Accommodating Students with Diabetes

The superintendent of public instruction and the secretary of the department of health shall develop a uniform policy for all school districts providing the in-service training for school staff on symptoms, treatment, and monitoring of students with diabetes, and on the additional observations that may be needed in different situations that may arise during the school day and during school sponsored events. The policy shall include the standards and skills that must be in place for in-service training of school staff.

A. Local School Board Responsibility

All local school boards shall designate a professional person licensed as a R.N., A.R.N.P., M.D., D.O., or a nationally certified diabetes educator to provide in-service training for school staff on symptoms, treatment
