What is a School Compact?

A School & Family Compact For Achievement is an agreement that families and schools develop together. It explains how families and schools will work together to make sure all of our students reach grade level standards.

Effective Compacts

- ◆ Link to goals of the School Improvement Plan
- ◆ Focus on student learning skills
- ◆ Describe how teachers will help students develop those skills using high quality instruction
- ◆ Share strategies families can use at home
- ◆ Explain how teachers and families will communicate about student progress

Jointly Developed

Families and school staff of Sunset Park School developed this compact.

Meetings are held each year to make changes based on student needs. If you would like to volunteer to revise next year's compact, please call the school.

Sunset Park School & Family Compact for Achievement

Learning takes place when our children are motivated, interested, and aware that schools and families are involved, concerned, and committed to their education. This compact is a promise to work together as a team.

As a student, my goal is to:

1. Communicate with my teacher and family about my progress and what I am learning.
2. Pay attention and do my best work in all classes and at home, so I can reach my future goals.
3. Work on math and reading strategies at home, and turn my work in when it is due.
4. Be **S**afe, **H**onest, **A**cept Responsibility, **R**espectful and **K**ind

As a family, our goal is to:

1. Communicate with the school about our child's progress, learning, and behavior.
2. Actively participate in opportunities and utilize resources to support our child in being the best they can be.
3. Ask our child each day to explain or demonstrate a concept they learned in school.
4. Encourage your child to demonstrate SHARK behaviors.

As a school, our goal is to:

1. Communicate with families about their

child's progress in all subject areas through conferences, phone calls, text messages, Connect 5 calls, PowerSchool/parent portal, emails, report cards, interim reports, teacher/school web pages, and social media.

2. Provide parent workshops and learning materials/resources to work with their children at home.
 3. Continually learn new teaching techniques and use technology to teach our students.
 4. Teach and reinforce SHARK rules and recognize positive effort, achievement, and behavior.
 5. We will hold at 4 Title 1 Family Engagement events this school year. They will be held in August, December, February and May.
- We look forward to seeing you at Sunset Park throughout the school year!
