

# Minutes from Community Council Meeting

## 11.14.19

**Attending:** Mike Page, Jerilee Jones, Dan Frei, Millie Bahr, Jodi Strong, Terra Lechtenberg, Lindsay Geilman, Lisa Harrison, Michelle Porter, Shelli Arthur, Bekah Johnson

Meeting was held in the conference room at 5:30pm

**Handout:** Davis School District 2019-2020 Safe Technology and Digital Citizenship

Council Member introductions

Elections took place for:

Chair—Terra Lechtenberg

Vice-chair—Michelle Porter

Secretary—Lindsay Geilman

- Council discussed possibly doing a **White Ribbon Week**. Nationally, the date is Nov 25 but it was agreed it would go along nicely with Valentines (focus on kindness, online bullying...) and Safer Internet Day is Feb 5<sup>th</sup>.
  - School assembly: netsafeutah.org did a previous assembly for Oak Hills that was free and professional. Two separate assemblies is best to cater to the different audiences—k-3 and 4-6.
    - \*Terra will reach out to Laura and discuss dates and who did the previous internet safety assembly.
    - \*Members were asked to take a look at these websites and give any input to Terra
- **Trustland Budget**—took a look at where the money is going this year. See chart.
- **SIP Goals**—Start thinking about SIP plans for next year. Analyze goals and see if there needs to be changes to make them more specific.
  - Discussed having the lexile number online so parents can be educated where their child is and how to help them.
  - Possibly remap #2—lots of discussion on how or if we can more accurately test student's progress
  - Balance between testing and ongoing assessments and tracking the students. Challenging to measure growth because it is all encompassing. Easier to do these end of year testing percentages.
  - Are there ways we can focus on building the student's confidence?
  - Council can go onto other elementary websites and see their school goals for possible ideas.
  - It was brought up the importance of including Social Emotional learning and having a goal that had to do with culture/social and teaching kids to branch out. Ideas mentioned—having a kindness club, a goal that each child writes 3 kindness notes during the year, passing out hearts, telephone game—spreading kind words...
- **PTA news:**

- Terra mentioned that the PTA wrote a grant for \$5000 and it was matched so the school now has \$10,000 to go towards technology.
- The PTA will now pay for 2<sup>nd</sup> graders to have a fieldtrip to the aquarium each year.
- Wrote a robotics grant for the school to register their team. Discussion about possibly involving younger kids so they can gain experience in robotics.

The meeting adjourned at 6:30. Next meeting January 9<sup>th</sup> in the library.
