

Michindoh Times

Fifth Grade of Hamilton Elementary

Wacky Relay Races!

On October 15th, at Camp Michindoh, the 5th grade of Hamilton Elementary participated in an event known as the Pioneer Craft Fair. This event took place near a barn, where kids and counselors explored and discovered how pioneers lived a long time ago. The activity brought everyone together, and helped everyone bond. Everyone acted like they were a team.

5th grade student Anoosha stated, "I enjoyed this because we learned a lot of new things." The crafts at the Pioneer Craft Fair helped us get a sneak peak at how the pioneers created things. 5th grade student Cherin said, "My favorite part was doing the crafts." The activities were fun, even for the teachers and counselors.

Of all the activities in Michindoh, the Pioneer Craft Fair was none like any other! It was unique to do all the crafts, from making a candle, to tomahawk throwing. The event lifted everyone's spirits. 5th grader Sritha said, "It was unique because we got to learn how it was in the olden days." The Pioneer Craft Fair was one of the most enjoyable activities!

Square dancing!

First day!

Pioneer Craft Fair!

On October 15, 7:00 pm all of Hamilton, Wattles and Costello 5th graders went square dancing. They danced in the gymnasium at Camp Michindoh. All of the 5th graders enjoyed this activity because they learned new dance moves and they got to show them off. Also, they got to spend a fun and awesome 2 hours with friends. We learned new dance moves, such as, 1.find partner, 2.high five ,3. right arm swing,4. Left arm swing.

According to Amina, “The dances were fun to learn.” According to Diya, “Square dancing was fun because you got to be with your friends and we got refreshing snacks.” This is how many students, teachers, and counselors viewed square dancing.

Square dancing was not like any other activity. It was unique! Square dancing was very creative and fun for all.
