

Chess Odyssey - Jacob Wismer

It's all about the kids...

Our Experience

More than two decades of experience teaches us there are *four elements of a great chess club*:

- ◆ Recreational play with friends
- ◆ Formal competition
- ◆ Appropriate instruction
- ◆ Skill-building exercises of various kinds

Our Program

Chess Odyssey clubs are designed to effectively incorporate all these elements. For practical reasons, most instruction is done in a group setting. Additionally, our coaches constantly watch for "teachable moments" with individual students (or small groups of them). Our skill-building exercises include paper-based puzzles, positions to play out, online exercises review and visualization exercises. Chess Odyssey clubs are run by trained, professional chess coaches. Students will, as much as possible, be divided into appropriate groups depending on their age, experience and playing strength.
