

## Enumclaw School District Internet Opt-Out Information

The Enumclaw School District recognizes that an effective public education system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The District also believes that staff and students need to be proficient and safe users of information, media, and technology to succeed in a digital world.

Due to the vast amount of educational information found on the Internet, the Enumclaw School District will be providing your student with the ability to access the district network and Internet. The Internet provides students opportunities to use technology for important purposes in school, just as individuals in workplaces and other real-life settings use these tools. In addition, students are provided access to various third-party websites, applications and other online resources to support student learning.

With this educational opportunity comes responsibility. It is important that both you and your student read the school district procedures and policies related to Internet access and that you discuss them. The rules governing the code of conduct for the use of technology and electronic resources by students are included in the Enumclaw School District Responsible Use Procedure (ESD Board Policy 2022P) which can be found in the Board section of the Enumclaw School District website ([www.enumclaw.wednet.edu](http://www.enumclaw.wednet.edu)).

When your student is given an account and password to use on the network, it is important that the rules are followed. Inappropriate use may result in disciplinary action, including suspension, expulsion from school and suspension or revocation of network and computer access privileges.

Our district currently uses an Internet filtering systems to block or filter access to objectionable material and our teachers monitor student use of the Internet. We also have established procedures and rules regulating the materials that students may search for on the network. Please be aware, however, that there is inappropriate and controversial material on the Internet that your student might still access.

If you **DO NOT** want your student to access the Internet while at school, please complete and sign this form and return it to your student's school main office. If, at any time, you would like to rescind your decision and change your permission, you must let the school know in writing.

### Parent/Guardian Opt-Out:

\_\_\_\_\_ I **DO NOT** give permission for my child to be allowed access to the Internet on their school account. I understand that removing access to the Internet will impact my child's full educational experience. I also understand this means my child may need to complete alternate assignments and may not be able to fully participate in all classroom experiences.
