SAT - PSAT WINTER PREPARATION COURSE

TIME and LOCATION: 7:00 AM - 7:50 AM -- Room 3167

Scott Martin will offer the Math prep class and **Henry Ahrens** will team up with **Jim Telles** to offer the Verbal prep section on alternating class dates listed above. As a result, each student will receive 9 classes of instruction in Math strategies and 9 classes of instruction in strategies for the Verbal components. We have found that the *SAT/PSAT Prep Course* is a great prep for the upcoming SAT offerings, beginning this Winter and Spring, as well as for the PSAT taken in October.

This class is an ideal opportunity for students to become familiar with the **thinking patterns** necessary to choose a greater number of correct responses. Additionally, students will benefit from learning to analyze the wording of a question in order to choose the best response. We know that **practice** in these test taking strategies yields better results for most students. This offering has a strong track record of enhancing their standardized test scores.
