

Identified Problems/Concerns

1. Increased numbers of pupils – increasing pedestrians/bikes/cars.
2. Increased number of parents – increasing pedestrians/bikes/cars.
3. Increased number of staff – further pressure on limited parking.
4. Taxi drop off/collection of SSC pupils.
5. Increasing HGV/goods vehicle traffic:
 - insufficient turning space for larger vehicles;
 - delivery times coinciding with staff arrivals and children coming to/from school;
 - due to hot meal provision this has already increased to 5 days per week.
6. Parking on bend of road.
7. Potholes.

Possible one-way system

Potholes

DAPS Encouraging Sustainable Travel

1. - Talks in assemblies to address safety/healthy living.
 - Information in 'New Starters' pack.
 - Road safety education.
 - Footsteps programme.
 - Bikeability.
 - Junior Citizen.
 - See Road Layout mentioned below.
 - Provision of cycle/scooter parking.
2. - Parent Post reminders re parking, children's safety, speed, bikeability.
 - Banners about zig-zag lines.
 - PCSO presence.
 - Promotion of 'Car Free' day eg WOW! (Walk on Wednesday).

Road Layout

To alleviate the problem with traffic, a one-way system would address the majority of these issues. As a school the safety of our children is paramount, and we believe all efforts should be made to ensure this is addressed.

3. Promote healthy travel.
4. Ensure Taxi forms are aware of designated drop off/pick up point.
5. Ensure drivers are aware of safety of all, and times to avoid congestion. See 'road layout'.
6. Provision of bollard to prevent parking on road bend.
7. Approach roads to school and temporary car park opposite school need attention to ensure safety of pedestrians when cars deviate and safety of traffic. Promote healthy travel.
