

SUBMITTED	NAME	EMAIL ADDRESS	ELEMENTARY SCHOOL	MIDDLE SCHOOL	HIGH SCHOOL	OPTION SCHOOL	COMMENTS
11/05/2019 9:40 AM	Baotong Xie	xiechmc@gmail.com	Findley Elem	Stoller MS	Sunset		Since the New Middle School is intended to relieve overcrowding in the northern part of the District, based on the school proximity and accessibility, the northwest two elementary school - Rock Creek and Springville - can change to feed to Five Oaks MS; the Elmonica ES and Baver Acres ES that correctly feeding to the Five oaks can change to Meadow Park MS; the Bethany ES and the Oak hill ES, the two elementary schools that are north of Hwy26 and currently in Meadow Park MS, join the new middle school, together with Terra Linda ES, Bonny Slope ES, and Cedar Mill ES .
11/05/2019 8:04 PM	June	Hongjunchen@hotmail.com	Findley Elem	Stoller MS	Sunset	ISB	We live in the neighborhood right across Laidlaw from stroller. I have a daughter who will be going to stroller next year. We are also considering optional school for her. But she told me: mom I want to go to stroller, so I could walk to school and back home. It is only 5 minutes. I agree. Time is precious for her, and for all middle school students, with school projects, sports, science club, and community involvement, volunteering, lots of materials (online, books, news, media) to be exposed. She needs time, lots of them to study and to play!! am here shouting out loud for my daughter and for all neighborhood kids. When considering school boundaries, PLEASE CONSIDER TRAVEL TIME for neighborhood kids. 5 vs. 30 one way. Or AN HOUR/DAY TO LOSE for an active student. It does take 30 minutes to wait, couple of stops, travel, and take turns off the door. We choose work place to be close by. It is the same for the neighborhood kids. My daughter will be sad if she has to walk away from middle school she passes by every day.
11/06/2019 11:27 AM	Xiruo Liu	sissio@gmail.com	Findley Elem				The general guideline for school boundaries should be "students going to the closest school". While considering school boundaries, we should consider the distance from the neighborhood to the school. If we stick to the "closest" guideline, we save the commute time for the students and the school bus resources for the school district. I would highly recommend our school district to follow this guideline.
11/06/2019 2:37 PM	Aditya Kukday	kukday@gmail.com	Springville K-8				Hi - I wanted to register my thoughts as a resident in North Bethany. The planned new middle school is 6 miles from North Bethany. Stoller is 2 Miles from North Bethany. Five Oaks is 5 Miles away from North Bethany. I wanted to register my opinion that North Bethany (Springville) is not diverted away from the "neighborhood" Stoller middle school and sent to a far away school - essentially kind of "segregation". This page is not allowing me to attach a picture, but just casual observation will show that North Bethany should naturally feed into Stoller.
11/06/2019 3:35 PM	Rabia ishaq	Rabiarashid@aol.com	Springville K-8	Stoller MS	Westview		I would definitely recommend Springville school kids should attend stoller ms .
11/06/2019 4:10 PM	Mubashshera Sutarwala	mubash.s@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Please continue to retain Springville in the Stoller Middle school boundary.
11/06/2019 4:24 PM	FB	fbohra2@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Hello, springville needs to feed into Stoller middle school as it's been the case for all these years. We strongly feel about this across our community and is one of the reasons we have moved into the springville community.
11/06/2019 4:31 PM	mahesh mudigonda	mahesh.mudigonda@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Please keep elementary kids from Springville school continue to flow into Stoller middle school. It is very important to have middle school accessible by bike to young kids. Please help us nurture the kids by instilling great habits, not just academically but also physically, by letting every kid have biking to school as a feasible and practical option.
11/06/2019 4:37 PM	Steffy Joseph	julius.steffy@gmail.com	Springville K-8	Stoller MS	Westview		Our kids go to Springville k-8, and we want stroller as middle school because it's just 2 miles away. Meadow park is 6miles away. We want our kids to the nearest middle school.
11/06/2019 4:42 PM	Ashwini	ashbait@outlook.com	Springville K-8	Stoller MS	Westview	Springville K-8	I would like to STRONGLY urge the district to have Springville feed into Stoller middle school. The other options are simply too far away. Stoller also has proximity to a lot of the after school activities that kids are enrolled in. There are a lot of kids that bike and rollerblade to school. It is going to have a massive community impact of kids from Springville are moved away from Stoller. As a parent of a minority community who is very glad that my children are in this school (given the cultural representation among peers and parent volunteers) it will be a big blow to have kids move away and go to school in a neighborhood that isn't as diverse. And also has kids from more white schools feeding into the school. Our children deserve to have peers and mentors who are also representative of their culture. As educators, am sure you are aware of research in the area. For the sake of the app round development of the children in this community, I strongly urge you to keep the community and the cultural impact in mind when you make this decision. Ashwini
11/06/2019 4:42 PM	Hannelie	Hannelie.protheroeus@gmail.com	Springville K-8	Stoller MS	Westview	Health and Sciences/SST	Springville should still feed into Stoller Middle School
11/06/2019 5:18 PM	Sachin Lohar	sachin.lohar@gmail.com	Springville K-8	Stoller MS	Westview		I am surprised to see some comments and considerations about moving Springville to feed in to new middle school or Five Oaks middle school. Is this coming because Springville and around residents are new? Even if we look at the distance, bus commute, or pick up - drop off; for Springville to feed into Stroller is obvious option. I propose we leave it that way. This will not only save frustrations on commuters but also save district's money to haul students farther than they where they live. I hope decision makers take into consideration the distance from residence to school.
11/06/2019 5:19 PM	Frances Hill	Cheetara31@gmail.com	Scholls Heights Elem	Conestoga MS			Are there any plans to add a middle school in the Mountainside area?

11/06/2019 5:36 PM	Ram V	v.ramkumar@icloud.com	Springville K-8				We would like to continue having Stoller Middle School as the school of choice for my son who is currently in Springville studying 1st Grade. We are hopeful and positive he will get selected to the SUMMA program and we would love to have Stoller as the choice for him. Our daughter is in 8th grade in SUMMA program (from 6th grade) in Stoller and we are extremely happy with the school and would like to continue the same for our son as well.
11/06/2019 6:01 PM	Rajesh Botla	Rajeshbotla@hotmail.com	Springville K-8	Stoller MS	Westview		Please do not change the Springville school as feeder to Stoller because, All other Middle schools are too much distance which would increase the commute for kids of that age. We recently moved to the Springville boundaries so that my kids can go to Stoller and if the boundaries are changed then that would make our kids lives difficult. This would also disappoint our kids and they go into depression. I don't want my kids to go into depression. So I kindly request you all to not to change Springville schools as a feeder to Stoller.Thanks for your understanding our situation.
11/06/2019 6:02 PM	Suneel Setlur	suneels@gmail.com	Springville K-8	Stoller MS	Westview		Springville school should feed Stoller MS
11/06/2019 6:08 PM	Arif Shaik	arif26.s@gmail.com	Springville K-8	Stoller MS	Westview		Please keep the Springville Schools boundary tied to Stoller middle school. Stoller is the closest middle school. That way the kids don't have to travel long distance.
11/06/2019 6:09 PM	Manickam Annamalai	Manickam_anna@hotmail.com	Springville K-8				We would like to funnel the springville kids into stoller, as that's is the close by Middle school and not to Meadow park as that's too far away..
11/06/2019 6:10 PM	Rajesh	Charthal1@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	My daughter goes to Springville elementary school and we have Stoller as our current middle school .We don't prefer changing our middle school to Meadow park as it is too far for us and commute time is way more compared to Stoller middle school. It doesn't make sense for us to move to any other schools as Stoller is the nearest school for us.
11/06/2019 6:10 PM	Rajendra Pendurthy	raja8nz@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Please don't change the school boundary area for north bethany orchids at abbeycreek. 11/06/2019 6:17 PM	Rahul	rahulrds@gmail.com	Springville K-8	Stoller MS	Westview		My daughter is going to stoller middle school. There was some proposal to send Springville school kids to meadow park middle school. This doesn't make any sense as it's very far for us . So I strongly oppose this proposal
11/06/2019 6:19 PM	Sai Sampat Apuroop Vets	saiapuroop22@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	I have got the house so that my children will go to stoller middle school . We live near springville school
11/06/2019 6:22 PM	Priyam Das	Priyamdas.2016@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Springville students should be mapped to stoller middle and west view high school
11/06/2019 6:22 PM	Rucha Kulkarni	rucha23@gmail.com	Springville K-8				Looking at the geographical location of the new middle school it makes sense to redesign boundaries such that neighborhood elementary schools feed the new middle school rather than attaching random elementary schools. Last thing we want is kids traveling for 1/2 hrs - 45 mins bus (one way) just to get to their middle school. The advantage Public school system have, is that the schools are in the neighborhood thereby allowing kids to utilize time on other extra curricular activities rather than a lengthy commute. Also this problem doesn't end with just middle school as possibly it'll get carried over to high school as well! Hope Beaverton School District, those in board and other people contributing here make a logical decision and not an emotional one!
11/06/2019 6:25 PM	Ramanath Vysyaraju	ramanath.raju@gmail.com	Springville K-8	Stoller MS	Westview		Springville elementary kids need to feed into Stoller. It is by far the closest middle school. Physical proximity needs to be considered as a priority as many students walk or bike to school. It is simply irrational to send kids in this neighborhood to Five oaks, which is on the other side of US 26. We are the farthest community to Five Oaks school
11/06/2019 6:26 PM	prithvi narina	prithvi.narina@gmail.com	Springville K-8	Stoller MS	Westview		Springville elementary kids need to feed into Stoller. It is by far the closest middle school. Physical proximity needs to be considered as a priority as many students walk or bike to school. It is simply irrational to send kids in this neighborhood to Five oaks, which is on the other side of US 26. We are the farthest community to Five Oaks school
11/06/2019 6:26 PM	Mahesh Chandra	maheshchandra1102@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Now that Springville will not have middle school from 2022 onwards, my recommendation and appeal as a parent of a kid who is now in Kindergarten is to keep Springville feeding to Stoller for middle school.
11/06/2019 6:27 PM	Siddharth Vysyaraju	Siddharth.Vysyaraju@gmail.com	Springville K-8	Stoller MS	Westview		Springville elementary kids need to feed into Stoller. It is by far the closest middle school. Physical proximity needs to be considered as a priority as many students walk or bike to school. It is simply irrational to send kids in this neighborhood to Five oaks, which is on the other side of US 26. We are the farthest community to Five Oaks school
11/06/2019 6:28 PM	Geetha biradar	Geethab05@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Now that Springville will not have middle school from 2022 onwards, my recommendation and appeal as a parent of a kid who is now in Kindergarten is to keep Springville feeding to Stoller for middle school.
11/06/2019 6:31 PM	Ben Levy	Zydecovevy@yahoo.com	Springville K-8				My kids both currently go to Springville elementary. I think it is ridiculous to have the plan to send our children to anywhere but Stoller Middle School, all others much further away, many kids walk or bike to school, this would not be an option if placed in a middle school 6 or 8 miles from our house. There are other elementary schools that are much closer to these other middle schools that should be considered. I feel like Springville is being unfairly targeted because we are a rather new community. Not okay. We will sign petitions and be at all up coming meetings. Not ok to play favorites.

11/06/2019 6:38 PM	Vivek Thirtha	vivek.t@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Hello,I would like to comment on the middle school boundary redrawing process. My kids go to Springville elementary and were supposed to go to Stoller/Springville for middle school.We live in the community right next to Springville in North Bethany.I would like to have kids from our community go to Stoller for the following reasons.1. distance - Stoller is the closest to our community, our kids want to cycle to school if possible - keeping schools far away will significantly inconvenience the community and also add to the traffic and pollution. This also prevent kids from going to any after school classes near Stoller in Bethany Village.2. Our kids will not have a sense of community if they are placed farther than Stoller.3. The whole reason for our community being inhabited was the proximity to Stoller and Springville - this is being changed midway which is a breach of what was expected when we and other people in the community moved here.4. There are elementary schools that are closer to the middle schools they should feed into. Proximity of the feeder elementary school and/or community to the middle school should be of prime consideration during this decision.
11/06/2019 6:39 PM	Karthik Nagarajan	Karthik.mech@gmail.com	Springville K-8	Stoller MS	Westview		With the recent announcement from BSD that Springville will not have a middle school option from 2022 onwards, stroller is the closest middle school for springville school families. To avoid longer travel for kids and as Physical proximity needs to be considered for many students to walk or bike to school, my humble request and appeal as a parent of a kid who is now in Kindergarten at springville, is to keep Springville feeding to Stroller for middle school.
11/06/2019 6:39 PM	Harikishan Nagireddy	harikishanreddyn@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Currently my son is a kindergartener at Springville school. I would like him to go to Stroller middle school. Stroller is the nearest middle school from my home.
11/06/2019 6:42 PM	Mangesh Kushare	mangeshkushare@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	My kids attends/will attend Springville school . For middle school they must attend stoller since it is the closet to our house . Also that was the reason we bought house here in north Bethany area.I strongly oppose the idea of sending my kids to middle school that is far from our house .
11/06/2019 6:46 PM	Santosh Tripathi	santoshmcee@yahoo.com	Springville K-8	Stoller MS	Westview	Springville K-8	Now that Springville will not have middle school from 2022 onwards, my recommendation and appeal as a parent of a kid who is now in Kindergarten is to keep Springville feeding to Stroller for middle school.
11/06/2019 6:52 PM	sandeep kumawat	sandeep.lakecity@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Springville should feed into stoller as it's the closest middle schoolPhysical distance needs to be considered for boundary adjustment
11/06/2019 6:54 PM	Kalyani Botla	kalyanibotla110@gmail.com	Springville K-8	Stoller MS	Westview		Springville needs to feed into Stoller. It is by far the closest middle school. Physical proximity needs to be considered as a priority as many students walk or bike to school.
11/06/2019 6:56 PM	Bhanu Narayana	Bhanu.narayan@gmail.com	Springville K-8	Stoller MS	Westview		Our kid goes to Springville for Elementary schooling. Springville needs to feed into Stoller. It is the closest middle school to the Community. Physical proximity needs to be considered as a priority as many students. It is neither time effective or economically favorable for kids to travel more distance.
11/06/2019 7:10 PM	Rohan Kumar	Rohankumar.sap@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Springville needs to feed into Stoller. It is by far the closest middle school. Physical proximity needs to be considered as a priority as many students walk or bike to school
11/06/2019 7:23 PM	Grant Protheroe	Grant.protheroes@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	I don't want to move my daughter from Stoller middle school or my son from Springville. They are excellent schools.
11/06/2019 7:27 PM	Sunita Jogi	jsunita3@gmail.com	Springville K-8	Stoller MS	Westview		We would prefer Stroller as middle school for my kid.
11/06/2019 7:28 PM	Padma Badri	padmai@gmail.com	Springville K-8	Stoller MS			Request Stoller as a middle school for Springville school. Thanks !
11/06/2019 7:47 PM	Luisa	ma_yza@yahoo.com	Springville K-8				Some of the proposed Middle School boundary are considering Oaks Hill Elementary go to Stoller while Springville/Sato go to Five Oaks. Proximity wise, Oaks Hill is closer to Five Oaks, bus route is shorter which means lesser cost.
11/06/2019 8:09 PM	Sarika Dukkupati	sarika.dukkupati@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	We are residents residing near to springville school. We want Stoller as our middle school.
11/06/2019 8:23 PM	Sumit Ashtekar	sumitash@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Springville needs to feed into Stoller. It is the closest middle school allowing kids to bike/walk to the school.
11/06/2019 8:36 PM	Madhumeta Ganesh	madhu.ganesh21@gmail.com	Springville K-8	Stoller MS	Westview		We need Springville students to move on to Stoller for middle school as kids need to be able to commute to and from school easily (on bikes if they wish).
11/06/2019 9:14 PM	Huawei Yuan	huawiy@gmail.com	Findley Elem	Stoller MS	Sunset		"students going to the closest school"! Findley Elem students want to go to Stoller MS!

11/06/2019 9:34 PM	Sandeep Kumar	sandysrivastava@gmail.com	Springville K-8	Stoller MS	Westview		Distance and Route must be the top criteria to decide new School Boundaries. The more distance School is from community, it takes that much for Kids to just commute the school. If the Route includes Heavy Traffic Roads then it becomes Safety Issue as Kids may not go on their own. For most of the Kids, there are so many after school activities planned like Swimming, Music, Sports etc and all these will be impacted and Kids may not get time to do few of these. Currently the Springville Elementary School Students will go to Stroller Middle School. It is the nearest in distance as well as it doesn't need Kids to go through any busy or heavy traffic roads and hence it is safe for them. They can enjoy their Bike and Skates while commuting to School which is not only healthy but also Environment Friendly. Based on this I kindly request the Authorities to keep the Springville Elementary School Students to their current Stroller Middle School. If at all it needs to be changed, the new School must be selected based on the same criteria and if it requires new School to be built like Sato Elementary School was built in the same area, then it should be done. Till then, Stroller Middle School must continue to be Middle School for Springville Elementary School Students.
11/06/2019 10:03 PM	Hua Wen	huawener@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Reading the current middle school boundaries, I believe Stoller middle school is best suited for the students who are and will attend Springville. It is the single most middle school that is within a reasonable distance to Springville communities. Going to any other middle school will at least double or triple the commute time, causing unnecessary burden to students and parents.
11/06/2019 10:11 PM	Ranganath Krishna Murthy	28.ranganath@gmail.com	Springville K-8	Stoller MS	Westview		Please don't change the middle school assignment for our neighborhood. Stoller is the closest MS for our home. All other schools are considerably farther away from home especially when considering most kids love to bike to school. 11/06/2019 10:40 PM	Sasi Madhira	sasimadhira@gmail.com	Springville K-8				We stay in Arbor Oaks community (near springville school neighborhood) My son will be going to middle school in next 2 years and as of now our home comes under Stoller middle school. I heard there is a plan to move our neighborhood to Five Oaks middle school which doesn't have good rating. We are against this proposal and would like to have our neighborhood with Stoller middle school.
11/07/2019 7:32 AM	Azhar Shaikh	azhar904@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	With the recent announcement from BSD that Springville will not have an middle school option from 2022 onwards, stroller is the closest middle school for springville school families. To avoid longer travel for kids and as Physical proximity needs to be considered for many students to walk or bike to school, my humble request and appeal as a parent of a kid who will be starting Kindergarten at springville next year, is to keep Springville feeding to Stoller for middle school.
11/07/2019 8:17 AM	Karen Roberts	john.karen.roberts@gmail.com	Springville K-8	Stoller MS			It has been brought to my attention that the district is considering sending Springville students to Five Oaks Middle School. I absolutely cannot fathom such a decision. As a parent of 5 children attending 3 different schools (and the wife of a military service member who is often unavailable to assist with transportation), adding more than TWICE the distance to the middle school commute would create an extreme hardship for our family. Students are already getting off the bus at close to 4:30pm from a school that is just up the road. This additional commute will mean students will not be arriving home until significantly later which will prevent them from being involved in extracurriculars. There are a multitude of neighborhoods surrounding the Five Oaks area that would not be so inconvenienced by the commute. We chose the neighborhood we live in because of the proximity of schools and our ability to manage our family schedule within these boundaries. This would create complete upheaval for us and the many families like us. This proposal is also an extreme blow to a neighborhood that has just been informed that our k-8 school will no longer be operating as such. Families that counted on having their students attend middle school within the direct neighborhood have already been forced to accept their students being moved to an outside middle school and NOW you're proposing that middle school be COMPLETELY outside our surrounding area. This is an absolutely unreasonable proposal that we intend to fight to the very end.
11/07/2019 11:58 AM	Sri Kripa Balakrishnan	srikripa@gmail.com	Springville K-8				Hello, I believe there is a proposal for Springville K-8 kids to go to Five Oaks MS instead of Stoller. This is extremely unfair on the kids and the parents who presently attend this school for the following reasons: 1) As you know the community around Springville is new. Many of us bought homes here so that we would have the option of going to Springville K-8 as an option school or attend Stoller MS. As you know, Springville K-8 is phasing out its middle school and will become a full K-5 school. This was just announced in the past month and the phasing out begins next year. This at least gave us the option of going to the next nearest middle school which is Stoller MS. 2) If Springville K-5 students have to go to Five Oaks MS, that is to the other side of US26, they would have to travel 4.3 miles (if they live on NW Canton St) - 5.3 miles (for families around NW Catalpa St.) to get to school. This is extremely not fair on the children living in those areas. Please have Springville K-5 feed into Stoller MS. If nothing else, we cannot have middle schoolers commute 5.3 miles one way to get to school.
11/07/2019 12:04 PM	Biplob	Biplob.usc@gmail.com	Springville K-8	Stoller MS	Westview	Health and Sciences/SST	Springville K8 should go to stroller middle school
11/07/2019 12:07 PM	Aarti Kumar	aaru1228@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Stoller middle school is closest middle school to Springville K-8 students. Many students bike or walk so physical proximity should be the priority.

11/07/2019 12:11 PM	Sri Kripa Balakrishnan	srikripa@gmail.com	Springville K-8				I should have probably added this in my previous comment. It would make more sense for Bonny Slope to feed into the new middle school in Timberland. They are only roughly 1.4 miles apart; while Bonny Slope and Stoller (which is currently proposed) is 3.5 miles apart. Again, please don't have the Springville K-(8) kids commute 5.3 miles one way to get to their middle school. This is just not fair on the kids that age. Thank you!
11/07/2019 12:12 PM	emily borrego	eakbtb@yahoo.com		Stoller MS			Hello,I just moved into the Noyes community (by Springville) so my children could continue to attend Stoller MS. I have heard rumors that this area might be affected by the boundary changes. It does not make sense for families living 1.9 miles from Stoller MS to be bused to a Different MS over 5 miles away. Boundary lines need to make sense and be around or close to the surrounding communities. I understand ES boundaries will need to adjust because of this new MS but sending the ES that is the farthest away does not make sense logistically or financially. Stoller should have boundaries at the top of Beaverton ISD because that is the area it is placed. Thank youEmily Borrego
11/07/2019 12:23 PM	Lara Oluwafemi	larafemi@gmail.com	Springville K-8	Stoller MS	Westview		I think it would have the least impact and make the most sense if students from elementary schools like Bonney Slope, Findley, and/or Cedar Mills were zoned to Timberline middle school. This would allow the other elementary schools that are currently zoned to Stoller that are more west (and much further away from all the other middle schools) to remain at Stoller. To make all of Springville go to Five Oaks would result in overcrowding of that school as well, in addition to increasing overhead in the amount of transportation costs and traffic in that area.
11/07/2019 1:00 PM	Allison Podlesnik	allisonalbrecht80@hotmail.com	Springville K-8				I have 3 children and I have lived a block away from Springville school for 10 years. We bought our home and we have built our lives around this community and the people. We came here for the schools. For STOLLER. Now we are being told this is going to change. I usually roll with life but I am DEVASTATED by the idea of my boys not having the chance to attend STOLLER. It doesn't feel fair. There has to be other options.
11/07/2019 1:34 PM	Emily Sage	mtshui2012@gmail.com	Springville K-8				THE SPRINGVILLE WOLVES really need to fight for a safe and stable place for their education after elementary school!!! Two months ago, they were informed that the middle school at Springville will be gone forever! On 11/05/2019, the people at the boundary adjustment meeting tried to kick them out from the Bethany area and to have them WALK all the way to the south of HW26 to attend Five Oaks MS!!YES, WALK to school!! Because the people trying to reset the boundary mentioned WALKABILITY and at the same time, they were forcing the Springville Wolves out from their current middle school at Stoller to Five Oaks MS, which is more than double of the distance away.
11/07/2019 2:10 PM	Jodi Lopez	Jlo621@gmail.com	Springville K-8				Springville should stay within Stoller MS boundary. It inconveniences and entire community who specifically moved to this area for the schools, to bus students to a school that's twice as far from their elementary school is ridiculous. The people in this community are very politically active and take a strong role in their children's education and if their opinions are NOT being advocated For will be sure and vote out whomever suggested this idea of sending Springville to Five Oaks.
11/07/2019 2:14 PM	Hemamalini Sadasivam	hema.surfam@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Keep Changing the boundaries every time doesn't make sense. We parents are hoping to stick into the school where they mentioned in the map when we moved to this community. So we need to go with flow.
11/07/2019 2:28 PM	Winnie	winniewong56@yahoo.com	Springville K-8	Stoller MS	Westview		My 5th grader son was really upset about Springville opt out K-8 option. He was expecting to stay in the same school with his friends and teachers who he familiar with till 8th grade. It took him a while in accepting Stoller Middle School as his new coming school in 2020. As a parent, we understand that the population in Bethany area is growing big and we respect BSD first decision in opting out Springville K-8 option. However, the driving distance from Springville to Five Oaks is 4.5 miles which is more than double from Springville to Stoller. We sincerely hope BSD can listen to our voice and would not force us to travel to other Middle School rather than Stroller. Thank you very much for your understanding!
11/07/2019 2:37 PM	Jagan Kankara	jmkreddy123@gmail.com	Springville K-8				Dear Sir/Madam,We recently moved to this area due to schooling and my kids go to Springville school and are in 4th and 2nd grades. We have a huge concern about the rumors that the middle school will be no more Stoller MS. One big change we are absorbing is limiting the springville grades till 5th. We strongly believe that Stoller should be our preferred middle school due to not only proximity but also the programs offered there. Forcing us move to a different middle school not only put so much stress on the kids but also their friends and families will be have irreparable damage. I hope you consider this request. Thanks,Jagan
11/07/2019 2:45 PM	Giles	lishenggz@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Springville Wolves deserve to stay at Stoller middle school which is the closest to them.
11/07/2019 2:50 PM	Cindy	niniding1117@gmail.com	Springville K-8				The Springville Wolves deserve to stay at Stoller to attend middle school that's the closet to them.

11/07/2019 3:29 PM	Praneetha kolla	Praneethakolla@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Stoller will be the nearby middle school for Abbey creek community ( springville elementary). Anyother middle school(esp Five oaks) is more than double the distance compared to stoller. It increases the commute time for both the parents and kids. We prefer sending our kids to Stoller middle school
11/07/2019 3:57 PM	Kobika	kobika_gu@hotmail.com	Springville K-8	Stoller MS	Westview		The school boundary should be based on where you live. Choose the closest school, not waste the school bus time and saving the after school time. Kids can have more time to do something they like.As Springville family, I highly recommend that springville wolves should stay at Stoller to attend middle school that is the closet to them.
11/07/2019 5:06 PM	Preeju Philip	preejususan@gmail.com	Springville K-8	Stoller MS	Westview		Hi Thank you for giving us the opportunity to comment. We would really appreciate if you do not move Springville students all the far away to Five Oaks middle school . It Will be the farthest commute to a middle school. Also this community is already split into Sato and Springville and many of us look forward to meet back when kids are at Stoller. In my humble opinion, please keep Springville at Stoller so that these students do not have to travel the maximum. There are so many communities south springville that will go to Stoller and why should we be asked to travel the most to go to Five Oaks? . That is unfair and too much. Also if you have to move Summa Program into another school that is ok. Keep that option together and you can decrease overcrowding at Stoller. Also Findley can easily feed to the new school as the travel time for kids is better than Springville to FiveOaks almost flying over a whole bunch of communities that will go to Stoller.
11/07/2019 5:20 PM	Eric Chang	ccc16915@gmail.com	Springville K-8				Change of Springville's feeder school from Stoller to Five Oaks will be a BIG disaster. The distance from Springville to Five Oaks is around 5 miles. Our kids will NOT be able to walk nor bike to school. Don[?]t even mention the horrible traffic on Bethany Blvd and 185th Ave every morning. It will put our kids into huge commute risks. One factor to consider the boundary adjustment is "Neighborhood proximity and accessibility." So let Springville kids stay in their "Neighborhood" Stoller middle school.
11/07/2019 5:22 PM	Sushil Dhoot	sushil.dhoot@gmail.com	Springville K-8				I recently heard about Springville elementary school students potentially moving out of Stoller MS boundary and to middle school much farther away and found it to be very concerning. The two closest MS options for Springville elementary students are potentially at risk which should not happen. I want to voice my strong objection to such a move. Both Springville MS and Stoller MS are in very close proximity for me (<2.5 miles) and I do not want to have to send my kids to middle schools much farther away on other side of Hwy 26. Please provide me with criteria being used for boundary adjustments and timeline (i.e., Y2020-21 school year or after that?). Thank you.
11/07/2019 5:37 PM	Wanyun Zheng	zhengwanyun@gmail.com	Springville K-8	Stoller MS	Westview		Hello, Thank you for taking the time to read my comments. I think Springville should go to Stoller because it is closest to where we live. For the reason of safety and efficiency this is the best option. It is not reasonable for the students to go to another school which will be twice of the distance at least. From my home to five oaks, it takes 18 minutes, roughly 4.8 miles, even longer than to go to Westview, the high school; while to Stoller, it only takes 9 minutes with 2.5 miles. I have been living in Illinois and California, and I have never heard of any place who would do the school boundary without considering the safety/distance as the first priority. The more the kids take time to commute, the more risky factors there involve!! As a parent, I will be super disappointing if that happens and I will keep fighting for it because safety of my kids is number 1 issue. Wanyun Zheng
11/07/2019 5:46 PM	Prashant Kowtal	prashant.p.kowtal@gmail.com	Springville K-8	Stoller MS			Dear BSD Committee, First and foremost, I would like to thank you and extended BSD teams for providing a safe and secure schooling environment for our children to grow up. Thank you! My family and I have been a part of Springville K-8 school neighborhood for the last 4+ years and we love the Springville school. Springville feeds into Stoller Middle school. My daughter's a 4th grader at Springville and she's all excited to go to Stoller already. She and her friends have older siblings that are already going to Stoller. So it's a very close-knit community of friends and neighbors that have their kids attending Springville and Stoller. My daughter and her friends have been regularly taking up extra-curricular activities like music and dance classes that are in the Bethany village which is a short hop from Stoller. I was shocked when I heard this morning from another parent, there's a mischievous propaganda being circulated by certain biased individuals to move the Springville kids out of Stoller into a middle school that's very far off, and way over on the other side of 26; this is an unacceptable proposal, and it's an extremely unfortunate turn of events for the Springville families as we have been caught unawares by this motivated group. As a Springville parent, I wanted to make an earnest appeal on behalf of our community to please keep us in the Stoller middle school. Any movement to another middle school that's way farther out will be very disruptive to the kids, to our close-knit community, and ultimately it's put a huge question mark on the kids future. I hereby humbly request the committee to consider this request on behalf of all Springville families to continue the feed into Stoller. Thanks You!!

11/07/2019 5:50 PM	Madhusudhan Rangarajan	Mrangar@yahoo.com	Springville K-8	Stoller MS	Westview	Springville K-8	Hi,I hear about multiple proposals to change the boundaries and make Springville kids go to Five Oaks instead of Stoller. This is not acceptable. We moved here for the quality of schools, and it is completely unacceptable to change the boundaries to a school that is rated 4 (versus Stoller which is 8). You will just be forcing a lot of people to sell their homes and move elsewhere, or go to better private schools.ThanksMadhu
11/07/2019 5:59 PM	Sandeep Ved	sandeep.p.ved@intel.com	Springville K-8				I heard about boundary adjustment will impact my kids to not attend Stoller middle school. I am surprised that kids have to travel 4.5 miles from my neighborhood to get to the school. Instead, please consider routing Findley students to Cedar Mill Middle school or expedite construction of Timberland middle school and readjust some Findley students to start attending. This makes more sense than current proposal.
11/07/2019 6:51 PM	Abhilash Akula	abakula123@gmail.com	Springville K-8				Thank you for hosting several meetings to know the public feedback. The criteria in selecting a middle school (or for that matter any school) should be primarily based on distance.This reduces travel time every day (more time in classes than on road), transportation costs to county, stress on kids. Distance between Rock creek Elementary school and Five Oaks MS = 2.3 miles.Distance between Findley Elementary school and Timberland MS = 2.6 miles.Distance between Springville elementary and Stoller middle school = 2.2 milesDistance between Springville elementary and Five Oaks middle school is 4.5 miles. Also, transport to Five Oaks MS from Springville involves crossing US 26 HWY too (more chances for school buses to hit traffic towards Intel, Nike during the morning as well as evening)Already Springville community suffered because a decision was made to stop its middle school in the coming years. While we understand and respect this prior decision due to growth in the Springville elementary, it would be very unfair to Springville families if Stoller MS option (2nd fallback, which is just 2.2 miles away) is removed for this area. Based on the distance, friendly ties with other families in nearby Jacob wismer, it makes complete sense to keep Springville elementary under Stoller MS. Here is my proposal for your consideration purely based on the distance & daily commute/travel times....- Rock Creek Elementary : Assign to Five Oaks MS- Findley Elementary : Assign to Timber Land MS- Springville Elementary, Sato, Jacob wismer : Assign to Stoller MS.
11/07/2019 7:19 PM	Ramya	Ramyanjana@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Respected BSD committee,I would like to thank and appreciate the high quality of education provided by bsd teachers and people working with Bsd.Like any other mail this is about the boundary changes for the middle school. before I write my comments I would like to say my kids go to private school, so I am not writing in favor of just one school.I would request the board members to be fair by considering factors like distance of the community from school, number of kids going to the school and transportation provided to the kids.If at all you have to move springville out of stoller than please make springville as a middle school.because any other school other than stroller is too far for the kids and they have to struggle everyday to go to school.Thank you.
11/07/2019 7:27 PM	Eliza	eliza.wu.teacher@gmail.com	Springville K-8	Stoller MS			Currently Springville feeds into stoller and should stay that way. Stoller is the closest geographical middle school to Springville and it's important to have a neighborhood school in order to build community. Further, the district has already announced that Springville will be phasing out its middle school so it makes sense for our students living in the stoller boundaries to attend stoller.Stoller is also a top rated middle school In the state and we chose to live in this area to attend a high performing school. The kids would be at a great disadvantage to have to travel further to attend a different school.
11/07/2019 8:31 PM	Shoba Subramanian	s_shobhana@hotmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Springville should remain in Stoller as it is the nearest and several families already have kids going to Stoller. Keep families together. There is urgent need for a new middle school in the North Bethany area, and this should be built immediately to serve the growing communities in this area. This should be top of the priority list for BSD and plans should be discussed on how to make this happen.
11/07/2019 8:52 PM	Dharani Marrikunta	daddu123@gmail.com	Springville K-8	Stoller MS	Westview		Dear BSD Committee people who every is working hard to adjust middle school boundaries thanks a lot for your time.I have some concerns about my kid middle school as we stay in springville school district we parents have questions about middle school as springvile does not have middle school option any more it would be a right option for kids to go to stroller as its a close by middle school which is 2.2 miles away. We herd that u guys have plans to send springville to five oaks which is almost 6 miles away. Moving it that far does not make any scense as we parents are concerned about kids travel time and safety during bad weather days.Some parents from other school suggested saying all kids that feed into sunset highschool need to be together and feed to stroller that does not make any scense . kids need to adjust to any school and need to be able to make friends with any school kids part of their social life. I hope you guys can consider safety over comfort and move springville to stoller and findley to timberline based on the geographical distance of the school. it would be so hard on springville school district kids to commute to fiveoaks which way far away.

11/07/2019 10:08 PM	Harini Venkatesh	harinivenk@gmail.com	Springville K-8				I was shocked when I heard this morning from another parent, there's a mischievous propaganda being circulated by certain biased individuals to move the Springville kids out of Stoller into a middle school that's very far off, and way over on the other side of 26; which is far from our current location which will be tough for travel, and also the rating of five oaks school is fairly poor. Please consider my request to keep Stoller middle school for the Springville K-8.
11/07/2019 10:27 PM	Min Pan-Lee	minni_pan@hotmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Thank you for considering our opinions. I believe that the criteria to draw the boundary for middle school is the distance. Each elementary school should have similar distance to a middle school. For instance, Springville to Stoller 2.2 miles Sato to Stoller 1.8 miles Findley to Timberland 2.6 miles Rock Creek to Five oaks 2.3 miles I know Findley is closer to Stoller (1.2 miles), but Springville and Sato is far away from other middle school (4.5 miles to Five oaks). It makes sense to move Findley to Timberland and Rock Creek to Five Oaks from distance view and safety view.
11/07/2019 10:46 PM	Narender Muduganti	narenderm@yahoo.com	Springville K-8	Stoller MS	Westview		Good evening Sir, Heard there is 1 plan of Springville school elementary kids are getting moved into Five Oaks, where is Springville elementary and where is five Oaks, and we are very close to Stroller, unless there is plan to construct another Middle school, please do not disturb us. already kids from our neighborhood are going the Stroller and they like it, so please move them from that school in the middle of their middle school education. The kids are so much into scho and made good friends, so please do not move them out in the middle of their middle school, or do not mover our boundaries and keep us go into ONLY stroller middle school, hope you understand the request and do not make any changes to our neighborhood. Thank you very much for understanding... Regards, Narender Muduganti Parent of 6th grade at Abbey Creek Neighbirhood...
11/07/2019 10:57 PM	Sudarshan Anand	Sudarshan.anand@gmail.com	Springville K-8				Hi, I just wanted to share some thoughts about one of the middle school boundary plans that call for Springville elementary students to go to Five Oaks instead of Stoller Middle School. 1) Given an average distance of 5 miles from our community, this will be unusually long for middle schoolers and defeats the purpose of the late start times to ensure adequate sleep for teens. 2) I commute via 26 from Springville every day and typically this is a 20-25 min drive by car during school hour in the morning and evening. Both Bethany Blvd and 185th are busy and a school bus trip from our community can easily take 25-30 mins. Again, a 9am start would become a 8:25 start for most of our kids. Same with the evening commute as well. 3) Since there are 300 students that would likely be moving (100 students per grade), assuming 50% driving to school rate, an additional 150 cars added to these streets between 8:20-8:30 and 4:00-4:30 would be a traffic nightmare. 4) We just heard about the option middle school at Springville going away in the next 2 years. So a change to Five Oaks would be eliminating our closest two options and going to a farther school. I understand that these are just ideas at this stage but I urge the school district to evaluate such logistics and consider the unintended impacts on kids during the course of planning these changes. I appreciate the opportunity to participate in this important process and look forward to attending meetings to share my thoughts and concerns. Thank you
11/07/2019 11:29 PM	Kinyip Phoa	kinyip.phoa@gmail.com	Springville K-8				Regarding adjusting the middle school district boundary, I would like to urge you to strongly consider minimizing transit time for the students as the primary measure. Time is precious for everyone, especially for school kids who should enjoy their life on the playground rather than traveling in school buses to and from school. From the recent November 5 meeting, 10 out of 15 maps/proposals posted online proposed diverting Springville K-8 students to Five Oaks MS, to relief Stoller MS capacity and enrollment. Google Maps suggest that each student will spend 10-20 more minutes every day on the road, which is likely an optimistic statement as traffic from Bethany area towards Hillsboro along 185th is always very congested. In a 165-day school year, these proposals would rob our future generation 508#43; hours each year each student. Additionally, there are psychology studies showing that more time spent on the bus correlates to worse academic performance [for example see this publication: <a href="http://citeseerx.ist.psu.edu/viewdoc/download?doi=10.1.1.566.8975&amp;rep=rep1&amp;type=pdf">http://citeseerx.ist.psu.edu/viewdoc/download?doi=10.1.1.566.8975&amp;rep=rep1&amp;type=pdf</a> ]. Furthermore, while this would ease Stoller MS capacity and enrollment issue in the short term, wouldn't these proposals just transfer the same problem to Five Oaks MS as more residential units got built near the Springville K-8 vicinity? Therefore, these 10 out of 15 proposals are not addressing the real long term problem, but definitely are hurting our children. While reviewing all the 15 maps posted online, the map from table 10 does strike the real long term problem of the growing population around Springville K-8 and there is no middle school nearby. I would like to ask you to carefully study this and take action to secure funding to build a new middle school to serve this region of expanding community. To address the short term issue for Stoller MS, maps alone can be misleading. From the Nov 5 meeting recording, I do not see any number presented, or perhaps I missed that. How much over capacity is Stoller MS suffering now? And how about in the future 5 years? And how many ES students are coming out from each feeder ES to Stoller MS? These are critical to decide how many feeder ES Stoller MS needs to share the burden with the new Timberland MS and the neighboring Five Oaks MS. I would like to see these critical numbers to be presented in the upcoming meetings for the participating public to make an educated recommendation. Thank you very much for considering my input. Sincerely, Kinyip

11/08/2019 12:00 AM	Ji Yu	yj_jenny@gmail.com	Springville K-8	Stoller MS	Westview		DISTANCE MATTERS! By distance, Stoller is the closest middle school to Springville. On the other hand, the distance from Springville to Five Oaks is more than double comparing with Springville to Stoller. As a parent, we want our kids attending neighborhood middle school which is Stoller. Having our kids attending neighborhood middle school will make our life much easier! Not to mention as Springville opt out K-8 option, we have less choice choosing neighborhood middle school. Middle school boundary adjustments will impact lots of family. However, a wise adjustment will consider putting LESS students and their family being affected. The number of Springville students is over 1,000, and the number is still growing fast with the new construction of houses and apartments. Please put our thoughts into consideration and help Springville students stay stable with Stoller - their neighborhood middle school! Thank you!
11/08/2019 7:53 AM	Amrita Mathuriya	amrita.mathuria@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Hi. I strongly make case for not changing the middle school assignment for Springville students. We would like to keep Stoller as our middle school than any other one. This affects our kids future, which is highly precious. Otherwise, it will put pressure on the parents to sent their kids to private school, which is not in the reach for us!
11/08/2019 8:51 AM	Kapilan Maheswaran	Kapilan@yahoo.com		Stoller MS	Westview		Dear Sir/Madam, There is a growing concern in our North Bethany neighborhood about the proposal for Springville Elementary students to attend Five Oaks for middle school. Several of us moved into the neighborhood recently and one of the reasons was due to the schools. Five Oaks is currently ranked quite low. What are the steps that can be taken to bring the ranking up if that is the middle school of choice? The other concern is the distance to Five Oaks from our current location. It is quite far especially due to having to cross US-26. Please take these into account when making the decision. One suggestion would be to relocate the Summa program to another location if Stoller is overcrowded. Thank you for all your effort, realize these changes are challenging.
11/08/2019 9:52 AM	Jyothi	Jyothi.telkar@gmail.com	Springville K-8	Stoller MS	Westview		Springville elementary be in Stoller Middle School Boundary.
11/08/2019 11:22 AM	Satya Yarlagadda	satyaprasady@gmail.com	Springville K-8				Hi, At present My kid goes to Springville K-8 school and will be entering into MS soon. From the MS map, I see two nearby MS for kids in my neighborhood. one is stroller and other is Five oaks. and based on the distance and travel time, stroller MS seems right choice for the kids in my neighborhood. Based on google maps and my personal drive, I see Stoller is 1/2 distance and 1/2 travel time compared to other MS. and also kids can even bike/walk to Stoller MS. I really do not want kids to waste their time in travel. Stoller MS - 2.2 Miles and 7 Min travel time Five Oaks MS - 4.5 Miles and 14 min of travel time Appreciate for considering my opinion. I am sure that board will make right choice for kids across the school District. Please let me know if I can be of any help need any further information from my side.
11/08/2019 4:51 PM	Shanthi	Sant3095@gmail.com	Springville K-8	Stoller MS	Westview		Springville K-8 is as closer to stoller as Sato is .It is very unfair that most maps outlined want to kick Springville out. Please be considerate and let Springville students go to Stoller.
11/08/2019 5:01 PM	Rajesh vemuri	Rajeshvemuri@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Hi my kid has been going to springville past 5 years. I heard that you are planning to move Springville kids to Five oaks Middle school instead of Stoller. This makes me panic about my kid safety and education for below reasons. 1. It makes sense to move kids to middle school closer to their home, elementary school with in the neighborhood. If Five oaks, school bus has to cross 26 highway which is a big red flag and risking kids lives in case of natural disasters And other emergency situations. Also Five Oaks school disconnects the Springville kids from their neighborhood and takes away their joy and right to walk or bike to Middle school. 2. You already overcrowded Springville school and my kid/other kids already receiving not better education due to high Student-teacher ratio as well as not enough class rooms. If you move springville kids to Five oaks which has very low equity ratio than Stoller makes my kid fall behind than any other school kids in the Bethany area. I hope you consider these concerns when adjusting middle school boundaries and keep Springville kids middle school at Stoller than to other middle school like Five oaks Thank you, Rajesh Vemuri
11/08/2019 6:25 PM	Sirisha Gandikota	Sirigandik@gmail.com	Springville K-8	Stoller MS			Hello there, the idea of moving Springville kids to Five Oaks instead of Stoller for middle school is totally absurd. We moved to this neighborhood so our kids could go to Stoller. The quality of education and the kids matter to us and we totally oppose moving Springville kids to Five Oaks. Please do not forget that these kids have friends from other schools like Sato and Jacob Wismer who were already separated once during elementary boundary adjustment. They are eagerly waiting to get together with their friends in middle school and you are taking that opportunity away from the kids. You are going to disappoint not only the kids but also parents who seek high quality education. This move will also affect the home prices here in the Springville neighborhood and I'm pretty sure none of our neighbors are willing to sacrifice so much for this boundary adjustment.

11/08/2019 6:51 PM	Nina Kelley	nina@kelleys.me			Westview	<p>SUMMA @ Stoller is an option school that resides within a neighborhood school that is overcrowded and even with the boundaries being shifted will probably still be very full. Please move SUMMA out of Stoller so that students who live in the current attendance area can still remain at Stoller. SUMMA is an OPTION, so if families want to send their students to the SUMMA program then, yes, they might have to carpool or figure out other transportation options, but that's what families of MANY option school students have to do to make it work. (I had a student in SUMMA at Stoller, just to clarify.) Moving SUMMA out of Stoller was an option that had been floated around a few years ago to help alleviate the crowding at Stoller and the SUMMA families came out in full force to put a stop to it. They are a vocal and well-organized group. Please take into consideration all of the neighborhood families who aren't looking for an option school and would like to stay at their current comprehensive neighborhood middle school. As far as moving a school out of Stoller, of the five that currently attend Stoller, Rock Creek makes the most sense to move to Five Oaks as it is closer to Five Oaks than it is to Stoller. If there are still more students that need to be moved out of Stoller I would propose that Findley split. The students who are in the Findley attendance area who walk to Stoller would remain at Stoller and those students in the Findley attendance area who are bussed to Stoller would attend Timberline. Thank you, Nina Kelley</p>
11/09/2019 9:24 AM	Chao	chao.yang.wsu@gmail.com	Springville K-8			<p>School boundary adjustments should consider the facts as school's location, the number of school aged children, and the school's capacity. For Beaverton school district, we have a new Timberland middle school with 1100 capacity just constructed. It's reasonable to let kids live nearby move to the new school follow the close enrollment rule. After the movement, Stroller middle school should have enough space left for new Springville students. Springville is one of the most diversity communities in Beaverton School District. Keep Springville Kids in Stroller also follow the current feeder pattern and give minimal impact to kids school life.</p>
11/10/2019 12:25 AM	Mimi Wu	miciwu@gmail.com	Springville K-8			<p>I am concerned about the proposals which assign Springville to Five Oaks. For me, it's not a logical and reasonable adjustment. Why our kids need to skip a middle school near by to a school that is twice of the distance? Not to mention the commuting time would be more than twice. Also, Springville has just canceled its middle school program. Our kids have already lost one option to study in their neighborhood. Now the new proposal would push them to a far away place where they have few connections. It would be the second harm to the kids and the parents. I couldn't join the workshops because I have a little one to take care. But please take all our Springville parents opinions into account. Thank you.</p>
11/10/2019 12:39 AM	Shannon Cornelius	shannon.cornelius@gmail.com	Springville K-8			<p>As a parent of 3 children in the Beaverton School District, I'm writing to offer my recommendation for Middle School adjustment. My children all attend Springville K-8 School - grades 4, 3, and 1. We bought the home we did because of the middle school options - both with the option to attend Springville in the middle school years and for the option of the exceptional learning at Stoller. Within the past month we have found out that our middle school option at Springville is being eliminated, and now possibly my children will be bused miles away to a school that has historically low ratings and reviews for middle school. My kids are so sad at this thought. I am too. I am saddened by not only the poor planning of the schools in the North Bethany area, but also for the way it is affecting kids and families. We have been hit doubly in the North Bethany area because we just lost the middle school option at Springville and now may lose Stoller as well. Logistically it does not make sense to bus kids from North Bethany down to Five Oaks when Findley and Rock Creek are much closer. I'm hoping the district will consider the option to keep Springville at Stoller, especially given our middle school option close to home was just taken away. Or reinstate the middle school option at Springville. Thank you for considering. Best regards, Shannon Cornelius</p>
11/10/2019 10:52 AM	arun	arun_koroth@yahoo.com	Springville K-8	Stoller MS	Westview	<p>Hi, This is regarding changes being done to Middle school boundaries. My son currently is in Springville elementary school and middle school would be ideally Stoller. However I heard there are plans to change it to Five oaks middle school. First of all most of the families move to Bethany area because of school rankings. They have to spend a lot buying or renting a home near Bethany area. The same case with me. I had to spent almost thrice the amount in buying a home near Bethany area compared to buying a home near five oaks area. We spend additional huge property taxes to live near Bethany area. 1) You know the ratings of Five oaks MS. No family currently living near Bethany area will be interested in moving their child to Five oaks middle school. 2) Also why should the child travel such a long distance, along the other side of highway for a middle school. Currently our home is near the Springville school. Stoller MS is close to us. 3) Such plans disrupt everything. We will be forced to shift again to new home/rent if the middle school changes to Five oaks. At least I am not interested in sending my son to Five oaks MS. 4) Our house price in market will come down drastically. No one will be interested in buying a home spending almost half a million or more in Bethany area and having the middle school as Five oaks. If someone is really interested in five oaks MS, then why should they buy a home near Bethany area? They can get a home below 300k near Five Oaks MS. 5) The education of our child is important to us and that's why we took decisions to move near Bethany area. Please don't make such school boundary changes which will affect all students and their families. I kindly request you to give this matter proper thought and attention. Thanks,</p>

11/10/2019 10:06 PM	Jeff Liu	cornelllake66@gmail.com	Springville K-8	Stoller MS	Westview		I appreciate the committee for the time and effort spent on this boundary adjustment. To save our children's precious time and to alleviate public traffic/cost, students should go to a nearby middle school. Springville is about 2.3miles from Stoller. Springville students should go to Stoller for middle school. It doesn't make sense to send Springville students across HW26 and a long distance to Five Oaks; Findley is about 2.3 miles from Timberland. Findley students should go to Timberland.
11/11/2019 4:30 AM	Rebecca Peil	rwpeil@yahoo.com	Springville K-8			Springville K-8	My children are in 2nd, 4th, 6th grades, all at Springville K-8. We moved here for the great schools and couldn't be happier with their education. My 6th grader has had a seamless transition to middle school, and we adore the life skills and character building emphasized by the Expeditionary Learning model. Needless to say, we were extremely disappointed to find out our other two children won't be able to attend Springville in two years. To find out two weeks later that even our home middle school (Stoller) may be snatched away too leaves me incredulous. Excellent schools are why we moved here.
11/11/2019 8:26 AM	Sean Kelley	sean@kelleys.me			Westview		Ideas for making Stoller less crowded: -move summa out of Stoller-move Rock Creek to Five Oaks since it's closer to Five Oaks-move the Findley kids who are bussed to Stoller to Timberland while keeping the Findley students who walk to Stoller at Stoller. -keep Springville at Stoller because it is the closest school and because that community is also losing the middle school that was at Springville-keep Sato and JW at Stoller Thank you!
11/11/2019 12:57 PM	Wei Wei	Weimei40@hotmail.com	Springville K-8	Stoller MS	Westview		Recently , springville k-8 is made to be a k-5 school. Middle school option is being removed from springville to make rooms for kids with special needs. This already impact the family live in the area. And my kids lost this option. Stoller middle school was another options for kids to attend . Please don't make this option gone also for our kids in springville. Five oak is almost 5 miles away from our house. Extra long commute in heavy traffic when Intel/Nike employee in the morning are driving to work, adds a lot of extra stress to our kids. Please be considerate and make the middle school boundary based on the adjacent neighborhood, criteria, traffic, kids wellbeing. Thank you
11/11/2019 1:18 PM	kishore karanam	kishoredeep@gmail.com	Springville K-8				Hi BSD Committee, I would like to thank you BSD teams for providing a safe and secure schooling environment. My Son studying 2nd Grade in Springville K-8 School. As a parent, I wanted to make an appeal on behalf of our community to please keep us in the Stoller middle school. Any movement to another middle school that's way far will be very disruptive to the kids, to our close-knit community, and ultimately it's put a huge question mark on the kids future. humbly request the committee to re consider this request on behalf of all Springville families to continue to keep into Stoller middle school.
11/11/2019 1:26 PM	Shalini Rudraraju	shalinadimpalli@gmail.com	Springville K-8				The closest middle school for Springville is Stoller and I strongly recommend Springville should feed to Stoller . Five Oaks or Timberland Middle schools are more than twice the distance than stroller for Springville students to commute. Comparatively Findley is closer to Timberland than Springville, so if Findley is feeded to timberland that can reduce the over crowding in stroller. Also for Rock Creek Elementary the closest MS will be Five Oaks, so if they feed to Five Oaks instead of Stoller that will also help in reducing the over crowding of Stoller.
11/11/2019 1:30 PM	Gomathi Parasuram	gomathipir@icloud.com	Springville K-8	Stoller MS	Westview	ISB	We would love to continue our current school boundaries ... ie springville , stoller and west view .
11/11/2019 1:36 PM	Deepa	gd.dharshan@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Springville Elementary is closest to Stoller MS. Kids should continue to go to Stoller , saving the efforts to bus them far and take an effect on kid's travel time.
11/11/2019 2:22 PM	Jian he	hejian0301@yahoo.com	Springville K-8				My son is a 5th grader in Springville Elementary school, the reason we selected this neighborhood is we had such close elementary and middle school, but now Springville became K-5, we don't have this middle school option any more; even more breaking news is my son may not attend Stoller MS due to the boundary adjustment, I don't understand why BSD built the new middle school for? Since the closer elementary school parents don't want to move to the high technology brand new school, then made so many non sense maps try to kick us to 5 miles away middle school, if that happens, the only option for me is moving out Springville neighborhood, I don't want my son travel so far away, I will worry about his safety everyday. And BSD will spend much more on transportation, what's the point?
11/11/2019 8:41 PM	Vijay Kumar	vijay.m@outlook.com	Springville K-8				Hi there, While creating new zones for Middle Schools in BSD please consider the distance the students have to travel to/from the school. Also we need to consider they have some time for the extra curricular. Recently we have been informed by BSD about changing Springville K-8 to K5. This is a major change for the students in the community as they need to commute 2-4 miles to the new school. I'd recommend they assign Stoller MS to Springville school, as the distance is 2.2 miles, and its on same side (North of ) US-26. The students will atleast have some time to attend curricular classes.-Vijay
11/11/2019 9:40 PM	Angie Bond	angieabond@gmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	I would like to keep stoller as Springville's default middle school.
11/11/2019 11:08 PM	Jiani Wang	wangjianiwn@gmail.com	Springville K-8	Stoller MS	Westview		It only makes sense to keep Springville students in Stoller middle school. This is the best solution both geographically and economically.

11/12/2019 7:12 AM	jinyi Voelker	Qijinyi1@gmail.com	Springville K-8	Stoller MS	Westview		Not agree to change MS. We suppose to go to Stoller and we would like to stick with it.
11/12/2019 11:17 AM	Jinyi Voelker	qijinyi1@gmail.com	Springville K-8	Stoller MS	Westview		We strongly disagree Springville's kids go to other Middle school than Stoller!Jinyi
11/12/2019 12:26 PM	Apratim Dhar	apratim.dhar@gmail.com	Rock Creek Elem	Stoller MS	Westview	ISB	Please keep Rockcreek Elementary with Stoller Middle school... otherwise we would suffer a lot because of its distance from other well graded middle school ... we have come to this neighborhood and paid high taxes all these years and owning property because Rockcreek elementary school was linked with Stoller Middle School all these years ... our kids would suffer and we parents do not want to get them enrolled into any other school...
11/12/2019 1:44 PM	Nilesh Pande	nilzpande@gmail.com	Springville K-8	Stoller MS	Sunset	Springville K-8	Changing the Springville ES to feed MS other than Stoller will cause the travel times and distance to increase by more than twofold. Not to mention during emergency situations if parents have to retrieve their kids for ex. during heavy snow or storm situations it will be more than 10 mile walking distance. Accessibility and proximity should be considered as one of the higher priorities when making such decisions. The distance and travel times should be almost equal for everyone. If Springville ES students are fed to any other MS this won't be a very fair decision as this causes the students to travel more than any other.
11/12/2019 3:43 PM	Lu Chen	chenlu7869@gmail.com	Springville K-8	Stoller MS	Westview	ISB	Our Family is part of Arbor Oaks (Springville Elementary school) community, recently we heard, there is possibility we will be assign to Five Oaks middle school (which is 4.1 miles away). Springville elementary is one of the nearest elementary schools to Stoller middle school (2.3 miles). Recently, BSD has just made decision to terminate K6-8 middle school option program in Springville. Springville families already lost our most closest option, we will be further hut if we have to go to the 2nd closest middle school. It will be a logistical nightmare to send our children from Arbor Oaks in North Bethany to a middle school south of US-26. This is unfair to families that have made personal sacrifices to be part of Springville and Stoller Community. Our strong preference is to have our children attend schools closest to where we live.
11/12/2019 3:48 PM	Sharleen Ghauri	Sharleen.ghauri@gmail.com	Springville K-8	Stoller MS	Westview		As a parent of a potential Stoller Middle student I am extremely disappointed to learn that Five Oaks May be where my child has to go. The school is nowhere close to the same ratings as Stoller. It is also much further away in terms of travel time. I moved to this particular part of the BSD for the elementary, middle and high school combination. Springville Elementary kids should be going to Stoller Middle!
11/12/2019 4:32 PM	Leda Mareth	ledamareth@hotmail.com	Rock Creek Elem				Is there one location where we can see enrollment for each middle school and each elementary school? Would it be possible to also look at the number of students each middle school can accommodate? It's very difficult to determine how many students and how many schools can go to each site without that information.
