

BERKSHIRE SCHOOL

Founded in 1907, Berkshire School is a co-ed college preparatory boarding and day school for 400 ninth-12th graders and post-graduates, offering a forward-thinking curriculum and state-of-the-art facilities on a 400-acre campus in Sheffield, Massachusetts. Berkshire's signature programs, including Advanced Math/Science Research, Advanced Humanities Research, and the Sabin Entrepreneurial Prize, are offered along with advanced sections and AP offerings in all disciplines. These programs are designed to expand the minds, provide real-world experiences, and help distinguish our students in an increasingly competitive college process. With a range of artistic and athletic offerings and national recognition for our efforts in sustainability, Berkshire provides an extraordinary setting in which students are encouraged to learn in the words of the School motto: *Pro Vita Non Pro Schola Discimus*, "Learning—not just for school but for life."

Berkshire is committed to ensuring that each student has a unique and relevant learning experience. By design, every student makes an impact at Berkshire and no student is anonymous. Our enrollment size allows us to cultivate an exceptionally affirming and close-knit residential community. From the foundation of being known well, our students build confidence, which enables them to reimagine their potential in all areas of their development. Berkshire students genuinely care about each other—having a great sense of pride in seeing others do well—a distinguishing element that creates a healthy culture that balances ambition and humility.

Berkshire's dedication to academic, artistic, and athletic excellence has led to record numbers in admissions, success and achievement in every corner of our campus, and nearly 90% of our graduates earning acceptances to the most selective colleges and universities. The talent and dedication of our students has produced Regeneron Science Talent Search semi-finalists, primary authorships on scholarly publications, Scholastic Art Award national medalists, and New England Championship athletic teams.

Upon leaving Berkshire, our graduates are able to communicate effectively and persuasively, think critically and creatively, collaborate with others, and understand that they are part of something larger than themselves. They are a part of a global network of nearly 6,000 alumni, spanning 55 countries and 50 states.

Berkshire strives to instill core values—curiosity, integrity, perseverance, inclusion, respect, and resilience—along with the critical skills, initiative, and confidence that will ensure our students' success in school and in life.
