

OAK HALL SCHOOL

SCHOLARSHIP · LEADERSHIP · SERVICE

Dear Prospective Oak Hall Families,

Thank you for taking the time to consider joining our Oak Hall community. Having been a part of the amazing faculty here for more than nineteen years, as well as being a parent of an Oak Hall alum, I can tell you that Oak Hall School is a very special place with no equal in this region of our state.

We pride ourselves on our family-oriented environment that is physically safe, emotionally supportive, and academically rigorous. Our challenging college preparatory program serves students from diverse backgrounds at appropriate levels of achievement. We offer courses at the College Preparatory, Honors, and Advanced Placement levels across seven disciplines. Our outstanding faculty is a dynamic and dedicated group of professional educators, 76% of whom hold advanced degrees in their fields. All Upper School teachers serve as faculty advisors, and many are athletic coaches or sponsors for our wide variety of student clubs and activities.

Because of our small class sizes, it is not uncommon for our students to forge strong, lasting relationships with their teachers. These relationships between students and faculty serve to maximize performance in the classroom, on the stage, and on the athletic fields in a supportive, family-like environment. As a community, we take great pride in knowing each of our students on an individual basis as we help them discover and develop their passions in all areas of student life.

As our students progress through the Upper School, we inspire them to be creative, innovative, and to take appropriate risks in discovering who they are and who they aspire to become. We expect that our alumni are strong critical thinkers who exhibit kindness and compassion and who have developed a keen sense of personal and social responsibility. Given the abundance of leadership opportunities in the Upper School, we hope that our alumni will carry on the tradition of being the leaders of their generation as they continue to pursue their passions in life.

Every day, we strive to live our mission to be *a welcoming, diverse, and supportive learning community empowering students to pursue their academic, artistic, and athletic passions*. I would be delighted to meet with you to explore the possibilities for your family to join our community in support of this ideal for your child at Oak Hall School. Please do not hesitate to reach out to me with any questions, as I look forward to meeting with you soon!

Sincerely,

John Perlette
Upper School Director
