**Wedding Flower Package**

Floral Evolution is a wedding and event florist based in Catford, producing beautiful designs. I am so excited to be a partner at St Dunstan's Enterprises providing fresh flowers for weddings and events held at the college and Jubilee Ground.

My wedding packages give you beautiful flowers without the project management. If you want bouquets, buttonholes, and table flowers but want to keep it simple just select the items you need from the order form and choose one of the five colour palettes.

The bridal flowers will be ready for collection on the morning of your wedding at the college or Jubilee ground and the venue will be ready to add your finishing touches.

I will choose the best seasonal flowers for your arrangements, all you need to do is choose the colour scheme and I will do the rest.

The minimum spend for my wedding packages is £500.

### Terms and conditions

Flower order form will need to be completed one month before your wedding and full balance will be paid once I have confirmed your order. Please ensure that the items add up to £500 or above for this service.

The flowers will be made in Floral Evolutions style which you can get a full feel for from my website [www.floralevolutionflowers.com](http://www.floralevolutionflowers.com) or from my Instagram account @floralevolution.

The pictures I have used are all examples of my work, the colour schemes are to show the palette, the actual flowers used will be the freshest and most in season of the time of your wedding and will not necessarily match those used in the images.

All table flowers will be delivered in glassware and the table arrangement price includes the urn or bowl.

Please note that the purpose of this service is to keep things as simple as possible. As a result, this package is not customisable. If you feel your wedding requires a more bespoke quote please get in touch by emailing [floralevolutionflowers@gmail.com](mailto:floralevolutionflowers@gmail.com)
