FINANCIAL AID

In 2019-20, Chadwick will award \$4.91 million in need-based financial aid to 19% of our students.

In addition to the school's financial aid program, Chadwick offers a select number of need- and merit-based scholarships through generous donations from the MacFarlane Family and Malone Foundation.

Special Programs

OUTDOOR EDUCATION

Chadwick's Outdoor Education program is one of only nine secondary school programs to be certified by the Association of Experiential Education. The focus of the Outdoor Education program is on encouraging personal development of the students by placing them in new and challenging outdoor situations. Chadwick students therefore participate in one wilderness course per year, culminating in a three-week senior year trip, which includes a three-day solo experience.

COMMUNITY SERVICE

Chadwick's community service program is predicated on our commitment to the development of individuals of exemplary character. Recognized as one of the outstanding student community service programs in America by U.S. News and World Report, our program provides students the opportunity to serve at one of thirteen off-campus sites during the school day. Although there are no requirements for service at Chadwick, over 75% of the Upper School chooses to add this weekly commitment as an elective.

ROUND SQUARE PROGRAM

In October 2008, Chadwick School was elected to membership in Round Square, joining more than 200 other schools from 50 countries on five continents. Round Square schools all share a commitment to the "six pillars" of Round Square: Internationalism, Democracy, Environment, Adventure, Leadership and Service, commonly referred to as the IDEALS. Our membership in Round Square is central to our commitment to developing global citizens.

ONE SCHOOL. TWO CAMPUSES. MANY VOICES.

Chadwick International is a Pre-K-12 international school, founded in 2010. Fully equipped with an exceptional 500,000-square-foot state-of-the-art facility, the school is located in the Songdo International Business District in Incheon, South Korea. The curriculum at Chadwick International is designed to meet the educational standards of the International Baccalaureate (IB) as well as the Western Association of Schools and Colleges (WASC).

Curriculum

GRADUATION REQUIREMENTS

Chadwick students are required to complete four years of English, three years of history (including global studies and U.S. history), three years of science (two years of which must be a lab science), through Algebra 2 in math, through level 3 in a global language, and one and a half years of visual and/or performing arts. They must also participate each year in physical education or an athletic team and outdoor education. The program requirements meet or exceed entrance requirements for the University of California system.

HONORS, ADVANCED PLACEMENT AND HIGHEST LEVEL COURSES

Honors Courses

Chadwick School offers honors courses in the following subjects:

Geometry, Algebra II, Pre-Calculus, Spanish, Chinese, French, and Physics/Chemistry/Biology (PCB) at levels 2 and 3.

Advanced Placement and Highest Level Courses

Students must receive departmental approval to take an Advanced or AP course in mathematics and languages. Other AP courses are open to any student wishing to pursue work at that level. Instructors and faculty advisors work carefully with students in balancing their coursework commitments and in providing counsel about constructing programs. Students wishing to pursue more than three AP or equivalent level courses in one year must submit a petition for permission to do so. It will be reviewed by the advisor, dean of students, instructor(s) and college counselors.

While Advanced Placement is the common top level course in many disciplines, we have also identified the highest level courses that are not available through our AP offerings.

These include courses in: Economics, MSON (Malone Schools Online Network) courses and STEM, including Data Structures and Software Engineering.

AP and Post-Advanced Placement courses are offered in the following subjects:

LANGUAGE	HISTORY	MATH	COMPUTER
English	U.S. History	Calculus AB	SCIENCE
Chinese	Art History	Calculus BC	Computer Science
French	Government and	Statistics	Principles
Spanish	Politics	Post-AP Offerings	Computer

GPA DISTRIBUTION CLASS OF 2020

- 100 Students
- Chadwick operates on a semester calendar with an A-F traditional grading system.
- Fall semester ends at the end of December. Spring semester ends in mid-June. Unofficial progress grades may be provided to colleges upon their request.
- Chadwick does not report rank or name a valedictorian.
- GPAs are calculated on a weighted 4-point system, based on all Chadwick courses reported on the transcript.

Reporting Disciplinary Actions

Disciplinary action is defined as probation, suspension or expulsion. If a college or university asks a question regarding disciplinary action, Chadwick is obligated to respond to the question, and we strongly recommend that the student respond as well.

SAT AND ACT RESULTS

Chadwick School students, like many around the country, are increasingly taking both SAT and ACT tests, ultimately choosing to lean in one direction or the other for second round testing. It becomes more difficult to make “apples to apples” comparisons of average SAT or ACT scores from year to year since fewer reflect the multiple testing results that had been seen in earlier years. Also, worth noting is Chadwick’s Class of 2018 was an unusually small class for us, at 63 graduates compared to typical classes of 90+ students.

MALONE SCHOOLS ONLINE NETWORK (MSON)

Of the roughly 2,500 private schools in the United States, Chadwick became one of only 38 independent schools to receive a Malone Family Foundation Grant in 2003. Schools are selected for the grants through a rigorous research process, resulting in the addition of an average of three top-level high schools to the Malone network each spring.

Heads of a number of Malone Foundation Schools, including Chadwick, formed a collaborative network under the guidance of Stanford University Online High School to share small classes for our strongest students via telepresence. Through the Malone Schools Online Network, students at participating schools may take advanced classes at other network schools for credit at their own school. Most of these classes are beyond the AP level. They are designated as MSON on our transcripts.
