High School Profile

Community:

Eden Prairie has been named MONEY Magazine's "Best Place to Live" in America. It is a vibrant community of more than 60,000 people located just southwest of Minneapolis. With more than 60 percent of the population under the age of 45, and approximately 57% of residents age 25 and over with at least a bachelor's degree, the community has an optimistic eye on the future.

Our School:

EPHS is a four-year comprehensive high school. Enrollment is approximately 3,000. Over 70% of our staff have a master's degree or higher. We have been named a National School of Excellence and one of the nation's best high schools by *Newsweek*, *The Washington Post* and *US News and World Report*. We have also been named to the College Board's AP Achievement list. The National Student Clearinghouse shows that a larger % of EPHS graduates enroll and persist in college than any other public high school in the southwest suburbs of the Twin Cities.

Our Schedule:

We run a four period block schedule. Each period is 87 minutes long. The year is divided into four nine-week terms, and each course earns one credit per term. As two-term courses are the equivalent of a full year's curriculum in a standard schedule, our students are able to take eight full year courses each year.

Our Curriculum & Requirements:

We have more than 230 courses that include a full range of classes in the core academic departments as well as extensive offerings in wide variety of elective areas. The designation of "advanced" or "honors" indicates offerings which address the core content in a more rigorous fashion. We also offer:
