "gang-related apparel"
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment conducive to learning
- Rules and procedures on school discipline
- Current and future goals
 - Olweus Bullying Training
 - PBIS modifications based on 17/18 discipline data
 - Multi-Tiered System of Supports assessment and initial plan
 - ADCO Safety Plan Committee
 - Assessment of Site Safety Security completed by ACTUS Consulting and Training

School Profile

The Wiseburn Unified School District, located just a few miles southeast of the Los Angeles International Airport, was established in 1896 and remains one of the last small school districts in Southern California. 138TH ST. SCHOOL is one of three elementary schools located in the Wiseburn Unified School District (enrollment: 4,000). It is located in the Hollyglen section of Hawthorne in the southern part of the district and serves students in third through fifth grade.

138th St. School serves 477 3rd-5th grade students: 41.1% qualify for FRPM: 16.6% are ELL, 18% identify as white; 59% Hispanic/Latino; 9% Black, 8% 2 or more races, and 2% Asian. There are 22 classroom teachers which include ELD, RSP, and SDC, one full-time counselor, credentialed art and music teachers, and one Principal. Since 2010, 138th St. School has been identified as a Title 1 school and now implements a school-wide 1:1 Chromebook initiative.

At 138th St. School we strive to bring out our BEST in all we do. While our BEST acronym guides us within our positive behavior reinforcement system (B-be responsible, E-effort all the way, S-safety first, T-treat all with respect), it also stands for something more. As 21st century learners, we know that “to be our best” involves being engaged and reflective citizens of the world. Our students, teachers, and staff are all committed to putting their BEST foot forward and are eager to jump into learning with an open and curious mind. We see a culture of continuous improvement in all aspects of school life at 138th St. School. Students are learning to be flexible in their thinking, valuing mistakes as learning opportunities, and using one another as resources to enhance their learning.

The learning community at 138th St. School is supported by all parents, teachers, students, and staff. Through our PTA and Wiseburn Education Foundation we are able to provide our students with a curriculum that is well-rounded and rich with hands-on, engaging learning opportunities. Our community partnerships through local businesses such as Chevron, provide PLTW resources to help our students learn 21st-century science and engineering skills.

The staff continues to work together at improving our Professional Learning Community, whereby teachers and other support staff collaborate by using local assessments to improve student achievement. Our teachers at 138th St. School are also on a path of continuous growth and modeling to their students the growth mindset in action. Teachers are taking the time to collaborate and think critically as we introduce our new Language Arts series, Wonders, and continue to develop and enhance our CGI curriculum. This process is showing our students that we are ALL lifelong learners and our capacity to be flexible and adapt and change over time, leads us to make deeper connections and insights into our learning. In addition, students who require more intensive support reading and language support receive intervention before or after school. Our students utilize programs such as Lexia, Literally, and Accelerated Reader 360 to strengthen students decoding, fluency, and comprehension skills.

In Mathematics, we continue to deepen our understanding of mathematical concepts and practices through the lens of Cognitively Guided Instruction (CGI). The CGI philosophy emphasizes a student-centered approach to teaching mathematics that focuses on problem-solving, collaboration, and reflection. Students and teachers engage with concepts at a deeper level and utilize a wide variety of strategies to demonstrate their learning and understanding. Teachers are provided support through district led trainings as well as through support from the district sponsored Math TOSA. The Math TOSA is a mentor to classroom teachers and helps them delve deeper into their practice and enhance their daily instruction. This model mirrors the support that was provided through the Cotsen

Foundation. Now in our third year of the teacher/mentor cycle, the focus has evolved to include training and support for all teachers in the area of CGI and to provide teachers with more opportunities to share practices with one another and look at student work to help guide instruction. In addition, My Math is the adopted textbook used by teachers as a primary component of their math instruction. Both ST Math and Simple Solutions are supplemental resources that help build students' knowledge in key math concepts.

A Multi-Tiered System of Support continues to be implemented to allow students to receive immediate and specific academic and behavioral assistance where needed. Students are identified for intervention by test results, teacher recommendation, and school and district assessments. Our Student Study Team added new procedures for staff members to review supports for students and provide strategies for parents to support their children at home. These procedures include utilizing both formative and summative assessments, classroom observations, as well as, considering a student's social-emotional well-being to best determine the appropriate course of action for support. This process involves our school counselor, intervention specialists, parents, and classroom teachers in collectively developing strategies to support positive student outcomes.

This success is evident in our students' 2017-18 test scores. 138th St. School students demonstrated growth school-wide in English Language Arts and closed the achievement gap in ELA and Math two years in a row. 138th St. School's scores reflect positive growth as our teaching practices aligned with the state standards and curriculum and instruction became more student-centered and interactive within the classroom. Teachers collaborate to reflect on and refine best practices and use local assessments (observations, surveys, student work) to improve student achievement. In the Spring of 2018, 138th St. School was awarded the honor as a California Distinguished School.

Being our BEST is a continuous process that involves compassion, collaboration, creativity, and community. The learning community at 138th St. School strives to reach those goals each and every day.

SECTION 2: SCHOOL BEHAVIOR AND SAFETY ASSESSMENT

Data Reviewed

138TH ST. SCHOOL continuously reviews data as we strive for ongoing improvement. Attendance data is tracked through our PowerSchool student information system. The school also monitors discipline and suspension data through discipline referrals/white slips, as well as PowerSchool. Local crime statistics, including juvenile crime incidents, are also reviewed periodically.

Key Analysis Points

- two year school discipline data
- two year school attendance data
- school safety plan
- 2 year schedule of positive behavior activities
- local crime statistics

Sharing of Information

An overview of information was shared at the School Site Council meeting on November 27, 2018. More specific data was reviewed by the Safety Subcommittee and school staff

Findings

Based on review of the data, the Safety Subcommittee noted the following:

- Crime rates (particularly violent crimes) in our school neighborhood are low
- 138th St. School has fewer absences during semester 1, compared with semester 2.
- Attendance rates seem to dip in the days surrounding breaks from school, and on minimum days.
- Incidents of harassment/bullying are higher this year than in previous years, with the majority of incidents occurring in 5th grade.
- Incidents of defiance/insubordination are significantly lower this year than last.
- Restorative consequences are used as the primary response for discipline issues in 2017-2019, compared to detention as the primary response in 2016-2017.

The ACTUS School Safety consultant noted:

- The primary need for 138th St. School will be to assess and redesign our school entrance, including implementing new procedures for visitors to enter and exit the campus.
- It is recommended that 138th St. School updates and installs additional cameras, as well as placing viewable monitors in the main office.
- It is recommended that teachers keep classroom doors closed throughout the school day as a safety precaution.

Strategies and Programs

It is a priority of the administration and staff at 138TH ST. SCHOOL that every student who attends our school will be provided with an environment in which the students not only feel physically safe, but that there is also a positive school climate in all activities both in and out of the classroom.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements. To this end, several initiatives and practices are in effect to create a safe and supportive campus:

- **Positive Behavior Intervention Support (PBIS) Committee** -: This committee is comprised of several teachers, a school counselor, and the principal. The committee's focus is on creating lessons and events that promote character building and positive choices among our students. The addition of a full-time counselor has positively impacted our Positive Behavior Intervention Support (PBIS) program in providing new supports to our overall school-wide behavior plan. Students engage in a combination of activities to promote friendship and social interaction. 138th St. School's counselor has added music and board games to our Friendship Square and coordinates social skills groups such as Bulldog Buddies, which reinforce positive approaches to solving problems. A Bulldog store has been added to support students who are following rules and further rewards their efforts.
- **B.E.S.T** - This acronym stands for Be Responsible, Effort all the Way, Safety First, Treat all with Respect. At 138th St. School we strive to bring out our BEST in all we do. While our BEST acronym guides us within our positive behavior reinforcement system (B-be responsible, E-effort all the way, S-safety first, T-treat all with respect), it also stands for something more. As 21st century learners, we know that "to be our best" involves being engaged and reflective citizens of the world. Our students, teachers, and staff are all committed to putting their BEST foot forward and are eager to jump into learning with an open and curious mind. We see a culture of continuous improvement in all aspects of school life at 138th St. School.
- **Bulldog BEST Assemblies** - Weekly school-wide assemblies take place to foster a positive school culture and highlight student achievement with BEST slips awards, tardy-free classes, and school spirit. Trimester BEST assemblies highlight student's academic achievements, honor roll, perfect attendance, and students who demonstrate exceptional B.E.S.T. characteristics.
- **B.E.S.T. Slips**-Positive incentive slips utilized by the school to reward students for exhibiting positive behaviors. Teachers and staff can award BEST slips to students for exhibiting any of the B.E.S.T. traits, and students can redeem these slips for rewards and incentives at the Bulldog Store run through by our school counselor.
- **Olweus Bullying Prevention** - This program is designed to raise awareness of the issue of bullying on our campus. Launched by our school counselor along with the PBIS committee, students participate in lessons and learning activities designed to teach how to identify bullying and what to do when it is encountered.

Additionally, our administration encourages staff to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds. Staff work together in grade-level and department teams to plan lessons and monitor student progress.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school.

138TH ST. SCHOOL shall comply with existing state and federal laws related to school safety. This comprehensive safety plan outlines several elements critical to maintaining a safe school environment.

Goals:

School Climate

- To continue and maintain PBIS to support a caring and connected school climate that fosters self-discipline, positive peer relationships, and student engagement.
 - Overall school wide effort to reinforce and communicate student expectations for behaviors that reflect accepted norms for discipline and anti-bullying.
 - Students are given information about bullying/harassment so they understand what it is and how to help prevent these incidents from happening.
 - All students will focus on the requirements for B.E.S.T Slips by completing good deeds and giving back to the school community.
 - All students will review character education traits, developed by administration, to capture the students' attention during Wednesday morning assemblies.
 - Parent Education Nights through PTA and SSC to support issues of cyberbullying and harassment
- Reduce incidents of harassment, including threatening, bullying and name-calling by the end of the 2018-19 school year as measured by discipline data and the number of B.E.S.T. slips issued to students.
 - Use of PowerSchool to track referrals and misbehaviors to gather more accurate data on incidents of harassment and positive behavior.
 - PBIS team will receive training on the anti-bullying program Olweus and determine how to introduce lessons school-wide in 2019.
 - PBIS team to research online merit system to track B.E.S.T. slips and behavior trends across the school.
 - To continue increasing the use of restorative practices at 138th St. School by creating a menu of options that can be used by administrators, counselors, teachers, and office staff, as needed, in response to student discipline issues.
 - **Important Note** – A review of discipline records shows a decrease in overall suspensions. It is evident greater emphasis needs to be given to support positive conflict resolution-type behaviors, addressing these issues remains a focal point at 138th St. School.

Campus Safety

- To create safer school entry by redesigning the physical space and entrance procedures used in our front office. Due to the need for planning and construction, this will be a multi-year goal.
- To increase the number of cameras on campus and to install viewing monitors in our front office.
- To change and enforce the school safety plan to reflect a policy requiring that classroom doors be closed throughout the school day to the greatest degree possible.
- To coordinate with local law enforcement and safety consultants to assess and update 138th St. School emergency response system and supplies.

Reporting Responsibility and Liability

The reporting duties of mandated reporters are individual and cannot be delegated to another person.

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report.

Reporting Procedures

Reports of known or suspected child abuse or neglect may be filed with any police department (excluding the school security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department.

1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to:

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572).

The Department of Children and Family Services has created the Suspected Child Abuse Reporting (SCAR) System that enables mandated reporters to complete their written report online at <https://mandreptla.org/>. To utilize the SCAR System, the mandated reporter must have obtained a referral number when making the initial telephone report.

Form SS 8572 may also be accessed through the State of California Department of Justice website at http://ag.ca.gov/childabuse/pdf/ss_8572.pdf.

Reports of suspected child abuse or neglect shall include, if known:

- c. The names, addresses, and telephone numbers of the student's parents/guardians
- d. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the student
- e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her.

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05.

3. Internal Reporting

The mandated reporter shall not be required to disclose his/her identity to his/her supervisor, the principal, or the Superintendent or Designee.

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or Designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency.

Complaint of Child Abuse Committed at a School Site

Upon request, the Superintendent or Designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against an employee of 138TH ST. SCHOOL or other person suspected of child abuse or neglect at the school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

Interview of Student by an Agency Representative

The Principal or Designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student.

A staff member or volunteer aide selected by a student may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the student and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the student.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school.

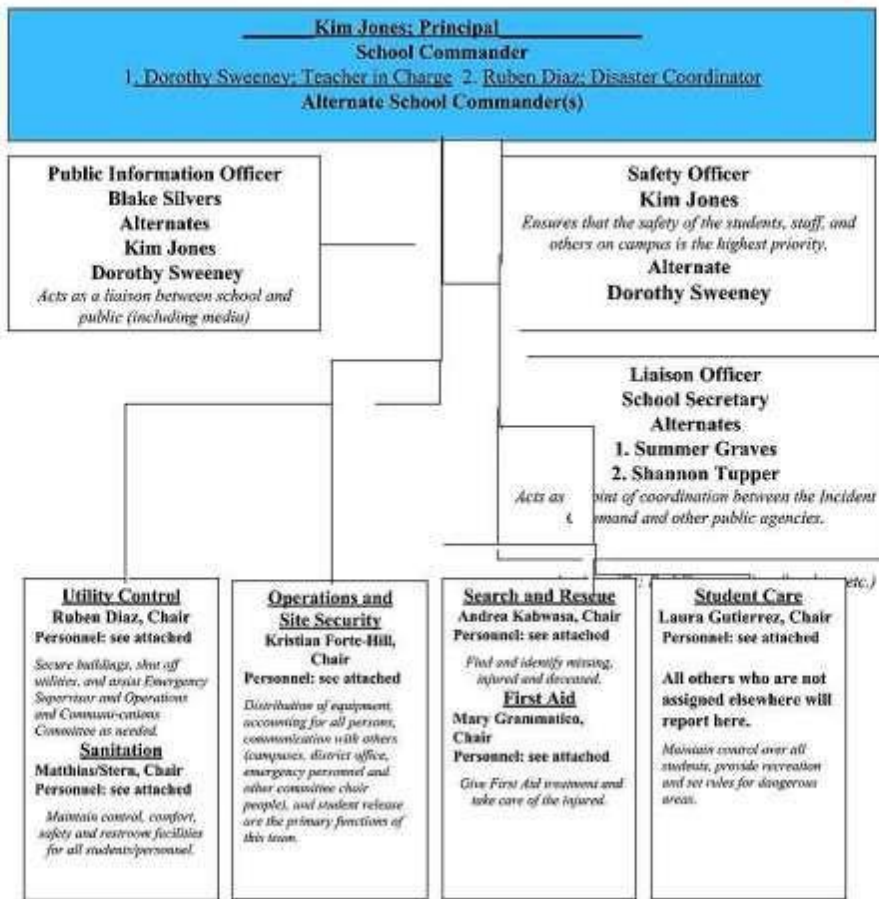

Release of Student to Peace Officer

When a student is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the peace officer shall be provided with the address and telephone number of the child's parent/guardian. No employee of 138TH ST. SCHOOL shall notify the parent/guardian of the student's release to the peace officer; it is the responsibility of the peace officer to notify the parent/guardian of the situation.

SECTION 4: DISASTER PROCEDURES

138TH ST. SCHOOL will take all necessary measures to protect the lives and well-being of its students and staff through the prompt and timely response of trained school personnel should an emergency affect the school. To meet these objectives, the school has established a comprehensive emergency operations program that includes plans and procedures, training and exercise, and plan review and maintenance. The plan is in alignment and compliance with all facets of the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS). The following sections outline basic responsibilities for all staff for specific incidents.

Chain of Command

138TH ST. School– Staff Responsibilities

The following committees will perform various assigned tasks that will help maintain an effective response to an emergency. These committees are part of the OPERATIONS BRANCH of the ICS System. Individuals performing these duties should report directly to the Operations Manager (Alberto Paredes – Anza, Kim Jones – 138th St. School, and Lisa Baggio - Cabrillo).

As such, the IEP or Section 504 team shall, as part of the plan development and annual review, also ensure that an Individual Emergency Procedures Plan (IEPP) is established and up to date. The IEPP shall consider the degree of the student's mental and physical impairment and determine if assistance and/or specialized equipment will be required so that the student may, for example, evacuate the classroom or building in a timely manner. A copy of each student's IEP shall be placed in the Site Emergency Operations Plan and with the individual classroom teacher's emergency materials.

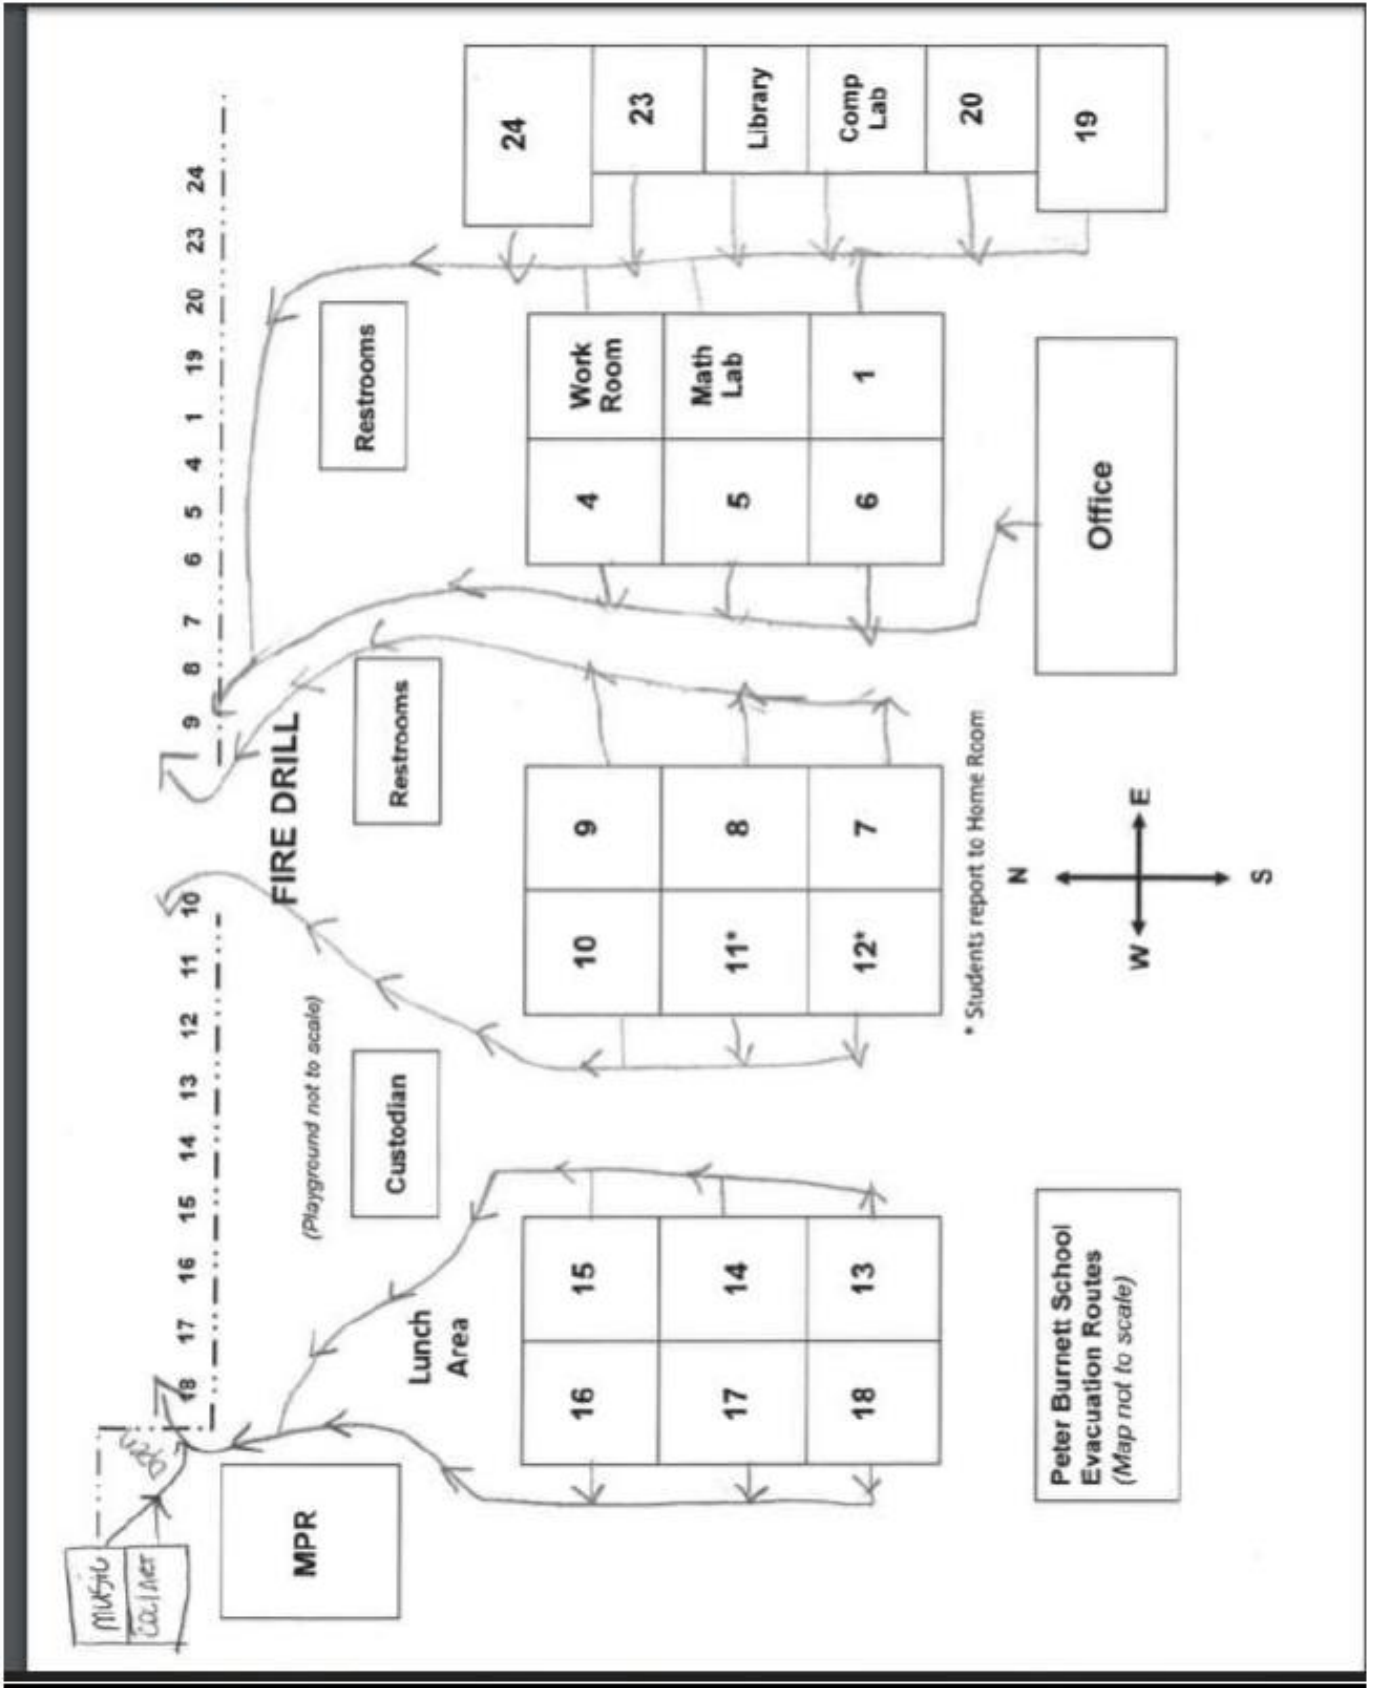

Emergency Practice Drills

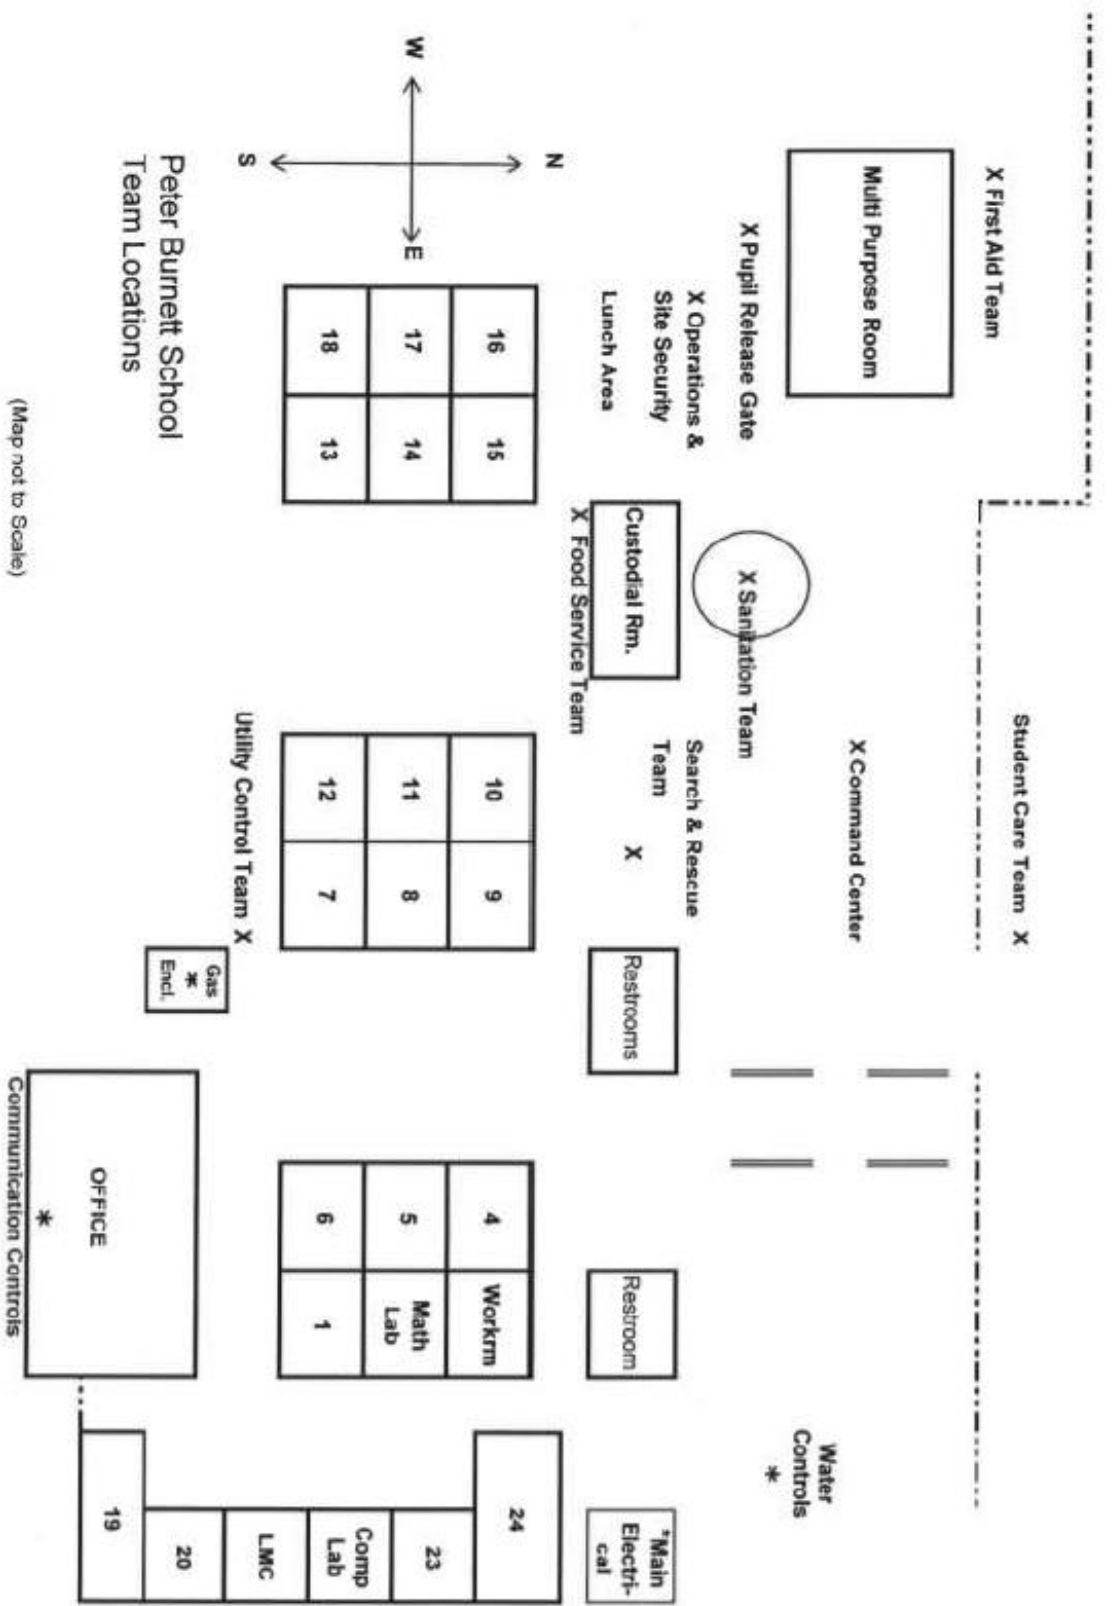

To ensure that staff and students are knowledgeable and prepared to implement school emergency procedures, the following required practice drills are conducted as indicated throughout each school year.

1. Earthquake drill – at least once per semester [EC 35298]
2. Fire drill – at least twice a year [5 CCR 550; EC 32001]
3. Fire alarm system – at least once each calendar month [EC 32001]
4. Lockdown/shelter-in-place drill – at least twice a year (recommended)

Verification of the drills are to be recorded on the "Emergency Drills Log", which shall be maintained for two years.

Evacuation Map

EVACUATION

The purpose of an evacuation is to move students, faculty/staff, and any other people inside school buildings to a safer location designated outdoors. The cause of an evacuation can be a fire, explosion, hazardous material spill, etc.

1. School Commander must designate someone to call 911, identify the school, describe any other pertinent information regarding the emergency, which would include the address and the location of the school Incident Command Post (ICP).
2. The School Commander will do one, both, or all of the following:
 - Make an ALL CALL announcement that says,
“Attention 138th St. School: We are going to institute an evacuation of the school. Teachers, please take your students to the designated staging/assembly area. Please take your class roster and take roll to ensure that all students are accounted for and wait for further instructions.”
 - Use the designated bell warning
 - Contact the district office to relay the important information.
3. The Office Staff will do the following:
 - Take all the necessary paperwork including the visitor log and student sign out sheet to the staging area in preparation for the student release process.
 - Gather registration cards, and student schedules to help facilitate student accountability and release.
 - Gather the information from teachers regarding student count and will report any missing students or faculty members to the incident commander.
ALARM: The signal for Emergency Evacuation is one of the following: **an announcement by the principal (or designee), a long all clear bell, or the fire alarm bell (except in a lockdown situation).**

PROCEDURE: Classes leave by the exits indicated. If exits are blocked, go to the nearest available exit.

1. All school personnel and visitors must exit the building regardless of their activities and report to Fire Drill locations.
2. Upon hearing the signal, all students, school personnel, and visitors must stop what they are doing and prepare to evacuate the room and the building. Jackets, books, personal belongings etc. should not be taken along on a fire drill. The last person to leave a room should close the door. Teacher should take the red emergency folder when leaving.
3. All students, visitors and other personnel shall remain silent during all drills. Directions and orders are given by the classroom teachers or other staff. Everyone shall walk from the classrooms and buildings in an orderly manner.
4. There shall be no intersecting of traffic lines, if possible.
5. Students should walk to their Fire Drill location and wait quietly for further instructions.
6. Students in the library, on the playground, etc. shall follow directions of assigned duty teacher or a supervisor. Buildings must be evacuated at all times when alarm signal sounds.
NO EXCEPTIONS.

7. At noontime, students on the playground must all go to their Fire Drill position (if safe). The teachers will join them. The students in the lunch areas will exit to Fire Drill position and will line-up with their classes. **DO NOT TAKE TRAYS OR LUNCHES.**
8. Teachers are to take roll, complete NCR “Missing Student” form, place labels on children (if applicable), and report to their designated committees.
9. All other personnel are to report to their designated committee location immediately upon evacuation from building.
10. Any parent volunteers on campus at time of evacuation will be under the direction of the Sanitation and Campus Security chairperson and should be directed to that location.
11. Operations and Communications personnel, upon direction of principal or designee, shall handle the reuniting of children and parents.
12. No one should return to a building until the all-clear signal is given. The signal is a hand or voice signal given by the principal, or designee. The signal is given to the classroom teacher, who then directs students how and when to return to class or to the activity.

RESTROOMS: Custodian shall see that all restrooms have been evacuated.

ALL CLEAR: Principal or designee will give visual sign or announce when it is “all clear” to return to classrooms or dismiss students through Operations if needed.

Off Campus Relocation sites:

Anza – Del Aire Park

138th St. School - Hollyglen Park/Dana

Cabrillo – Hollyglen Park/138th St. School/Dana

Other Pertinent Evacuation Information

- ✓ Any student that is not in a classroom should follow the directions of the teacher closest to their location.
- ✓ If the need for an evacuation arises during non-structured school time (recess, lunch, passing period) students should report to their marked classroom number at the staging area. Teachers please reinforce this information with your students so they are aware of this procedure.
- ✓ Please exit the school building quietly and in an orderly fashion to avoid any confusion and to ensure the ability to hear any important directives and/or safety information.
- ✓ All people should remain in the appropriate evacuation area until the all clear signal is given and/or a voice signal is given by the principal or designee. Students should return to class or another designated location with their teacher.

Reverse Evacuation

Purpose: *When conditions are safer inside the building than outside such as: severe weather, community emergency, gang activity, hazardous material release outside, etc.)*

School Commander:

- Order a **REVERSE EVACUATION** for students and staff outside to move inside the building. Use the All Call System, megaphone, 2-way radio or runners to gather school community inside.
- Notify the district office of the situation.

Teachers:

- Immediately move back to classrooms or safe areas (if it is safe to do so) using the closest entry.
- If movement into the building would present a danger to persons outside, teachers and staff outside will direct students to the designated assembly areas or off-campus assembly site.
- Teachers will take attendance and account for all students on the appropriate form. Report any missing students to administration
- No students or staff are allowed outside the building.
- Close and lock all exterior doors and windows. Monitor the main entries until the “All Clear” is given.

Lockdown

Purpose: Used when there is a threat of violence or serious incident that could jeopardize the safety of students/staff (I.E. gang fights, civil disturbance, etc.)

School Commander:

- The School Commander or designee will make the following announcement using the building ALL CALL:

“YOUR ATTENTION, PLEASE. WE ARE EXPERIENCING AN EMERGENCY SITUATION AND NEED TO LOCKDOWN THE SCHOOL IMMEDIATELY. TEACHERS LOCK YOUR DOORS AND KEEP STUDENTS INSIDE UNTIL FURTHER NOTICE: STUDENTS OR STAFF ARE TO RETURN TO THE NEAREST CLASSROOM OR OFFICE. IGNORE ALL ALARMS AND BELLS UNLESS ADVISED OTHERWISE. PLEASE REMAIN AS FAR AWAY FROM WINDOWS AS POSSIBLE.”

- Designate someone to Call 9-1-1, identify the name and address of the school, describe the emergency, state the school is locking down, provide intruder description and weapon(s) if known, and identify the location of the school command post. Direct staff to stay on the phone to provide updates and additional information.
- Direct staff to switch bells to manual mode and deactivate the fire alarm.
- Notify district office

Office Staff:

- Stay by the phones to wait for additional procedures from district office and incident commander.
- **Do not allow anyone from outside the school, including parents, children, etc. on to the campus as that could open the doors for an intruder.**
 - Remotely check status of classrooms via PA., telephone, computer or other methods
- Assist the principal or Incident Commander to establish the school Incident Command Post.

Custodians:

- Close and lock all delivery doors.
- Direct any contractors, delivery drivers, or vendor repairmen located inside the building into a safe area and lock the door.

Teachers:

- Clear the walkway and bathrooms by your room, moving everyone into the classroom.
- Lock your doors, turn off your lights, and shut your blinds and windows
- Move students and staff away from the doors and windows.
- Have all persons sit down against an interior wall.
- If a life threatening situation exists, exit immediately to a place of safety.
- Ignore all bells and alarms unless otherwise instructed
 - Take attendance and be prepared to notify Incident Commander of missing students or additional students, staff or guests sheltered in your classroom. Fill out the provided Student Count Forms.
 - Allow no one outside of the classroom until the Incident Commander gives the “All Clear” signal.

- Any student, teacher, etc. who is outside a classroom when the lockdown begins, must immediately proceed to their classroom if safe. If it is not safe, they must move to the closest available classroom.

A.L.I.C.E. (Violent Intruder Protocol)

Purpose: *The purpose of the following procedures is to ensure the highest likelihood of survivability during a violent incident that might occur on campus (i.e. active shooter). The steps taken in the ALICE approach are not necessarily to be conducted in a linear fashion, but rather the selected response should be based on the best judgment of the adult in charge. Overall, ALICE provides a framework for staff and students to proactively respond to a violent situation on campus that could occur with little to no notice.*

There will likely be no announcement or warning when a violent situation arises on a campus and, therefore, staff members have the flexibility and autonomy to make the decisions necessary to keep their students safe. The objective is to ‘do something’ proactively to maximize the survivability of all involved. The following tools are not intended to be completed or executed in order, but rather as deemed fit by the adult in charge. In some cases only some of the steps might be necessary, while in other cases all the steps may be employed to ensure the maximum number of stakeholder safety.

- **TOOL #1 –ALERT** – This tool encourages any adult and/or student to alert as many people as possible of an event that might be deemed violent or potentially violent. There is no designated alert system as the location of the reporter will affect the way the information can be disseminated. Alerting can be in the form of yelling, informing only one class, or as a widespread “all call” over the school Public Announcement (P.A.) system. The more people that can be alerted to imminent or potential danger, the more likely of maximum survivability.
- **TOOL #2 – LOCKDOWN** – This tool is likely the most important to understand and practice as a school prepares for a violent intruder situation. The tool redefines lockdowns as described earlier in this emergency response manual to a more active and specific means of locking and securing a room. Violent intruders generally want very little resistance as it alters their goal of mass casualties. This tool must include barricade training so stakeholders are aware of what furniture, and/or other materials/objects are in the room and where they are located so these objects can serve as **barricading** tools. Yearly training (at least 3 times/year) is essential in building the comfort level of staff members as they prepare for a barricade situation. **Barricading is key.**
- **TOOL #3 - INFORM:** This is one step that ALICE training includes in their protocol that is different from most. Generally, it can get confused with the **ALERT** tool. However, this tool is to be used as a comprehensive attempt to inform as many people as possible to the specifics of the violent intruder, his/her whereabouts, descriptions, routes, mannerisms, weapons, and any other pertinent information. The **INFORM** tool includes the use of any technology that might provide a play-by-play and/or any other specific information. Important tools to inform include cell phones, surveillance cameras, tablets, etc. The goal is to provide as much, up to date information as possible, but also in a manner that does not put the reporter in any more danger.
- **TOOL #3 – COUNTER** – This tool should be used as a last resort if an intruder has breached a room and there is no other way out. In this case, the goal is to disrupt the ability for a violent intruder to successfully aim and fire a weapon. **COUNTERING** can include screaming, yelling, and throwing any and everything in the direction of the intruder. Any of these

strategies, especially throwing objects (even soft objects) greatly affects the ability for a shooter to accurately use a firearm. This tool can also include “swarming” or tackling the intruder by a number of individuals (generally late middle to high school).

- **TOOLS #5 – EVACUATE** - The rule of thumb for this tool is – “if the intruder gets in, you get out.” Staff members should be aware of their exit options and the contingency plan for a quick escape. Doors and windows are viable options for escape if a room is breached and/or in jeopardy of being breached. All stakeholders should know exactly where the exits are at all times and where to run if needed (see below)

The tendency in a case that requires this type of response is to over analyze (ALICE, 2013), however that can lead to paralysis/freeze response. Therefore, **the only requirement of staff members is to do something that is in the best interest of safety for all.**

RALLY POINTS - In the case of a necessary evacuation, staff members have two rally points – a meeting place for those looking to escape from a campus incident. To the West, the rally point would be the Vistamar Parking Lot (near the corner of Aviation and Rosecrans) and to the East it would be Cabrillo Elementary School (135th St.). A rally point is **not** a reunification point. Police Officers will be dispatched to a rally point for security, but parents will not be allowed to pick up students from this location for safety and accountability purposes. In fact, it is in the best interest of a safe evacuation process to keep the rally points as confidential as possible.

REUNIFICATION POINTS - Once the incident has been cleared by law enforcement and the necessary procedures are completed for adults to account for survivors, the rally points will be vacated by staff and students as they will make way to the **reunification points** at Del Aire Park or the Wiseburn District Office Parking Lot – depending on the recommendation from Law Enforcement. Note that both the rally points and the reunification points are only recommendations. It is likely that law enforcement and/or district personnel determine other areas as more safe and secure sites for rallying students and reunification with parents. The Incident Command System (ICS) described in this document should allow for the appropriate commander to deliver the necessary information to the site and staff members affected.

The ALICE Training Institute asserts that the best way to continue training for staff members is to incorporate diverse scenarios (15 minute exercises) at several staff meetings. These scenarios allow staff members to discuss an incident in the context of the available ALICE tools, both in small group and in a whole group setting.

Shelter-in-Place

Purpose: Provides a refuge for students, staff and the public inside the school building during an emergency such as severe weather or hazardous material release outdoors. Shelters are located in areas of the building that maximize the safety of occupants. Shelter-in-place is used when evacuation would place people at risk. Shelters may change depending on the emergency.

School Commander:

- The School Commander or designee will make the following announcement using the building ALL CALL system:

“YOUR ATTENTION, PLEASE. WE ARE EXPERIENCING AN EMERGENCY SITUATION AND NEED TO IMPLEMENT SHELTER-IN-PLACE PROCEDURES. STUDENTS AND STAFF ARE DIRECTED TO MOVE TO THE DESIGNATED SHELTER LOCATIONS AND SAFE AREAS. ALL STAFF AND STUDENTS OUTSIDE ARE TO IMMEDIATELY MOVE TO THE PROTECTION OF AN INSIDE ROOM.”

- Order a **REVERSE EVACUATION** for students and staff outside to move inside the building. Use the ALL CALL system to relay this information.
- Direct staff to close all windows and doors.
 - If warranted, order the shut-off of heating, ventilation and air conditioning system to stop the inflow of outside air into the building.
- Notify district office the school is **SHELTERING-IN-PLACE**.
 - Be prepared to announce change in status (“DROP, COVER AND HOLD” or “All Clear”)

Custodians:

- Shut off utilities (if necessary).
 - Turn off ventilation systems (Heating, ventilation and air conditioning) as appropriate.
- Post Shelter in Place cards at the primary entrances to the building(s).

Teachers:

- Move students into designated safe areas such as inside rooms with no windows, bathrooms, utility closets, and hallway without large windows or doors.
- The classrooms will serve as the Shelter-in-Place location unless otherwise instructed. The school Gymnasium and Multipurpose Room will be utilized if the air quality and exposure to chemicals is severe.
- Close classroom doors and windows when leaving.
- Have everyone kneel down and be ready to cover their heads to protect from debris.
- If outside, teachers will direct students into the nearest school building interior safe area or other appropriate shelter.
- If movement into the building would expose persons to hazardous chemical plume, teachers should move to designated outdoor assembly areas upwind or crosswind from the spill.
- All persons must remain in shelter until notified by the Incident Commander or emergency responders.

Biological/Chemical Weapons Assault

Biological and chemical weapons are unconventional warfare tactics that can be deployed upon the public with little or no notice. Such weapons typically involve microscopic materials that may be organic or synthetically manufactured in laboratories. Biological or chemical weapons can be in powder form, liquid, or vaporous. Agents used in biological/chemical attacks include, but are not limited to: anthrax, smallpox, other harmful viruses, various forms of nerve gas, tear gas, and other vaporous irritants. Pranks using stink bombs should also be considered a chemical weapons attack.

There are several possible dispersion techniques to deliver biological and chemical agents. The following procedures should be utilized in the event of an assault involving biological or chemical weapons.

1. Any possible biological/chemical weapons assault should be reported immediately to the principal.
2. The principal should notify law enforcement authorities immediately.
3. As necessary alert all site employees of the situation by intercom.

If the agent is delivered *via aircraft*:

- All staff and students should be moved indoors.
- Keep students inside and take roll.
- Close and secure all doors and windows.
- Ensure that the HVAC is shut down.
- Cover vents with plastic or thick paper using tape to create a seal.
- Inspect all windows and doors for cracks, gaps, or holes. Cover any with plastic or thick paper using tape to create a seal.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- Immediately report any injuries or illnesses to the principal, principal's designee or officers of emergency response agencies.

If the agent is delivered *via dispersion device that is outdoors*:

- All staff and students should be moved indoors.
- Keep students inside and take roll.
- Close and secure all doors and windows.
- Ensure that the HVAC is shut down.
- Cover vents with plastic or thick paper using tape to create a seal.
- Inspect all windows and doors for cracks, gaps, or holes. Cover any with plastic or thick paper using tape to create a seal.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- Immediately report any injuries or illnesses to the principal, principal's designee or officers of emergency response agencies.

If the agent is delivered *via dispersion device that is indoors*:

- All staff and students should be evacuated to the school's normal outdoor evacuation assembly area unless that area may be affected by the assault.
- Take roll of students and staff.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- The HVAC system should be shut down.

If the agent is delivered *via the school's HVAC system*:

- All staff and students should be evacuated to the school's normal outdoor evacuation assembly area unless that area may be affected by the assault. Role should be taken.
- Remain in this area until notified to leave by the principal, principal's designee or officers of emergency response agencies.
- The HVAC system should be shut down.

In any situation involving biological or chemical weapons, the principal and staff must follow all instructions given by officers of emergency response agencies. The Superintendent will develop an action plan to handle telephone inquiries, rumor control, media relations, public information, employee/student crisis counseling, and facility damage assessment/control.

Bomb Threat

Bomb threats are serious until proven otherwise. Threats are usually received as an anonymous telephone call, or arrive as a letter or handwritten note, email, social media posting, or suspicious package. Staff that receives a bomb threat shall adhere to the following procedures:

If the bomb threat is received as an *anonymous telephone call*:

- Remain calm. Keep the caller on the line as long as possible. DO NOT HANG UP, even if the caller does.
- Listen carefully. Be polite and show interest.
- Notify a coworker via note or hand signals.
- Complete the Bomb Threat Checklist. Write down as many details as can be remembered. Try to use exact words.
- If the telephone has a display, copy the number and/or letters on the display window.
- Attempt to get information on the location of the bomb, and any identifying characteristics of the caller.
- Have the caller repeat the message.
- Immediately upon termination of the call, do not hang up. From a different telephone, call 911.

If the bomb threat is received as a *letter or handwritten note*:

- Handle the letter or note as minimally as possible.
- Notify the principal or call 911.

If the bomb threat is received as an *email or social media posting*:

- Do not delete the message.

- If possible, take a picture or snapshot of the message with a camera.
- Notify the principal or call 911.

If the bomb threat is received as a *suspicious package or device*:

- Do not touch or approach the device or package.
- Notify the principal immediately or call 911.
- Evacuate the immediate areas and wait for the instruction of the principal or designee.
- Students with limited mobility may be assisted down the stairs and out of the building by staff. If a student is unable to be assisted downstairs, the student shall remain in a safe-refuge area, available on each floor near the main elevator, with emergency communication.
- Follow the principal's or designee's instructions for appropriate emergency procedures.

Earthquake Procedures

In the event of an earthquake, follow the following procedures:

- When inside the classroom or office, students and staff are to take cover under a table or desk, dropping to their knees, with the head and neck protected by the arms and facing away from the windows.
- If outside, teachers are to instruct students to find shelter away from windows, drop to the ground, place their heads between their knees and cover their head and eyes with arms and hands.
- Teachers should account for their students and report any who are missing to the principal or designee.
- The Superintendent or Designee or principal may order an evacuation.
- All building occupants are to use the emergency evacuation designations that are posted throughout the building.
- Students with limited mobility may be assisted down the stairs and out of the building by staff. If a student is unable to be assisted downstairs, the student shall remain in a safe-refuge area, available on each floor near the main elevator, with emergency communication. A second safe-refuge area is on the landings of the outside stairways on each floor.

Explosion, Aircraft Crash or Similar Incident

Aircraft crashes are of heightened concern because the campus is in close proximity to the Los Angeles International Airport (LAX).

- If possible, duck and cover under a desk or table.
- Call 911.
- Assist any injured requiring first aid treatment.
- If necessary because of fire, building damage etc., evacuate building.
- Assist any persons who would have physical problems evacuating the building.
- Go to an outdoor evacuation/assembly area which is hazard free and not affected by the explosion or crash.

- Keep fire lanes, streets and walkways open for emergency responders.
- Stay in assembly area and account for all personnel and students.
- Do not return to buildings until authorized by fire department or principal.

Fire Procedures

When a fire is discovered in any part of the school, the following actions shall be taken:

- Sound the fire alarm, unless the school and/or building is equipped with an automatic fire detection and alarm system.
- Call 911.
- Direct all persons to leave the building and proceed outside to designated assembly areas.
- Students with limited mobility may be assisted down the stairs and out of the building by staff. If a student is unable to be assisted downstairs, the student shall remain in a safe-refuge area, available on each floor near the main elevator, with emergency communication. A second safe-refuge area is on the landings of the outside stairways on each floor.
- Staff must give students clear direction and supervision and help maintain a calm and orderly response.
- In outside assembly areas, teachers are to take roll, report missing students, and provide assistance to any injured students.
- In outside assembly areas, the principal or designee must account for his/her staff, report missing staff, and provide assistance to any injured staff.
- If the fire is extensive, take students to an alternate location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

Flood Procedures

If a flood warning is received, notify the Superintendent immediately. Based upon the specific threat, the Superintendent in conjunction with the Operational Area EOC and SEMS system will develop an action plan to protect personnel, students and facilities. Evacuation of specific schools, facilities or areas will be directed by the Superintendent or site principal in coordination with SEMS.

Hazardous Substance Incident

Hazardous substance means a substance, material, or mixture which is likely to cause illness or injury by reason of being explosive, flammable, poisonous, corrosive, oxidizing, an irritant, or otherwise harmful. Some hazardous substances are regularly stored in the school Chemistry labs. A specific spill plan is in place which includes training for science teachers and maintenance staff.

Should an incident occur that involves a hazardous substance:

- Identify the hazardous material(s).
- Limit incident site entry to trained personnel with appropriate personal protective equipment.
- Evacuation of specific schools, facilities or areas will be directed by the Superintendent in coordination with SEMS.

Severe Windstorm Procedures

If a severe wind warning is received, notify the Superintendent immediately. Based upon the specific threat, the Superintendent in conjunction with the Operational Area EOC or City EOC will develop an action plan to protect personnel, students and facilities. In general, if severe winds are affecting a school or facility:

- Staff and students should be moved to the interior core area of the building (inside wall on the ground floor) away from outside windows and doors.
- Close all windows and blinds and avoid auditoriums, gymnasiums and other building locations that have large roof areas or spans.
- Avoid all areas that have large concentrations of electrical equipment or power cables.
- Evacuation of specific schools, facilities or areas will be directed by the Superintendent in coordination with SEMS.

Suspicious Mail/Packages

All incoming mail and packages should be handled with caution. Below are indicators of suspicious mail and steps to take in the event that suspicious mail is received.

Mail that:

- Is unexpected or from an unfamiliar source
- Has excessive postage
- Is addressed to someone who no longer works in 138TH ST. SCHOOL
- Is addressed to a current employee but with the wrong title
- Contains several misspelled words on the envelope
- Marked with restrictive endorsements such as “Personal” or “Confidential”
- Has no return address or an address that cannot be verified
- Mail that is from a foreign country
- Shows a city or state in the postmark that does not match the return address
- Is lopsided, oddly shaped, or has an unusual weight, given its size
- Has protruding wires, strange odors, or stains
- Has powdery substance on the outside
- Has an unusual amount of tape on it
- Is ticking or making unusual sounds

Not all mail comes perfectly packaged or with accurate information on it, so it is important that employees handling mail remain sensible in the screening of mail. However, prudent scrutiny conducted in a reasonable manner can greatly reduce the school’s chances of becoming the victim of attack by mail.

What to do with suspicious mail (general response):

- Do not try to open the package or envelope.
- Do not sniff, taste or shake the package.

- Isolate the package.
- Evacuate the immediate area; close the door.
- Contact your supervisor and call 911.

Response to mail suspected of delivering biological/chemical agents in powder form:

- Notify your supervisor.
- Supervisor should immediately contact the local police (911) or the U.S. Postal Inspection Service (1-877-876-2455).
- Supervisor should notify the Superintendent.
- Do not open an envelope or package with powder on the outside.
- If powder is spilled from an envelope or package, do not try to clean up the powder.
- Cover the spilled contents immediately with anything (*e.g.*, clothing, paper, trash can).
- Do not remove the cover.
- Leave the room and close the door or otherwise prevent access to the room.
- Ensure that everyone who had contact with the piece of mail washes his/her hands with soap and hot water.
- Remove heavily contaminated clothing as soon as possible and place inside a plastic bag or some other container that can be sealed. This clothing should be given to the responding emergency response units.
- Shower with soap and water as soon as possible. Do not use bleach or other disinfectant on your skin.
- Make a list of all the people who were in the room or area, especially those who had contact with the envelope or package. Provide this list to the emergency response teams investigating the incident.

SECTION 5: SCHOOL RULES AND REGULATIONS

It is the goal of 138TH ST. SCHOOL to provide experiences for children that teach them compassion, commitment, and concern for others. It is understood that children learn what they experience, and therefore all adults model appropriate behavior for children. The faculty at the school help children behave in ways that are conducive to learning and building community. Classroom experiences create developmentally appropriate opportunities for autonomy and positive decision making. The essence of discipline is understanding behavior and finding effective alternatives to punishment.

138TH ST. SCHOOL is dedicated to helping children learn to meet their own needs while respecting the needs of others. Children and teachers decide upon agreements together for their mutual benefit. They also decide upon solutions that will be helpful to all concerned should problems arise. When teachers set limits without a student's input, they communicate clearly and firmly with kindness, dignity and respect. Teachers form empathic and positive relationships with their students, holding them to high standards of behavior.

Students are to adhere to the Wiseburn Unified and 138th St. School Code of Conduct at all times by:

1. Treating everyone with courtesy and respect.
2. Treating personal and school property with respect.
3. Helping create and maintain a positive and safe environment.
4. Coming to school prepared for learning.
5. Acting responsibly and accepting consequences for one's own actions.
6. Connecting and contributing to the community and the world around them.
7. Striving to make their community a safe, healthy learning environment for all.

It is our strong belief that while punishment may work in the short term to stop unwanted behavior immediately, long-range results may include resentment, revenge, rebellion, and/or retreat. Therefore, we use strategies that are not humiliating to children. Our approach is based upon mutuality and incorporates clear and firm expectations with respect for children so that a foundation for teaching life skills, good decision-making and self-regulation is emphasized.

The main objective in assigning consequences for misbehavior is to assist children in making good choices, whether in the classroom, at lunch time, or during recess. When a child is unsafe, interrupts learning, or clearly does not respect the needs of others, the following course of action occurs:

1. Children are reminded of the expected behavior and previously agreed-upon school standards.
2. Should the behavior continue, the teacher will conference with the child to determine good decision making.
3. When inappropriate behavior does not change, the principal and/or counselor will be consulted.
4. Finally, a conference will be called with the parent/guardian in order to assist the child in meeting the school's expectations for behavior.

Staff shall enforce disciplinary rules and procedures fairly and consistently amongst all students and afford all students with similar rights to due process. These disciplinary rules and procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations.

Discipline includes, but is not limited to, advising and counseling students, conferring with parents/guardians, detention during and after school hours, the use of alternative educational environments, suspension, and expulsion. 138TH ST. SCHOOL will follow all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the school has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. It does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to school property.

The Principal shall ensure that students and parents/guardians are notified in writing of all discipline policies, rules, and procedures and given an opportunity to provide input and feedback on discipline policies and procedures. Transfer students and their parents/guardians shall be so advised upon enrollment. The notice shall state that these disciplinary rules and procedures are available upon request in the office.

Suspended or expelled students shall be excluded from all school-related extracurricular activities unless otherwise agreed upon during the period of suspension or expulsion.

138TH ST. SCHOOL recognizes that engaging and rigorous curriculum, strong and individualized relationships with adults, positive activities and recognition programs, adequate supervision, and a solid culture of respect and regard for students, are excellent deterrents to negative behavior.

Absences

All students between the ages of 6 and 18 must attend school daily. Parents or guardians are responsible for sending their children to school (E.C. 48200). Parents/guardians will receive an automated phone message from School Messenger for each absence.

A parent note or phone call to the office at (310) 725-4700, is required on the first day of the absence. Students late to school must report to the office before reporting to class.

A student who is absent three full days without a valid excuse, or on three occasions is tardy or absent for more than 30 minutes, or any combination thereof, is a truant (E.C. Section 48260). Truancy can lead to severe consequences, including fines and criminal prosecution.

Students who are truant from school will be referred to the District Attendance Chairperson and a referral to the District Attendance Review Team (DART) and School Attendance Review Board (SARB) may occur.

Verified excused absences are:

- Illness
- Quarantine directed by county or city health officials
- Medical, dental or eye care services
- Attending funeral services for the immediate family
- Attending religious services

Excessive Absences

If a student is absent from school more than 10 school days in a school year, school notification will occur. A School Attendance Review Team (SART) meeting may occur when students are absent from school more than 10 days and when a clear pattern exists.

Tardies

It is the legal responsibility of the parent and student to see that the student arrives at school on time.

If students are late for school, consequences may be assigned as indicated in the Dana Middle School discipline matrix. If a student is late for school on five occasions the student will serve an extended detention (see Consequence Matrix).

Parents will be notified for each tardy by an automated message from School Messenger. After 10 tardies, parents will begin receiving letters in the mail and/or phone calls regarding continued attendance issues.

If a student reaches 15 tardies to school, a referral to the School Attendance Review Team (SART) for further action will occur. A violation of the School Attendance Review Team Contract will result in a referral to the District Attendance Review Team (DART). Further action may be taken by the School Attendance Review Board (SARB) if attendance does not improve.

Please note: The district may conduct home visits to verify student residency/attendance requirements.

Independent Study Program

This program was developed to help students on extended absence (minimum 5 days) continue their educational program. **Parents must notify the school office five or more working days prior to the absence.** In order to receive full credit, specific coursework will be assigned by a student's teachers and must be completed. Completed assignments must be turned in to the office upon the student's return. Copies are made of the completed student work. These copies remain on file in the office. Independent Study may also be authorized for students with special circumstances who have filled out the appropriate paperwork and who have been granted approval by Dana administration. Independent Study may be denied if the student is not leaving for reasons recognized in the Education Code.

MEDICAL/HEALTH INFORMATION

Accidents

If a student needs assistance getting to the health office, they should send a student to get a teacher or staff member.

School Health Office

The health clerk is on the school site five days a week. The health clerk is not able to treat wounds, breaks, cuts, or other injuries suffered outside the regular school day. It is against state law to administer or treat students except for first-aid emergencies. The district school nurse also provides annual hearing, vision testing, and scoliosis testing.

If a student has been ill they must stay at home until they have not had a fever, diarrhea, or vomiting for **24 hours**. **Student must be fever free for 24 hours without medication.** A student with an unknown rash or reddened eye (a sign of “pink eye”) will be sent home. Student must be symptom free and/or have a physician’s note stating that they are non-contagious in order to return to school.

Medication Administration

California Education Code, Section 49423 allows designated school personnel to assist pupils required to take prescription medication or over-the-counter medication during the school day. Medications must be taken directly to the Health Office. A **Medical Authorization Form** giving permission to administer medication during the school day must be signed by the physician and be on file in the health office. Students may not carry medication on their person unless it is authorized by their physician (i.e. inhaler). **Medical Authorization Forms** are available in the school office and must be completed each school year. Any individual student medical needs should be brought to the attention of the health office staff.

Illness at School

Ill or injured students should report to a teacher or yard supervisor. The teacher or yard supervisor will issue the student a pass to report to the health office. After a determination is made regarding the illness, the student will remain at school or will be sent home after the parent has been contacted. Students may not leave the Dana campus without permission.

Home Instruction for Extended Illness

Students in need of home instruction due to chronic and/or extended illness should contact the school principal and provide a physician referral to arrange for a home teaching program when appropriate.

McKinney Vento Act

Families who lack a fixed, regular and adequate nighttime residence may be eligible for programs and services to assure that children receive equal access to free and appropriate public education and appropriate services in order to be successful in school.

Foster Youth

Guardians of children living in foster care and group homes should meet with the school administrator to discuss unique educational needs.

138TH ST. SCHOOL-WIDE DISCIPLINE PLAN

The intent of this School-wide Discipline Plan is to encourage students to demonstrate self-discipline and responsibility and to insure that children develop to their full potential academically, socially and physically. This development can best take place in an environment which protects the rights of everyone.

Students should not interfere with another's learning or safety. Students should be made aware that we live and work in groups and groups need rules.

- Review and discuss the importance of the School Discipline Plan with your child.
- Parents are to sign and return all White Slips when given. It is appropriate to discuss and again reinforce proper behavior with your child.

PROGRESSIVE DISCIPLINE

It is the primary focus of 138th St. School's Discipline Plan to encourage good citizenship through praise, rewards, and other positive consequences. We believe in having a proactive plan in place regarding student behavior. However, when rules are broken or behavior disrupts the educational program, negative consequences must occur in order to help the student learn self-control.

GOOD BEHAVIOR REWARDS

We believe that the most important part of any discipline plan is a program to acknowledge and motivate good behavior. Each teacher has developed an individual classroom program to promote good citizenship. Rewarding good citizenship is also an integral part of discipline throughout the school.

Authority to Suspend

Only the Principal or the Principal's designee(s) may suspend a student from 138TH ST. SCHOOL. The "designee" is one or more administrators specifically designated by the Principal, in writing, to assist with disciplinary procedures.

The Principal may, in writing, also designate a certificated employee as a secondary designee to assist with disciplinary procedures when no administrator is at the school at which the suspension needs to be issued. The Principal may designate only one certificated person at a time.

Conference

Suspension shall be preceded by a conference conducted by the Principal or designee with the student and his/her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent and student shall be notified of the student's right to return to school for the purpose of a conference. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. Notice to Parents

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent by telephone or in person. Whenever a student is suspended, the parent shall be notified in writing of the suspension. This notice shall state the specific offense(s) committed by the student and indicate the date and time when the student may return to school. If school officials wish to ask the parent to confer regarding matters pertinent to the suspension, the notice will request that the parent respond to such requests without delay.

No penalties may be imposed on a student for failure of the student's parent to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent at the conference.

Suspension Time Limits

A student shall not be suspended from school for more than five (5) consecutive school days, and not more than twenty (20) school days in any school year. These restrictions on the number of days of suspension do not apply when the suspension is extended pending an expulsion.

A student with an IEP or Section 504 Plan may be suspended from school in the same manner as all other students. However, after ten (10) days of suspension in the same school year, where the student is removed from his/her current placement, a manifestation determination meeting must be held with a team comprised of staff, the parent, and relevant persons to review the student's IEP or Section 504 Plan, any teacher observations, and any relevant information provided by the parent to determine if the conduct was:

1. Caused by, or had a direct and substantial relationship to, the student's disability; or
2. The direct result of the 138TH ST. SCHOOL's failure to implement the IEP or Section 504 Plan.

Suspension Appeals

A parent may appeal a suspension within five (5) school days from the date the suspension was issued. The request is to be submitted to the Principal to correct or remove any information (regarding the incident and circumstances that resulted in the suspension) recorded in the student's record which the student or parent alleges to be any of the following:

1. Inaccurate.
2. An unsubstantiated personal conclusion or inference.
3. A conclusion or inference outside of the observer's area of competence.
4. Not based on the personal observation of a named person with the time and place of the observation noted.
5. Misleading.
6. In violation of the privacy or other rights of the student.

Within thirty (30) days of receipt of an appeal, a neutral officer or a hearing panel from the Wiseburn USD shall meet with the student and parent and any pertinent school personnel. A hearing panel shall be composed of the following persons, provided that the parent or adult student has given written

consent to release information from the student's records to the members of the panel so convened: a school administrator of a school other than 138TH ST. SCHOOL, a certificated employee, and a non-certificated employee.

If the neutral officer or hearing panel sustains any or all of the allegations, the Principal shall be ordered to correct or remove and destroy the information regarding the incident and circumstances that resulted in the suspension from the student's records. If the neutral officer or hearing panel upholds the suspension, the matter is closed. The parent or student has the right to include in the student's record a written statement or response concerning the disciplinary action.

Grounds for Expulsion

Expulsion means the removal of a student from the immediate supervision and control, or the general supervision, of school personnel at 138TH ST. SCHOOL. A student may be expelled when his/her behavior is related to a school activity or school attendance occurring at 138TH ST. SCHOOL or at any other school, regardless of when it occurs, including, but not limited to, the following:

- while on school grounds;
- while going to or coming from school;
- during the lunch period, whether on or off the school campus; or
- during, going to, or coming from a school-sponsored activity.

Discretionary Expellable Offenses

The Principal may recommend the expulsion of a student for any of the following acts, unless the Principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction could appropriately address the conduct:

- (1) Caused, attempted to cause, or threatened to cause physical injury to another person.
- (2) Willfully used force or violence upon the person of another, except in self-defense.
- (3) Possessed, sold, or otherwise furnished an object that could be deemed dangerous, unless, in the case of possession of an object of this type, the student had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or his/her designee.

- (5) Unlawfully offered, arranged, or negotiated to sell a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.

(A) “Smoking” has the same meaning as in subdivision (c) of Section 22950.5 of the Business and Professions Code

(B) “Tobacco product” means a product or device as defined in subdivision (d) of Section 22950.5 of the Business and Professions Code.

- (15) Harassed, threatened, or intimidated a student who is a complaining witness or a witness in a school disciplinary proceeding for purposes of either preventing that student from being a witness and/or retaliating against that student for being a witness.
- (16) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- (17) Engaged in, or attempted to engage in, hazing. “Hazing” means a method of initiation or preinitiation into a student organization or body, whether the organization or body is officially recognized by an educational institution, that is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. “Hazing” does not include athletic events or school-sanctioned events.
- (18) Aided or abetted, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person.
- (19) Committed sexual harassment as defined in Section 212.5 of the Education Code. - (20) Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233 of the Education Code.
- (21) Intentionally engaged in harassment, threats, or intimidation, directed against school personnel or students, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or students by creating an intimidating or hostile educational environment.
- (22) Made terroristic threats against school officials and/or school property. “Terroristic threat” includes any written or oral statement by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a

threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his/her own safety or for his/her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his/her immediate family.

- (23) Engaged in an act of bullying. The following terms have the following meanings:
- (A) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students as described in #19-21 above, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
 - (i) Placing a reasonable student in fear of harm his/her person or property.
 - (ii) Causing a reasonable student to experience a substantially detrimental effect on his/her physical or mental health.
 - (iii) Causing a reasonable student to experience substantial interference with his/her academic performance.
 - (iv) Causing a reasonable student to experience substantial interference with his/her ability to participate in or benefit from the services, activities, or privileges provided by the school.
 - (B) "Electronic act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
 - (i) A message, text, sound, video, or image.

 - (c) Creating a false profile for the purpose of having one or more of the effects listed in paragraph (A). "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

 - (a) "Cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to

another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in paragraph (A). The photograph or other visual recording must include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) “Cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

(C) An electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

(D) “Reasonable student” means a student, including, but not limited to, an exceptional needs student, who exercises average care, skill, and judgment in conduct for a person of his/her age, or for a person of his/her age with his/her exceptional needs.

Both the recommendation and order to expel a student for committing any of the acts listed above must be based on a finding of one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. Due to the nature of the act, the presence of the student causes a continuing danger to the physical safety of the student or others.

Mandatory Expellable Offenses

The Principal shall recommend expulsion of a student that is determined to have committed any of the following acts:

- (1) Possessed, sold, or otherwise furnished a firearm. The act of possessing an imitation firearm, as defined above, is not an offense for which expulsion is mandatory.

- (3) Unlawful sale of a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.
- (4) Committed or attempted to commit a sexual assault as defined in Section 261, 266c, 286, 288, 288a, or 289 of the Penal Code or committed a sexual battery as defined in Section 243.4 of the Penal Code.
- (5) Possessed an explosive.

Expulsion Procedures

Extension of Suspension

Upon a recommendation for expulsion, the student and parent will be invited to a meeting with the Principal and Wiseburn USD District Office Administrator to determine if the suspension should be extended, beyond five (5) days, pending an expulsion hearing. That determination shall be based on a finding that either the student’s presence would cause a danger to persons or property or a threat of disrupting the instructional process.

If a student is a foster youth, as defined in EC 48853.5, the Principal or designee shall also invite the student's attorney and appropriate representative of the county child welfare agency to participate in the extension of suspension meeting

Authority to Expel

Only the Principal can recommend the expulsion of a student from 138TH ST. SCHOOL, and only the Administrative Hearing Panel ("Panel") consisting of the Wiseburn USD District Office and site administrators may order the expulsion following a hearing before it. The Panel shall include three or more certificated persons – none of whom are members of the Board or on the staff of 138TH ST. SCHOOL in which the student is enrolled – that are familiar with the state and federal laws governing the suspension and expulsion process. Panel members may include, school administrators, Assistant Superintendent's or Directors from the Wiseburn USD, one of whom shall be identified as the presiding officer. 138TH ST. SCHOOL shall be responsible for assembling the Panel that will hear and determine the outcome of each expulsion matter. The Panel's decision in the matter is final.

Notice of Expulsion Hearing

Written notice of the hearing shall be forwarded to the student and the student's parent at least ten (10) calendar days before the date of the hearing. The notice shall include all of the following:

1. The date, time, and place of the hearing.
2. A statement of specific facts and charges upon which the proposed expulsion is based.
3. A copy of 138TH ST. SCHOOL's disciplinary rules that relate to the alleged violation.
4. A statement of the student's or parent's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment.
5. The right to appear in person or to be represented by legal counsel or a non-attorney advisor.
 - "Legal counsel" means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.
 - "Nonattorney adviser" means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or parent to provide assistance at the hearing.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The right to confront and question all witnesses who testify at the hearing.
8. The right to question all evidence presented, and to present oral and documentary evidence on the student's behalf, including witnesses.

If a foster youth, as defined in EC 48853.5, is recommended for expulsion, the notice of hearing must also be provided to the student's attorney and an appropriate representative of the county child welfare agency at least ten (10) days prior to the date of the hearing. The notice may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

If a homeless youth, as defined in 42 USC 11434a(2), is recommended for expulsion, the notice of hearing must also be provided to the Wiseburn USD School's designated homeless liaison at least ten (10) days prior to the date of the hearing. The notice may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

Expulsion Hearing

Students recommended for expulsion are entitled to a hearing before the Panel, as described above, to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the student has committed an expellable offense. The student is entitled to one postponement of an expulsion hearing, for a period of not more than thirty (30) calendar days. Any additional postponements may be granted at the discretion of the Wiseburn USD for good cause.

The hearing shall be conducted in a session closed to the public, unless the student submits a written request, at least five (5) days prior to the date of the hearing, to have the hearing conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in closed or public session, the Panel may meet in closed session to deliberate and determine whether the student should be expelled.

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs.

A decision of the Panel to expel must be documented in its findings of fact based upon substantial evidence relevant to the charges presented at the hearing. No decision to expel shall be based solely on hearsay evidence, except when the Panel, upon finding that good cause exists, determines that the disclosure of either the identity of a witness and/or the testimony of that witness at the hearing would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

If the Panel decides not to order the expulsion, the student shall be immediately reinstated and permitted to return to his/her educational program at 138TH ST. SCHOOL.

Expulsion Hearings Involving Allegations of Sexual Assault or Sexual Battery

In a hearing involving allegations of sexual assault or sexual battery, a complaining witness shall be provided with a copy of the applicable disciplinary rules and advised of his/her right to:

1. Receive five (5) days' notice before being called to testify at the hearing.
2. Have up to two adult support persons of his/her choosing (*i.e.*, parent, legal counsel), present in the hearing at the time he/she testifies.
3. Have the hearing closed during the time he/she testifies.

The following are procedures for all hearings involving allegations of sexual assault or sexual battery:

1. The hearing may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of the complaining witness.
2. A nonthreatening environment shall be provided for a complaining witness in order to better enable him/her to speak freely and accurately of the experiences that are the subject of the expulsion hearing, and to prevent discouragement of complaints.
3. A room separate from the hearing room must be provided for the complaining witness to use prior to and during breaks in the testimony.
4. The presiding officer:

- a. Shall allow the complaining witness reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - b. May arrange the seating within the hearing room of those present in order to facilitate a less intimidating environment for the complaining witness.
 - c. May limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
 - d. May permit one of the complaining witness's support persons to accompany him or her to the witness stand.
5. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential and may not be discussed with anyone not in attendance at the hearing. The presiding officer of the Panel may remove a support person whom he/she finds is disrupting the hearing. If one or both of the support persons is also a witness, the following provisions apply:
- a. 138TH ST. SCHOOL must present evidence that the person's presence is both desired by, and will be helpful to, the complaining witness.
 - b. The presiding officer shall permit the person to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person.
 - c. The presiding officer may remove a person from the hearing whom he/she believes is prompting, swaying, or influencing the witness.
 - d. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from hearing room during that testimony.
6. Evidence of specific instances, of a complaining witness' prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the presiding officer that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness' prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.
7. If the hearing is to be conducted at a public meeting, a complaining witness shall have the right to have his/her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

Record of Expulsion and Expulsion Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

138TH ST. SCHOOL and the Wiseburn USD Administrative Office shall maintain a record of each expulsion, including the expulsion order and the causes for the expulsion, in the student's mandatory interim record. The record shall be forwarded to any school in which the student subsequently enrolls upon receipt of a request from the new school for the student's records.

Written Notice to Expel

Within three (3) school days after the hearing, the Principal shall send written notice of the Panel's decision to expel, including the findings of fact, to the student and parent. This notice shall also include the following:

1. The specific offense committed by the student.
2. A statement of the student's or parent's obligation to inform any school which the student seeks to enroll of the student's expulsion.
3. The date when the student can be reviewed for readmission, and a description of the process by which readmission is conducted.
4. A copy of the rehabilitation plan
5. The education alternative placement to be provided to the student during the time of expulsion.
6. The right to appeal the expulsion to 138TH ST. SCHOOL Board of Trustees, including the timeline and manner in which an appeal must be submitted.

Rehabilitation Plan

At the time of the expulsion order, the Panel shall establish a rehabilitation plan for the student, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The plan should include the specific conditions that the student must satisfy during the period of expulsion and can include improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs. The stipulated conditions should be reasonable for the student to meet based on his/her specific circumstances, address the act(s) for which the student was expelled, and not require a cost or fee to the student or parent. The student may not be required to enroll in a drug rehabilitation program without parental consent.

Placement

138TH ST. SCHOOL shall be responsible for the appropriate interim placement of students pending the outcome of the expulsion proceedings and shall facilitate the placement of an expelled student. If a parent chooses a different placement, 138TH ST. SCHOOL shall ensure that the student will be able to meet the conditions of the rehabilitation plan through that placement.

Period of Expulsion and Readmission

At the time of the expulsion order, the Panel shall set a date not more than one (1) calendar year from the date the expulsion occurred, when the student shall be reviewed for readmission to 138TH ST. SCHOOL. In determining the period of expulsion, the Panel shall consider the nature of the act that resulted in the student's expulsion, including, but not limited to, the severity and intent of the act, the student's specific circumstances, and the safety of the student and others at 138TH ST. SCHOOL.

Ten (10) calendar days prior to the date set for readmission, the Principal or designee shall contact the expelled student at his/her last known address to schedule a readmission meeting with the

SUPERINTENDENT OR DESIGNEE. The student shall be asked to provide documentation of proof that he/she has satisfactorily met the conditions of the rehabilitation plan.

On the date set for readmission, Wiseburn USD shall review the expulsion case, with or without the student, to determine whether the student has met the conditions for readmission and determine placement. If the student has met the conditions of the rehabilitation plan and completes the readmission process, the student is reinstated. If certain conditions of the rehabilitation plan are not met, the SUPERINTENDENT OR DESIGNEE has the discretion to waive those conditions due to mitigating circumstances or deny readmission until the student has satisfactorily met all the conditions of the plan. The SUPERINTENDENT OR DESIGNEE may also deny readmission to a student if he/she finds that the student poses a danger to campus safety or to others.

A student who has been denied readmission shall either continue attendance at his/her placement during the period of expulsion or another educational program. The Superintendent or Designee shall provide written notice to the expelled student and his/her parent describing the reason(s) for denying the student's re-admittance into 138TH ST. SCHOOL, the educational placement during the extended period of expulsion, and the conditions for re-admittance. The student shall be readmitted once he/she can provide the SUPERINTENDENT OR DESIGNEE with proof that he/she has satisfactorily met all the conditions for re-admittance.

Expulsion Appeals

The parent may appeal the expulsion by submitting a written request to the Wiseburn USD Superintendent or Designee of 138TH ST. SCHOOL within ten (10) calendar days from the date of the written notice to expel. The request must specify the reason(s) for the appeal and include any supporting documentation.

Upon receipt of a timely request, the Superintendent shall convene a hearing before the Board of Trustees ("Board") within thirty (30) calendar days. Notice of the hearing shall be provided to the student and parent at least ten (10) calendar days prior to the date of the hearing. The notice shall include all of the following:

1. The date, time, and place of the hearing.
2. A statement of specific facts and charges upon which the expulsion is based.
3. The right to appear in person or to be represented by legal counsel or a non-attorney advisor.
4. A statement that the appeal shall be heard in closed session, unless the parent requests in writing at least five (5) calendar days prior to the hearing that it be conducted at a public meeting. If such request is made, the hearing shall be held in public session as long as the privacy rights of any other students would not be violated by doing so.
5. The right to provide a five-minute oral presentation before the Board, summarizing the reason(s) for the appeal.
6. A statement that failure to pursue the appeal with diligence within the time frames established by Wiseburn USD may be deemed an abandonment of the appeal and the SUPERINTENDENT OR DESIGNEE may dismiss the appeal.

The Board's review is limited to the record of proceeding of the Panel. Unless evidence was improperly excluded or, in the exercise, no evidence other than that contained in the record of proceeding may be heard. The Board's review of the Panel's decision shall be limited to the following questions:

1. Whether the Panel acted without or in excess of its jurisdiction (*e.g.*, the hearing was not commenced within the time periods established by 138TH ST. SCHOOL, the expulsion order is not based on an expellable act, the act is not related to school activity or school attendance).
2. Whether there was a fair hearing before the Panel.
3. Whether there was a prejudicial abuse of discretion in the hearing (*e.g.*, school officials did not meet the procedural requirements established by 138TH ST. SCHOOL, the decision to expel is not support by the prescribed findings, the findings are not supported by substantial evidence).
4. Whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not be produced at the time of the expulsion hearing.

The Board may either reverse or uphold the decision of the Panel. If the Board enters a decision to reverse the Panel's decision, the Board may direct 138TH ST. SCHOOL to expunge any references to the expulsion action in its records and that of the student, and the expulsion shall be deemed not to have occurred. The Board's decision shall be final. Within three (3) school days of the hearing, the student and the 138TH ST. SCHOOL Principal shall be notified, in writing, of the Board's final order.

Special Considerations: Suspension and Expulsion of Students with Disabilities

Notification of SELPA

The Wiseburn USD shall immediately notify and coordinate with the SELPA the suspension or expulsion of any student with a disability or whom 138TH ST. SCHOOL or SELPA would be deemed to have knowledge of having a disability.

Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum; to progress toward meeting the goals set forth in the student's IEP or Section 504 Plan; and to receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the misconduct so that it does not recur. These services may be provided in an interim alternative educational setting.

Procedural Safeguards/Manifestation Determination

Within five (5) school days of a recommendation for expulsion, and prior to the extension of suspension meeting, or any decision to change the placement of a student due to behavioral issues, staff, the parent, and relevant members of the IEP or Section 504 Team ("Team") shall review all relevant information in the student's file, including the student's IEP or Section 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
2. If the conduct in question was the direct result of 138TH ST. SCHOOL's failure to implement the IEP or Section 504 Plan.

If the student is a foster youth, as defined in EC § 48853.5, and 138TH ST. SCHOOL has proposed a change of placement due to an act for which a decision to recommend expulsion is at the discretion of the Principal, the student's attorney and an appropriate representative of the county

child welfare agency shall be invited to participate in a Team meeting that makes a manifestation determination. The invitation may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

If the student is a homeless youth, as defined in 42 USC § 11434a (2), and 138TH ST. SCHOOL has proposed a change of placement due to an act for which a decision to recommend expulsion is at the discretion of the Principal, the designated homeless liaison for 138TH ST. SCHOOL shall be invited to participate in the Team meeting that makes a manifestation determination. The invitation may be made using the most cost-effective method possible, which may include, but is not limited to, electronic mail or a telephone call.

If the Team determines that either of the above is applicable for the student, the conduct shall be determined to be a manifestation of the student's disability. In which case, the Team shall:

1. Conduct a functional behavioral assessment and implement a behavioral intervention plan for the student, provided that 138TH ST. SCHOOL had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
2. Develop a behavior intervention plan, or if a plan has already been developed, review and modify it, as necessary, to address the behavior; and
3. Return the student to the placement from which he/she was removed, unless the parent and 138TH ST. SCHOOL agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Team determines that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of 138TH ST. SCHOOL's failure to implement the IEP or Section 504 Plan, then 138TH ST. SCHOOL may apply the relevant disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

Due Process Appeals

The parent of a student with a disability who disagrees with any decision regarding placement or the manifestation determination, or 138TH ST. SCHOOL believes that maintaining the current placement of the student is substantially likely to result in injury to the student or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or 138TH ST. SCHOOL, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) school day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and 138TH ST. SCHOOL agree otherwise.

Special Circumstances

138TH ST. SCHOOL personnel may consider any unique circumstances on a case-by- case basis when determining whether to order a change in placement for a child with a disability who violates 138TH ST. SCHOOL's code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

1. Carries or possesses a weapon, as defined in 18 USC § 930, to or at school, on school premises, or to or at a school function;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
3. Has inflicted serious bodily injury, as defined by 20 USC § 1415(k)(7)(D), upon another person while at school, on school premises, or at a school function.

The student's interim alternative educational setting shall be determined by the Team.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated 138TH ST. SCHOOL's code of student conduct may assert the procedural safeguards granted under this administrative regulation only if 138TH ST. SCHOOL had knowledge that the student was disabled before the behavior occurred.

138TH ST. SCHOOL shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

1. The parent expressed concern, in writing, or orally if the parent does not know how to write or has a disability that prevents a written statement, to the supervisory or administrative personnel of 138TH ST. SCHOOL, or to one of the student's teachers, that the student is in need of special education or related services;
2. The parent has requested an evaluation of the student pursuant to 20 USC § 1414(a)(1)(B); or
3. The student's teacher, or other 138TH ST. SCHOOL personnel, has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the director of special education or to other supervisory personnel of 138TH ST. SCHOOL.

If 138TH ST. SCHOOL knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible individual with disabilities, including the right to stay-put.

138TH ST. SCHOOL shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible. If 138TH ST. SCHOOL had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. 138TH ST. SCHOOL shall conduct an expedited evaluation if requested by the parent; the student shall remain in the education placement determined by 138TH ST. SCHOOL pending the results of the evaluation.

Involuntary Removals

A student shall not be involuntarily removed by 138TH ST. SCHOOL for any reason unless the parent has been provided written notice the intent to remove the student no less than five (5) school days before the effective date of action. "Involuntary removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions.

The written notice shall be in the native language of the student or parent and shall inform him/her of the right to a hearing with the SUPERINTENDENT OR DESIGNEE, or other neutral officer designated by the SUPERINTENDENT OR DESIGNEE. A hearing requested by the parent shall be subsequently followed by a timely, written notice that includes:

1. The date, time, and location of the hearing, that is reasonable to the student and parent.
2. A statement of specific facts and charges upon which the proposed involuntary removal is based.
3. The right to appear in person or to be represented by legal counsel or a non-attorney advisor.
4. The right to inspect and obtain copies of all documents to be used at the hearing.
5. The right to confront and question all witnesses who testify at the hearing.
6. The right to question all evidence presented, and to present oral and documentary evidence on the student's behalf, including witnesses.
7. The student's right to remain enrolled and not be removed until a final decision is issued.

A decision of the SUPERINTENDENT OR Designee must be documented in his/her findings of fact based upon substantial evidence relevant to the charges presented at the hearing. No decision to involuntarily remove a student shall be based solely on hearsay evidence, except when the SUPERINTENDENT OR Designee, upon finding that good cause exists, determines that the disclosure of either the identity of a witness and/or the testimony of that witness at the hearing would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the SUPERINTENDENT OR Designee. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

If the SUPERINTENDENT OR Designee decides not to order the involuntary removal of a student, the student shall be immediately reinstated and permitted to return to his/her educational program at 138TH ST. SCHOOL.

If the SUPERINTENDENT OR Designee determines that there is sufficient evidence to involuntarily remove a student, his/her decision, along with the findings of fact, shall be provided to the student and parent in writing within three (3) school days from the date of the hearing. The decision of the SUPERINTENDENT OR Designee is final.

Notification Requirements

If a student, subject to compulsory full-time education pursuant to EC 48200, is expelled or leaves 138TH ST. SCHOOL without graduating or completing the school year for any reason, 138TH ST. SCHOOL notify the superintendent of the school district of the student's last known address within thirty (30) days and shall, upon request, provide that school district with a copy of the student's records, including report cards or a transcript of grades, and health information.

Upon the severance of attendance by any student subject to the compulsory education laws of California, whether by expulsion, exclusion, exemption, transfer, suspension beyond ten (10) school days, or other reasons, 138TH ST. SCHOOL shall report such severance to the superintendent of the Wiseburn Unified School District. The report shall include names, ages, last known address, and the reason for each such severance.

SECTION 7: NOTIFYING TEACHERS OF DANGEROUS STUDENTS

Education Code 49079 requires the notification of teachers of students assigned to them who, in the last three years, have engaged in, or are reasonably suspected to have engaged in, any of the acts which could constitute grounds for suspension or expulsion, with the exception of the possession or use of tobacco products. This information shall be based upon any records maintained by the school (*i.e.*, discipline referrals, suspension notices), or received from a law enforcement agency.

Teachers shall receive the information in confidence and shall not disseminate it further. The information is also available in the student's education records.

SECTION 8: BULLYING & CYBERBULLYING

138TH ST. SCHOOL believes that all students have a right to a safe and healthy school environment. Bullying has a negative effect on the social environment of schools, creates a climate of fear among students, and leads to other antisocial behavior. Recognizing the harmful effects of bullying on student learning and school attendance, school employees have an obligation to promote mutual respect, tolerance, and acceptance.

138TH ST. SCHOOL will not tolerate behavior that infringes on the safety of any student. No individual or group shall intimidate, harass, sexually harass, threaten, cause bodily injury to, or commit hate violence against another student or school personnel through physical, written, verbal, or other means. Such behavior includes: direct physical contact, such as hitting or shoving, or taking or breaking another individual's property; verbal assaults, such as name-calling, taunting, making inappropriate sexual comments, or threatening to cause harm; and social isolation, embarrassment, or manipulation.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, videos, or images. Cyberbullying can include sharing personal or private information about another student, causing embarrassment or humiliation.

As appropriate, 138TH ST. SCHOOL may collaborate with law enforcement and community-based organizations and agencies in the development and implementation of strategies to promote safety in schools and the community and to provide services for alleged victims, witnesses, and perpetrators of bullying.

Bullying Intervention

Students are expected to immediately report to the principal or designee incidents of bullying or when there is suspicion that a student is being victimized on school grounds, while traveling to and from school, during the lunch period, and during a school-sponsored activity. The principal or designee shall develop means for students to report threats or incidents confidentially and anonymously. School counselors have been trained in conflict resolution and conduct meetings on campus regularly for students to discuss issues with their teachers and with the administrative offices.

School employees who witness an act of bullying are trained to immediately intervene to stop the incident when it is safe to do so.

When appropriate based on the severity or pervasiveness of the bullying, the principal, or principal's designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The principal or designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate.

Reporting and Filing of Complaints

Any individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a district office compliance officer, or any other available school employee. A school employee who receives a report or is witness of an incident of bullying involving a student shall notify the principal within one business day, whether or not the alleged victim files a complaint.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Principal or Designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Complaints or reports filed should include, at minimum, the following information:

1. Description of the incident, including date, time, and location of such incident
2. Identity of the alleged victim(s) and alleged offender(s)
3. List of witnesses who may have relevant information
4. Any evidence of the bullying allegations

Investigation and Resolution of Complaints

All complaints of bullying must be investigated by the principal or designee within ten business days from the date the complaint was filed. The principal or designee shall take all necessary actions to resolve the complaint and provide the complainant with a final written decision that contains, at minimum, the following elements:

1. A description of the complaint
2. The list of evidence gathered and reviewed
3. The rationale for the decision based on evidence and any applicable laws or Wiseburn USD policies
4. Corrective actions, if any are warranted

Discrimination, harassment, intimidation, and bullying based on actual or perceived status of a student belonging to a protected class is prohibited. If the principal or designee, in the course of the investigation, determines that discriminatory harassment, intimidation, or bullying has occurred, the principal or designee shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with Wiseburn USD Uniform Complaint Procedures (UCP). The principal or designee shall also inform the Superintendent or Designee of the complaint, who shall then investigate and resolve the complaint in accordance with the UCP.

As part of the investigation, the principal or designee shall provide an opportunity for the complainant, or the complainant's representative, or both, to present evidence or information to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation. Refusal by the complainant to provide documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Interviews of the alleged victim(s), any alleged offenders, and other relevant witnesses shall be conducted privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

All complainants shall be protected from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or discriminatory harassment, intimidation, or bullying, the Superintendent or Designee shall keep the

identity of the complainant, and/or the subject of the complaint if he/she is different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

As appropriate, interim measures shall be implemented during and pending the result of an investigation and shall remain in place until the principal or designee determines they are no longer necessary.

Corrective Actions and Disciplinary Measures

When a complaint is found to have merit, appropriate remedies that may be offered to the victim but not communicated to the offender may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided that the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and that there has been no retaliation

Corrective actions for a student determined to have committed an act of bullying of any type may include, but are not limited to, the following:

1. Transfer from a class or school
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges
7. Disciplinary action, such as suspension, expulsion, or involuntary removal as permitted by law

Any school employee who permits or engages in bullying or retaliation related to bullying shall be subjected to disciplinary action, up to and including dismissal.

SECTION 9: SUICIDE PREVENTION

138TH ST. SCHOOL is committed to protecting the health and well-being of all students by having procedures in place to prevent, assess the risk of, intervene in, and respond to suicide. The school:

- Recognizes that physical, behavioral, and emotional health is an integral component of a student's educational outcomes
- Recognizes that suicide is a leading cause of death among young people
- Has an ethical responsibility to take a proactive approach in preventing deaths by suicide
- Acknowledges its role in providing an environment which is sensitive to individual and societal factors that place youth at greater risk for suicide and one which helps to foster positive youth development.

Suicide Prevention

The principal shall designate a suicide prevention coordinator to act as a point of contact to address issues relating to suicide prevention and policy implementation. All staff members shall report students they believe to be at elevated risk for suicide to the suicide prevention coordinator.

Staff Professional Development

All staff receive annual professional development on risk factors, warning signs, protective factors, response procedures, referrals, postvention, and resources regarding youth suicide prevention. The professional development will include additional information regarding groups of students at elevated risk for suicide, including those:

- Living with mental and/or substance use disorders
- Who engage in self harm or have attempted suicide
- In out-of-home settings
- Experiencing homelessness
- Who are American Indian/Alaska Native
- Who are LGBTQ (lesbian, gay, bisexual, transgender, and questioning)
- Bereaved by suicide
- With medical conditions or certain types of disabilities

Additional professional development in risk assessment and crisis intervention will be provided to school employed mental health professionals and school nurses.

Youth Suicide Prevention Programming

Developmentally-appropriate, student-centered education materials will be integrated into the curriculum of all advisory classes. The content of these age-appropriate materials will include:

- The importance of safe and healthy choices and coping strategies.
- How to recognize risk factors and warning signs of mental disorders and suicide in oneself and others.

- Help-seeking strategies for oneself or others, including how to engage school resources and refer friends for help. In addition, schools may provide supplemental small group suicide prevention programming for students.

Publication and Distribution

The Wiseburn USD suicide prevention policy will be distributed annually and included in all student and teacher handbooks and posted on the school website.

Assessment and Referral

When a student is identified by a staff person as potentially suicidal (*i.e.*, verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers) the student will be seen by a school employed mental health professional within the same school day to assess risk and facilitate referral. If there is no mental health professional available, a school nurse or administrator will fill this role until a mental health professional can be brought in.

For youth at risk:

1. School staff will continuously supervise the student to ensure his/her safety.
2. The principal and school suicide prevention coordinator will be made aware of the situation as soon as reasonably possible.
3. The school-employed mental health professional or principal will contact the student's parent/guardian, as described in the Parental Notification and Involvement section, and will assist the family with urgent referral. When appropriate, this may include calling emergency services or bringing the student to the local Emergency Department, but in most cases will involve setting up an outpatient mental health or primary care appointment and communicating the reason for referral to the healthcare provider.
4. Staff will ask the student's parent/guardian for written permission to discuss the student's health with outside care, if appropriate.

In-School Suicide Attempts

In the case of an in-school suicide attempt, the health and safety of the student is paramount. In these situations:

1. First aid will be rendered until professional medical treatment and/or transportation can be received, following 138TH ST. SCHOOL' emergency medical procedures.
2. Staff will supervise the student to ensure his/her safety.
3. Staff will move all other students out of the immediate area as soon as possible.
4. If appropriate, staff will immediately request a mental health assessment for the youth.
5. The school-employed mental health professional or principal will contact the student's parent/guardian, as described in the Parental Notification and Involvement section.
6. Staff will immediately notify the principal or school suicide prevention coordinator regarding in-school suicide attempts.
7. The suicide prevention coordinator will engage, as necessary, the crisis team to assess whether additional steps should be taken to ensure student safety and well-being.

Re-Entry Procedure

For students returning to school after a mental health crisis (*e.g.*, suicide attempt or psychiatric hospitalization), a school-employed mental health professional, the principal or designee will meet with the student's parent/guardian, and if appropriate, meet with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school.

1. A school-employed mental health professional or other designee will be identified to coordinate with the student, his/her parent/guardian, and any outside mental health care providers.
2. The parent/guardian will provide documentation from a mental health care provider that the student has undergone examination and that he/she is no longer a danger to himself/herself or others.
3. The designated staff person will periodically check in with student to help the student readjust to the school community and address any ongoing concerns.

Out-of-School Suicide Attempts

If a staff member becomes aware of a suicide attempt by a student that is in progress in an out-of-school location, the staff member will:

1. Call the police and/or emergency medical services, such as 911.
2. Inform the student's parent/guardian.
3. Inform the suicide prevention representative (*i.e.* school counselor or school psychologist) and principal.

If the student contacts the staff member and expresses suicidal ideation, the staff member should maintain contact with the student (either in person, online, or on the phone). The staff member should then enlist the assistance of another person to contact the police while maintaining verbal engagement with the student.

Parental Notification and Involvement

In situations where a student is assessed at risk for suicide or has made a suicide attempt, the student's parent/guardian will be informed as soon as practicable by the principal, designee, or mental health professional. If the student has exhibited any kind of suicidal behavior, the parent/guardian should be counseled on "means restriction," limiting the child's access to mechanisms for carrying out a suicide attempt. Staff will also seek parental permission to communicate with outside mental health care providers regarding their child.

Through discussion with the student, the principal or school-employed mental health professional will assess whether there is further risk of harm due to parent/guardian notification. If the principal, designee, or mental health professional believes, in their professional capacity, that contacting the parent/guardian would endanger the health or well-being of the student, he/she may delay such contact as appropriate. If contact is delayed, the reasons for the delay should be documented.

Postvention

Development and Implementation of an Action Plan

The crisis team will develop an action plan to guide school response following a death by suicide. A meeting of the crisis team to implement the action plan should take place immediately following news of the suicide death. The action plan may include the following steps:

1. **Verify the death.** Staff will confirm the death and determine the cause of death through communication with a coroner's office, local hospital, the student's parent/guardian, or police department. Even when a case is perceived as being an obvious instance of suicide, it should not be labeled as such until after a cause of death ruling has been made. If the cause of death has been confirmed as suicide but the parent/ guardian will not permit the cause of death to be disclosed, the school will not share the cause of death but will use the opportunity to discuss suicide prevention with students.
2. **Assess the situation.** The crisis team will meet to prepare the postvention response, to consider how severely the death is likely to affect other students, and to determine which students are most likely to be affected. The crisis team will also consider how recently other traumatic events have occurred within the school community and the time of year of the suicide. If the death occurred during a school vacation, the need for or scale of postvention activities may be reduced.
3. **Share information.** Before the death is officially classified as a suicide by the coroner's office, the death can and should be reported to staff, students, and parents/guardians with an acknowledgement that its cause is unknown. Inform the faculty that a sudden death has occurred, preferably in a staff meeting. Write a statement for staff members to share with students. The statement should include the basic facts of the death and known funeral arrangements (without providing details of the suicide method), recognition of the sorrow the news will cause, and information about the resources available to help students cope with their grief. Public address system announcements and school-wide assemblies should be avoided. The crisis team may prepare a letter (with the input and permission from the student's parent/ guardian) to send home with students that includes facts about the death, information about what the school is doing to support students, the warning signs of suicidal behavior, and a list of resources available.
4. **Avoid suicide contagion.** It should be explained in the staff meeting described above that one purpose of trying to identify and give services to other high-risk students is to prevent another death. The crisis team will work with teachers to identify students who are most likely to be significantly affected by the death. In the staff meeting, the crisis team will review suicide warning signs and procedures for reporting students who generate concern.
5. **Initiate support services.** Students identified as being more likely to be affected by the death will be assessed by a school-employed mental health professional to determine the level of support needed. The crisis team will coordinate support services for students and staff in need of individual and small group counseling as needed. In concert with parents/guardians, crisis team members will refer to community mental healthcare providers to ensure a smooth transition from the crisis intervention phase to meeting underlying or ongoing mental health needs.
6. **Develop memorial plans.** The school should not create on-campus physical memorials (e.g., photos, flowers), funeral services, or fly the flag at half-mast because it may sensationalize the death and encourage suicide contagion. School should not be canceled for the funeral. Any school-based memorials (e.g., small gatherings) will include a focus on how to prevent future suicides and prevention resources available.

External Communication

The Superintendent or Designee will appoint or be the sole media spokesperson. Staff will refer all inquiries from the media directly to the spokesperson. The spokesperson will:

1. Keep 138TH ST. SCHOOL suicide prevention coordinator (i.e. school counselor or school psychologist, and principal informed of school actions relating to the death.
2. Prepare a statement for the media including the facts of the death, postvention plans, and available resources. The statement will not include confidential information, speculation about victim motivation, means of suicide, or personal family information.

Answer all media inquiries. If a suicide is to be reported by news media, the spokesperson should encourage reporters not to make it a front-page story, not to use pictures of the suicide victim, not to use the word suicide in the caption of the story, not to describe the method of suicide, and not to use the phrase “suicide epidemic” – as this may elevate the risk of suicide contagion. They should also be encouraged not to link bullying to suicide and not to speculate about the reason for suicide. Media should be asked to offer the community information on suicide risk factors, warning signs, and resources available.

SECTION 10: DRESS AND GROOMING

138TH ST. SCHOOL enforces a dress code to foster a professional and respectful school environment. The dress code is in effect from the time students arrive to school and until they leave. The dress code applies to field trips, site visits, academic internships, and other school-related activities, unless the supervising adult informs the students otherwise.

DRESS AND GROOMING GUIDELINES

Students are expected to dress neatly, cleanly and appropriately for normal school activities. Socks must be worn at all times. Athletic shoes are the preferred school shoes. Shoes must be worn at all times for reasons of safety. Unacceptable footwear would include: platform shoes, toeless or open heel sandals, jellies, strapless heels, and high or wedged heeled shoes.

On PE days, students need to be dressed for participation and safety. Your child's teacher can tell you which days are scheduled for PE. All students are to wear athletic shoes and shorts, leggings, or looser fitting pants (such as sweatpants). Jeans restrict movement and are not recommended to be worn during PE.

Students, while at school or any school-sponsored activity, are not permitted to wear:

- a. shorts, skirts or dresses that expose undergarments or posteriors.
- b. see-through blouses, bare midriffs, halters, strapless or backless tops, muscle shirts or sleeveless undershirts worn as an outside garment. Crop tops and tank tops are permissible if worn with a T-shirt underneath.
- c. any article of clothing that refers to any type of alcohol, drug, or act that is illegal or hazardous to one's health.
- d. headwear (i.e. scarves, bandanas, kerchiefs) that does not provide sun protection.
- e. clothing or jewelry that depicts or suggests obscene gestures, pictures, or wording.

f. articles of clothing, jewelry, or accessories which, in the opinion of the school staff, pose a threat to the physical safety and well-being of the student or others.

g. clothing or articles of clothing (including, but not limited to gloves, bandannas, shoestrings, wristbands, belts, jewelry, wallet chain) related to a group or gang that may provoke others to acts of violence or cause others to be intimidated by fear of violence.

SECTION 11: SAFE INGRESS AND EGRESS

138TH ST. SCHOOL is committed to providing a safe and secure environment for all students, parents, and school employees. As such, the school will take measures to ensure the safe ingress and egress of all students, parents, school employees, and visitors to and from campus by:

1. Conducting periodic reviews of its procedures for ingress and egress, taking into account any input from the community.
2. Ensuring that all passageways to and from school buildings, corridors within school buildings and emergency exits remain clear of all obstruction and hazards to allow flow of pedestrian and vehicular traffic.
3. Collaborating with local law enforcement agencies and the city of Hawthorne to ensure that the school's immediate community is safe.
4. Coordinating with the Hawthorne Police Department to ensure safe ingress and egress from the school parking lot.
5. Addressing any problems associated with safe ingress and egress immediately.

Student’s emergency contact information and school records will be used as a cross reference. Parents will be called to verify the request for visitation if there is no information in writing on file for the visitor to proceed to the classroom or staff’s office. Staff may call local law enforcement in the event of any unauthorized persons who are on campus without permission and/or who refuse to leave the school campus.

Any complaint alleging that the school inappropriately imposed student fees, deposits, and charges may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred.
2. Any complaint alleging noncompliance with any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance.
3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by a person who alleges that he/she personally suffered the unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged unlawful discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or Designee for good cause upon written request by the complainant setting forth the reasons for the extension.
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when he/she is not the complainant, requests confidentiality, the compliance officer shall inform him/her that the request may limit the school's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the school shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation

Within three business days after the compliance officer receives the complaint, he/she may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all

parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then 138TH ST. SCHOOL shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, 138TH ST. SCHOOL shall then continue with subsequent steps specified in this policy.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or his/her representative with the opportunity to present the information contained in the complaint and shall notify the complainant and/or his/her representative of the opportunity to present any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. He/she shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant.

In accordance with law, the compliance officer shall have access to records and other information related to the allegation in the complaint. Failure or refusal of staff to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant.

The compliance officer shall apply a "preponderance of the evidence" standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

Final Written Decision

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant, and respondent if there is one, a final written decision within 60 calendar days of the compliance officer's receipt of the complaint. (5 CCR 4631)

In consultation with Wiseburn USD's legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In all other instances, 138TH ST. SCHOOL shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For all complaints, the final written decision shall include:

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
 - a. Statements made by any witnesses
 - b. The relative credibility of the individuals involved
 - c. How the complaining individual reacted to the incident
 - d. Any documentary or other evidence relating to the alleged conduct
 - e. Past instances of similar conduct by any alleged offenders
 - f. Past false allegations made by the complainant
2. The conclusion(s) of law
3. Disposition of the complaint
4. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. The manner in which the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct
- c. The relationship between the alleged victim(s) and offender(s)
- d. The number of persons engaged in the conduct and at whom the conduct was directed
- e. The location of the incidents and context in which they occurred
- f. Other incidents at the school involving different individuals

5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- a. The corrective actions imposed on the respondent
 - b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
 - c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence
6. Notice of the complainant's and respondent's right to appeal Wiseburn USD's decision to CDE within 15 calendar days, and procedures to be followed for initiating such an appeal

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. He/she may pursue available civil law remedies outside of Wiseburn USD's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with CDE.
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law.
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law, and/or shall provide an appropriate remedy to the complainant or other affected persons. Appropriate corrective actions that focus on the larger school environment may include, but are not limited to, actions to reinforce Wiseburn USD's policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation

6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension, expulsion, or involuntary removal as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Wiseburn USD shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law.

If a complaint alleging noncompliance with any requirement related to the LCAP is found to have merit, 138TH ST. SCHOOL shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education.

For complaints alleging noncompliance with the laws regarding student fees, 138TH ST. SCHOOL shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint.

Appeals to the California Department of Education

Any complainant who is dissatisfied with the final written decision of a complaint regarding any specified federal or state educational program subject to the UCP may file an appeal in writing with CDE within 15 calendar days of receiving Wiseburn USD's decision.

When a respondent in any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) is dissatisfied with the final written decision, he/she, in the same manner as the complainant, may file an appeal with CDE.

The complainant or respondent shall specify the basis for the appeal of the decision and how the facts of the decision are incorrect and/or the law has been misapplied. The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of 138TH ST. SCHOOL' decision in that complaint.

Upon notification by CDE that the complainant or respondent has appealed Wiseburn USD's decision, the Superintendent or Designee shall forward the following documents to CDE:

1. A copy of the original complaint
2. A copy of the written decision
3. A summary of the nature and extent of the investigation conducted by the school, if not covered by the decision
4. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the compliance officer
5. A report of any action taken to resolve the complaint
6. A copy of Wiseburn USD's UCP.
7. Other relevant information requested by CDE

SECTION 16: APPENDIX

Appendix A. School Safety Plans (Education Code 32280-32289)

EC 32280. Legislative Intent

It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus. (Stats. 2003, Ch. 828)

EC 32281. Development

- (a) Each school district and county office of education is responsible for the overall development of all comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive.
- (b) (1) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to former Section 52012, as it existed before July 1, 2005, or Section 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.
- (2) The school site council may delegate this responsibility to a school safety planning committee made up of the following members:
- (A) The principal or the principal's designee.
 - (B) One teacher who is a representative of the recognized certificated employee organization.
 - (C) One parent whose child attends the school.
 - (D) One classified employee who is a representative of the recognized classified employee organization.
 - (E) Other members, if desired.
- (3) The school site council shall consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.
- (4) In the absence of a school site council, the members specified in paragraph (2) shall serve as the school safety planning committee.
- (c) Nothing in this article shall limit or take away the authority of school boards as guaranteed under this code.
- (d) (1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each school site.
- (2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.
- (e) (1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the school site of an elementary or secondary school at which he or she is the principal, the principal or the principal's designee may send to each pupil's parent or legal guardian and each school employee a written notice of the occurrence and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be sent no later than the end of business on the second regular work day after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act that is considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.

- (2) Nothing in this subdivision shall create any liability in a school district or its employees for complying with paragraph (1).
- (f) (1) Notwithstanding subdivision (b), a school district or county office of education may, in consultation with law enforcement officials, elect to not have its school site council develop and write those portions of its comprehensive school safety plan that include tactical responses to criminal incidents that may result in death or serious bodily injury at the school site. The portions of a school safety plan that include tactical responses to criminal incidents may be developed by administrators of the school district or county office of education in consultation with law enforcement officials and with a representative of an exclusive bargaining unit of employees of that school district or county office of education, if he or she chooses to participate. The school district or county office of education may elect not to disclose those portions of the comprehensive school safety plan that include tactical responses to criminal incidents.
- (2) As used in this article, “tactical responses to criminal incidents” means steps taken to safeguard pupils and staff, to secure the affected school premises, and to apprehend the criminal perpetrator or perpetrators.
- (3) Nothing in this subdivision precludes the governing board of a school district or county office of education from conferring in a closed session with law enforcement officials pursuant to Section 54957 of the Government Code to approve a tactical response plan developed in consultation with those officials pursuant to this subdivision. Any vote to approve the tactical response plan shall be announced in open session following the closed session.
- (4) Nothing in this subdivision shall be construed to reduce or eliminate the requirements of Section 32282. (Stats. 2011, Ch. 438)

EC 32282. Content

- (a) The comprehensive school safety plan shall include, but not be limited to, both of the following:
- (1) Assessing the current status of school crime committed on school campuses and at school-related functions.
 - (2) Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school’s procedures for complying with existing laws related to school safety, which shall include the development of all of the following:
 - (A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code.
 - (B) Disaster procedures, routine and emergency, including adaptations for pupils with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.). The disaster procedures shall also include, but not be limited to, both of the following:
 - (i) Establishing an earthquake emergency procedure system in every public school building having an occupant capacity of 50 or more pupils or more than one classroom. A school district or county office of education may work with the Office of Emergency Services and the Alfred E. Alquist Seismic Safety Commission to develop and establish the earthquake emergency procedure system. The system shall include, but not be limited to, all of the following:
 - (I) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of pupils and staff.
 - (II) A drop procedure whereby each pupil and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows. A drop procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.
 - (III) Protective measures to be taken before, during, and following an earthquake.
 - (IV) A program to ensure that pupils and both the certificated and classified staff are aware of, and properly trained in, the earthquake emergency procedure system.
 - (ii) Establishing a procedure to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The school district or county office of education shall cooperate with the

public agency in furnishing and maintaining the services as the school district or county office of education may deem necessary to meet the needs of the community.

(C) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27 of Division 4 of Title 2.

(D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.

(E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.

(F) The provisions of any school-wide dress code, pursuant to Section 35183, that prohibits pupils from wearing “gang-related apparel,” if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define “gang-related apparel.” The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. A schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For purposes of this paragraph, “gang-related apparel” shall not be considered a protected form of speech pursuant to Section 48950.

(G) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school.

(H) A safe and orderly environment conducive to learning at the school.

(I) The rules and procedures on school discipline adopted pursuant to Sections 35291 and 35291.5.

(b) It is the intent of the Legislature that schools develop comprehensive school safety plans using existing resources, including the materials and services of the partnership, pursuant to this chapter. It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled “Safe Schools: A Planning Guide for Action” in conjunction with developing their plan for school safety.

(c) Each school site council or school safety planning committee, in developing and updating a comprehensive school safety plan, shall, where practical, consult, cooperate, and coordinate with other school Site councils or school safety planning committees.

(d) The comprehensive school safety plan may be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year, to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

(e) As comprehensive school safety plans are reviewed and updated, the Legislature encourages all plans, to the extent that resources are available, to include policies and procedures aimed at the prevention of bullying.

(f) The comprehensive school safety plan, as written and updated by the school site council or school safety planning committee, shall be submitted for approval pursuant to subdivision (a) of Section 32288. (Stats. 2015, Ch. 303)

EC 32282.1. Roles and Responsibilities; Guidelines

(a) As comprehensive school safety plans are reviewed and updated, the Legislature encourages all plans, to the extent that resources are available, to include clear guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, school counselors, school resource officers, and police officers on school campuses, if the school district uses these people.

(b) The guidelines developed pursuant to subdivision (a) are encouraged to include both of the following:

(1) Primary strategies to create and maintain a positive school climate, promote school safety, and increase pupil achievement, and prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support.

(2) Consistent with paragraph (2) of subdivision (a) of Section 32282, protocols to address the mental health care of pupils who have witnessed a violent act at any time, including, but not limited to, any of the following:

(A) While on school grounds.

(B) While going to or coming from school.

(C) During a lunch period whether on or off campus.

(D) During, or while going to or coming from, a school-sponsored activity. (Stats. 2014, Ch. 794)

EC 32282.5. Disaster Preparedness Materials

(a) The department shall electronically distribute disaster preparedness educational materials and lesson plans that are currently available to school districts and county offices of education.

(b) The department shall ensure that the disaster preparedness materials are available in at least the three most dominant primary languages spoken by English learners in California, according to the language census.

(c) The department shall coordinate with the Office of Emergency Services to make sure that all materials are reviewed and updated annually. (Stats. 2013, Ch. 352)

EC 32283. Contract with Professional Trainers

The Department of Justice and the State Department of Education, in accordance with Section 32262, shall contract with one or more professional trainers to coordinate statewide workshops for school districts, county offices of education, and school site personnel, and in particular school principals, to assist them in the development of their respective school safety and crisis response plans, and provide training in the prevention of bullying as defined in subdivision (r) of Section 48900. The Department of Justice and the State Department of Education shall work in cooperation with regard to the workshops coordinated and presented pursuant to the contracts. Implementation of this section shall be contingent upon the availability of funds in the annual Budget Act. (Stats. 2011, Ch. 732)

EC 32283.5. Bullying and Cyberbullying

The department shall develop an online training module to assist all school staff, school administrators, parents, pupils, and community members in increasing their knowledge of the dynamics of bullying and cyberbullying. The online training module shall include, but is not limited to, identifying an act of bullying or cyberbullying, and implementing strategies to address bullying and cyberbullying. (Stats. 2014, Ch. 418)

EC 32284. Pesticide or Other Toxic Substance

The comprehensive school safety plan may also include, at local discretion of the governing board of the school district and using local funds, procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school. No funds received from the state may be used for this purpose. (Stats. 2003, Ch. 828)

EC 32286. Deadline

(a) Each school shall adopt its comprehensive school safety plan by March 1, 2000, and shall review and update its plan by March 1, every year thereafter. A new school campus that begins offering classes to pupils after March 1, 2001, shall adopt a comprehensive school safety plan within one year of initiating operation, and shall review and update its plan by March 1, every year thereafter.

(b) Commencing in July 2000, and every July thereafter, each school shall report on the status of its school safety plan, including a description of its key elements in the annual school accountability report card prepared pursuant to Sections 33126 and 35256. (Stats. 2003, Ch. 828)

EC 32287. Willful Failure to Make Reports

If the Superintendent of Public Instruction determines that there has been a willful failure to make any report required by this article, the superintendent shall do both of the following:

- (a) Notify the school district or the county office of education in which the willful failure has occurred.
- (b) Make an assessment of not more than two thousand dollars (\$2,000) against that school district or county office of education. This may be accomplished by deducting an amount equal to the amount of the assessment from the Wiseburn USD or county office of education's future apportionment. (Stats. 2003, Ch. 828)

EC 32288. Compliance; Notification

- (a) In order to ensure compliance with this article, each school shall forward its comprehensive school safety plan to the school district or county office of education for approval.
- (b) (1) Before adopting its comprehensive school safety plan, the schoolsite council or school safety planning committee shall hold a public meeting at the schoolsite in order to allow members of the public the opportunity to express an opinion about the school safety plan.

 - (A) A representative of the local churches.
 - (B) Local civic leaders.
 - (C) Local business organizations.
- (c) In order to ensure compliance with this article, each school district or county office of education shall annually notify the State Department of Education by October 15 of any schools that have not complied with Section 32281. (Stats. 2003, Ch. 828)

EC 32289. Complaint of Noncompliance

A complaint of noncompliance with the school safety planning requirements of Title IV of the federal No Child Left Behind Act of 2001 (20 U.S.C. Appendix B. Child Abuse and Neglect Reporting Act [Penal Code 11166]

(a) Except as provided in subdivision (d), and in Section 11166.05, a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow-up report within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any non-privileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For purposes of this article, “reasonable suspicion” means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. “Reasonable suspicion” does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect; any “reasonable suspicion” is sufficient. For purposes of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent, faxed, or electronically transmitted even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) If, after reasonable efforts, a mandated reporter is unable to submit an initial report by telephone, he or she shall immediately or as soon as is practicably possible, by fax or electronic transmission, make a one-time automated written report on the form prescribed by the Department of Justice, and shall also be available to respond to a telephone follow-up call by the agency with which he or she filed the report. A mandated reporter who files a one-time automated written report because he or she was unable to submit an initial report by telephone is not required to submit a written follow-up report.

(1) The one-time automated written report form prescribed by the Department of Justice shall be clearly identifiable so that it is not mistaken for a standard written follow-up report. In addition, the automated one-time report shall contain a section that allows the mandated reporter to state the reason the initial telephone call was not able to be completed. The reason for the submission of the one-time automated written report in lieu of the procedure prescribed in subdivision (a) shall be captured in the Child Welfare Services/Case Management System (CWS/CMS). The department shall work with stakeholders to modify reporting forms and the CWS/CMS as is necessary to accommodate the changes enacted by these provisions.

(2) This subdivision shall not become operative until the CWS/CMS is updated to capture the information prescribed in this subdivision.

(3) This subdivision shall become inoperative three years after this subdivision becomes operative or on January 1, 2009, whichever occurs first.

(4) On the inoperative date of these provisions, a report shall be submitted to the counties and the Legislature by the State Department of Social Services that reflects the data collected from automated one-time reports indicating the reasons stated as to why the automated one-time report was filed in lieu of the initial telephone report.

(5) Nothing in this section shall supersede the requirement that a mandated reporter first attempt to make a report via telephone, or that agencies specified in Section 11165.9 accept reports from mandated reporters and other persons as required.

(c) A mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars (\$1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(d) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, “penitential communication” means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member’s duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse and that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(e) (1) A commercial film, photographic print, or image processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, slide, or any representation of information, data, or an image, including, but not limited to, any film, filmstrip, photograph, negative, slide, photocopy, videotape, video laser disc, computer hardware, computer software, computer floppy disk, data storage medium, CD-ROM, computer-generated equipment, or computer-generated image depicting a child under 16 years of age engaged in an act of sexual conduct, shall, immediately or as soon as practicably possible, telephonically report the instance of suspected abuse to the law enforcement agency located in the county in which the images are seen. Within 36 hours of receiving the information concerning the incident, the reporter shall prepare and send, fax, or electronically transmit a written follow-up report of the incident with a copy of the image or material attached.

(2) A commercial computer technician who has knowledge of or observes, within the scope of his or her professional capacity or employment, any representation of information, data, or an image, including, but not limited to, any computer hardware, computer software, computer file, computer floppy disk, data storage medium, CD-ROM, computer-generated equipment, or computer-generated image that is retrievable in perceivable form and that is intentionally saved, transmitted, or organized on an electronic medium, depicting a child under 16 years of age engaged in an act of sexual conduct, shall immediately, or as soon as practicably possible, telephonically report the instance of suspected abuse to the law enforcement agency located in the county in which the images or materials are seen. As soon as practicably possible after receiving the information concerning the incident, the reporter shall prepare and send, fax, or electronically transmit a written follow up report of the incident with a brief description of the images or materials.

(3) For purposes of this article, “commercial computer technician” includes an employee designated by an employer to receive reports pursuant to an established reporting process authorized by subparagraph (B) of paragraph (43) of subdivision (a) of Section 11165.7.

(4) As used in this subdivision, “electronic medium” includes, but is not limited to, a recording, CD-ROM, magnetic disk memory, magnetic tape memory, CD, DVD, thumb drive, or any other computer hardware or media.

(5) As used in this subdivision, “sexual conduct” means any of the following:

(A) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

- (B) Penetration of the vagina or rectum by any object.
- (C) Masturbation for the purpose of sexual stimulation of the viewer.
- (D) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.
- (E) Exhibition of the genitals, pubic, or rectal areas of a person for the purpose of sexual stimulation of the viewer.
- (f) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).
- (g) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9. For purposes of this section, “any other person” includes a mandated reporter who acts in his or her private capacity and not in his or her professional capacity or within the scope of his or her employment.
- (h) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.
- (i) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article. An internal policy shall not direct an employee to allow his or her supervisor to file or process a mandated report under any circumstances.
- (2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.
- (3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.
- (j) (1) A county probation or welfare department shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney’s office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child that relates solely to the inability of the parent to provide the child with regular care due to the parent’s substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.
- (2) A county probation or welfare department shall immediately, and in no case in more than 24 hours, report to the law enforcement agency having jurisdiction over the case after receiving information that a child or youth who is receiving child welfare services has been identified as the victim of commercial sexual exploitation, as defined in subdivision (d) of Section 11165.1.
- (3) When a child or youth who is receiving child welfare services and who is reasonably believed to be the victim of, or is at risk of being the victim of, commercial sexual exploitation, as defined in Section 11165.1, is missing or has been abducted, the county probation or welfare department shall immediately, or in no case later than 24 hours from receipt of the information, report the incident to the appropriate law enforcement authority for entry into the National Crime Information Center database of the Federal Bureau of Investigation and to the National Center for Missing and Exploited Children.

(k) A law enforcement agency shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.
