

Make the most of the summer months at **NMH Summer Session**. For more than 100 years, NMH has offered:

- rigorous academics
- innovative teaching
- individual attention
- a life-changing experience

Our students come from all over the U.S. and the world — and they each have their own goals. For some, it’s a chance to experience a challenging academic environment, possibly for the first time. For others, it’s an opportunity to build on their existing foundation and get a jump on college preparation.

Because we have welcomed students from more than 125 countries and all 50 states, our program offers the chance to make powerful connections and unique, lifelong friends. Some students have such a great experience that it’s hard for them to leave at the end of the summer.

June 27–August 1, 2020

### Tuition and Fees

#### College Prep or Rising Scholars

Boarding: \$8,750      Day: \$3,100

#### English for Speakers of Other Languages

Boarding: \$9,400      Day: \$3,750

These tuition and program fees (U.S. funds) for boarding students cover:

- Tuition for all major and minor courses and sports (except additional fees noted in course descriptions—see website)
- Meals and housing
- Medical services at NMH’s health center
- Bed linens, towels, pillows, and blankets
- Weekly laundry service
- All class-related trips
- For ESOL students, placement testing and special program field trips

### Application and Financial Aid Deadlines

#### Students not applying for financial aid:

There is **no application deadline**. However, students are encouraged to apply early since enrollment in each course is limited. As soon as a student’s file is complete, it is reviewed and the student is notified of the decision.

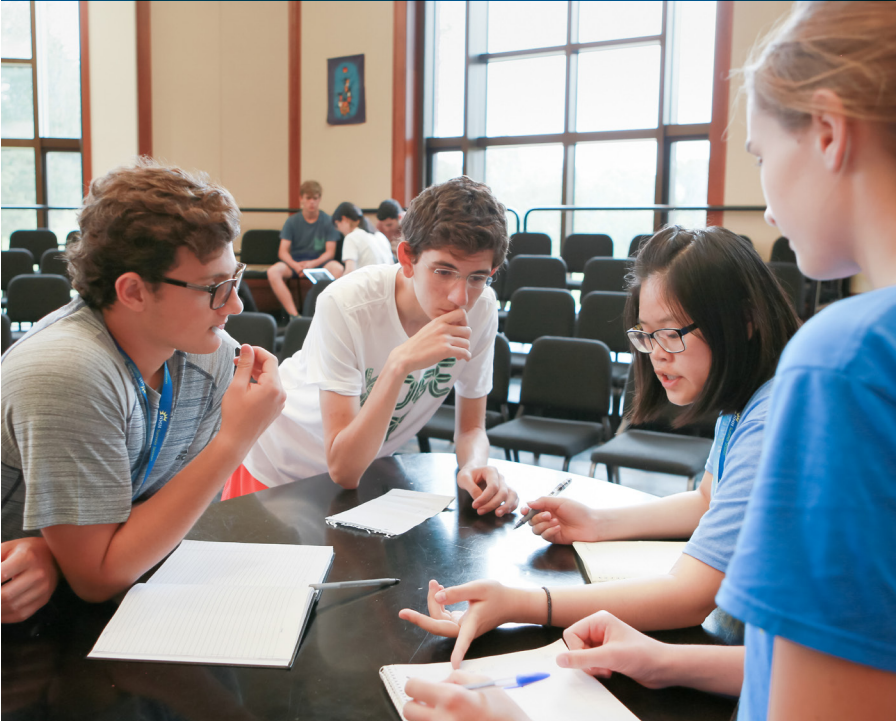

#### Students applying for financial aid:

NMH Summer Session offers need-based financial aid to eligible students. Complete application and financial aid materials must be received by our office **no later than February 15, 2020**. Admission and financial aid decisions are emailed by March 15.

**NMH** Summer Session

Northfield Mount Hermon | Massachusetts

# College Prep

- Chemistry
- Physics

### MINOR COURSES

- Ceramics
- Community Service
- Computer Programming
- Digital Photography
- Drama
- Drawing and Painting
- Public Speaking
- Renewable Energy
- SAT Preparation
- Summer Session Singers

**One subject. Inspiring teachers. Small classes.** It's a learning environment that allows students to really fly. They're given the space to share academic interests, accelerate their progress, and end the summer feeling as if they've accomplished something.

Earn high-school credit — our courses frequently satisfy full-year requirements at other schools — or build a foundation for further study. Seize the opportunity to explore a field that may not be accessible at other high schools.

Students with a record of solid academic performance and good citizenship are encouraged to apply.

# Rising Scholars

For students entering grades 7–9.

**Our teachers understand middle school students.** We give them challenges — and lots of support — inside and outside the classroom, nurturing their intellectual growth in an environment that prepares them for what's ahead.

Each student in this program takes one or two major courses, plus a minor course and a sport. A supervised evening study period helps them develop habits that will serve them well in high school.

### MAJOR COURSES

- Writing
- Skills in Literature
- The World of the Short Story
- Heroes and Villains
- Medieval History
- History in Film and Fiction
- Pre-Algebra
- Algebra I
- Field Biology
- Intro to Scientific Research

### MINOR COURSES

- Astronomy
- Basic Economics
- Ceramics
- Community Service
- Computer Skills
- Digital Photography
- Drama
- Drawing and Painting
- Journalism
- Renewable Energy
- Robotics
- SSAT Preparation

# ESOL

For students entering grades 7–12.

**English for Speakers of Other Languages is for international students who want to improve their English language skills.** A placement test given at the beginning of the session ensures that each student receives instruction at the proper level.

Whether students are beginners or advanced in the study of English, they'll have plenty of opportunities to practice listening, speaking, reading, and writing. Our ESOL teachers are experienced, and their small classes provide the perfect environment for group discussions. Students immerse themselves in the language, both academically and on field trips that offer a taste of U.S. culture.

Whether they are in the Rising Scholars or College Prep section of ESOL, students take one major course, a minor course, and a sport.

### MINOR COURSES

- Ceramics
- Community Service
- Computer Programming
- Digital Photography
- Drama
- Drawing and Painting
- ESOL—American Culture
- Public Speaking
- Renewable Energy
- SAT Preparation
- Summer Session Singers
