

PANGBOURNE

CENTENARY PUPIL EXPECTATIONS

Formulated by Pangbourne Student Council, May 2017

What are *Expectations*?

Expectation; "the feeling of expecting something to happen", a set of goals or standards that can be *expected* of a group or individuals. For example, you could expect a policewoman to be fair, unbiased and responsible, a nurse to be caring and skilful. Each of us can *judge ourselves* or be *judged by others*, against these *expectations*.

Prep and out of class

Work completed outside lesson time helps to either *prepare* for the next lesson or *review* the learning of the previous lesson. To get the most from Prep, we will;

- *meet deadlines*, contacting teachers in advance if we know we may not be able to do so.
- give our *best effort* each time
- read around the subject to add depth to knowledge and understanding
- review work weekly.
- act on *emails daily*

In addition, to help others around us we will;

- *respect* those around us, so that when not focussed ourselves we do not distract others
- use headphones to help with concentration during prep rather than speakers
