Presenter: *Hywel Roberts, Teacher – Writer – Speaker*

Hywel has been a teacher for over twenty-five years. His reputation has grown hugely since he stepped out of the full-time classroom. He has found an incredible and innovative niche in the world of model teaching contributing to and advising curriculum designers and innovators from Barnsley to Brussels, from Cairo to Cleethorpes. Hywel is as at home in front of hundreds of Headteachers on the conference circuit as he is when working with EAL children on the carpets of their classrooms. Hywel contributes to the national conversation around education at school and university level. He is an experienced teacher in Special, Primary and Secondary settings, nationally and internationally. His award-winning book 'Oops! Getting Children to Learn Accidentally' is published by Crown House Publishing and has proved very popular with educators around the world and now is a feature on the reading list of many university teacher training courses. His book 'Uncharted Territories' is written with Dr Debra Kidd and was published in 2018.
