We offer warm congratulations to all of our 2019 leavers

'In the last three years the girls have achieved an impressive 33 scholarships'

Congratulations to this year's leavers who all achieved excellent results and won places to many top schools. They have also won an impressive nine scholarships, taking our scholarship tally to 33 scholarships in the last three years. Thanks to the girls, the staff and the parents who all played their part. You might like to know that the school has increased in size by 12% year-on-year, buoyed by our growing academic reputation. This is a tremendous testament to you all.

Our consolidated results also show great consistency as we win more places at the best schools. This is also the first time we have won Academic, Music, Drama, Art and Sports scholarships together.

Great results are a natural part of our learning ethos. We want all the girls to have an

adventure at school and to be intellectually stretched to their maximum potential. This means that every girl is able to find something that she loves and is passionate about, something that she can take to her senior school and even into her life.

We also insist that each girl feels that she is known, nurtured, challenged and has a genuine love of learning and a deep-rooted respect for people and places.

In 2019-20 we shall be strengthening our academic provision by adopting a more analytical, cross-curricular approach to the girls' learning. This will encourage the girls to explore different topics from a multitude of perspectives, using a range of higher-level thinking skills.

Even greater things are expected as a result – watch this space!
