**Board Policy  
Milford Public Schools  
Milford, CT**

Appropriate placement and transfer practices for school administrators should enhance effective utilization of skills and abilities and the professional growth of individuals. These objectives can best be achieved through the provision of some variety of school assignments over a period of years and the best possible matching of known administrator strengths to identified current needs of a particular school.

The Superintendent of Schools will be responsible to the Milford Board of Education (Board) for effective placement and transfer of school administrators, giving priority to the needs of the school and district as perceived by the Board and central administration.
