

Barbers Hill ISD
Request for Consideration of
New Program Development

Name: _____

Phone: _____

Program: _____

Submission of this completed document will initiate discussion and investigation by district personnel to determine the feasibility of adding a new instructional or extracurricular program. Upon receipt of this request the district will conduct a feasibility study to gather information such as:

- Level of interest by the student body
- Participation numbers required
- Funding and staffing implications
- Potential conflict with other programs
- Availability of practice or performance facilities

You can help us by answering the following questions to the best of your knowledge:

1. Are you aware of any local clubs/leagues participating the requested program? (local is defined as within 30 miles of Mont Belvieu)

2. How many student participants are required to successfully implement the requested program?

3. Do you foresee any potential conflicts or overlapping seasons with other extracurricular programs?

4. Is there any other information you feel is pertinent to this request?

Submit this completed form to the office of Dr. Greg Poole, Superintendent
